

## TENDERS WANTED

The Corporation of the City of Nanaimo, B.C., invite tenders until the 15TH OF MAY, 1899, for

### A STEAM ROAD ROLLER,

twelve or fifteen tons. Full specifications must be sent in with the tender of each machine. Tenders must be addressed to the City Clerk. The lowest or any tender not necessarily accepted.

S. GOUGH,  
City Clerk.

## Notice to Contractors Steel Highway Bridges

Tenders will be received, by registered post only, addressed to the Chairman of the Board of Control, City Hall, Toronto, Ont., up to noon on MONDAY, MAY 22ND, 1899, for the following works:—

- (1) For the furnishing and erecting of a Steel Highway Bridge over the River Humber, on the Lake Shore Road
- (2) For the furnishing and erecting of a Steel Highway Bridge over the River Don at Queen Street.
- (3) Taking down and erecting at the Eastern Avenue crossing of the Don River the present Queen Street Bridge.

Plans and specifications may be seen, and forms of tender obtained, at the office of the City Engineer, City Hall.

A deposit, in the form of a marked cheque, payable to the order of the City Treasurer, for the sum of 2½ per cent. of the value of the works tendered for, must accompany each and every tender, otherwise they will not be entertained.

Tenders must bear the bona fide signatures of the contractor and his sureties, or they will be ruled out as informal.

The lowest or any tender not necessarily accepted.

JOHN SHAW (Mayor),  
Chairman Board of Control.

City Hall, Toronto, April 18th, 1899.

## NOTICE TO CONTRACTORS

### Tenders Wanted for the Construction of Sewerage and Waterworks Systems for the Town of Oshawa, Ont.

Tenders will be received by registered mail by the undersigned, Chairman of the Fire and Waterworks Committee, up to the hour of 8 o'clock p.m. on FRIDAY, THE 31ST DAY OF MAY NEXT, for the complete construction of the entire system of SEWERAGE and WATERWORKS, comprising the following works, viz:—

Section 1.—Sewerage System, including Mains, Sub-Mains and Lateral Sewers, Outfalls, Manholes, Lamp Holes, etc., and all appurtenances

Section 2.—Drainage of Springs near Raglan Village, with Brick Intake Chamber, etc.

Water Main from said brick intake chamber to elevated storage tank on Tenant's Hill.

Ground Reservoir on Tenant's Hill; capacity 600,000 imperial gallons.

Distribution Mains in T. W. of Oshawa, together with all Hydrants, Valves, and all specials connected with the same.

Section 3.—Pump and Boiler House on Tenant's Hill, with brick chimney 25 feet high.

Section 4.—Elevated Steel Storage Tank (capacity 60,000 imperial gallons), on Steel Trestle or Masonry Tower.

Section 5.—Duplex Pumping Machinery, with all connections.

Section 6.—Steam Boiler, with all connections.

Contractors may tender upon any individual section, or upon all sections, giving separate price for each section.

Special designs are invited for sections 4, 5 and 6, with full specifications and tenders for the same.

Specifications and plans may be seen at the Town Hall, Oshawa, and at the office of Galt & Speakman, Civil Engineers, Canada Life Building, Toronto, from whom forms of tender and full particulars may be obtained on and after Friday, the 26th inst.

A marked cheque on a bank doing business in the Province of Ontario for 5 per cent. of the amount tendered must accompany each tender, otherwise it will be ruled out as informal.

The Corporation do not bind themselves to accept the lowest or any tender.

C FRENCH,  
Chairman of Fire and Waterworks Committee

Oshawa, April 24, 1899.
