WALTER HARLAND SMITH, Toronto Agent.

Is just the pure juice of the Grape—Concord Grapes in liquid form, not a medicine, not a stimulant, but a tonic food. It contains Albuminoids, Grape Sugar, and mineral substances in solution, rendering them easily digestible. It may be given as sole diet when other foods will not be retained by the stomach. To the overworked mothers and sickly children it gives new strength.

Specify "WELCH'S." A 3-oz. bottle by mail, 10c. Rooklet Free.
