FLOUR, GRAIN, &c.

FLOUR.—Receipts during the past week were 8,815 bbls against 21,000 bbls for the week previous. The recent advance in the price of wheat in the West has helped the flour market for Ontario gradere, a few sales of which have taken place at 50 per bri better figures than the taken place at 5c per bribetter figures than the lowest forced prices referred to last week. Straight rollers have been placed all the way from \$4.60 to \$4.80, the latter figure for 90 per cent, and the formers for ordinary brands. Winter patents are quiet at about last week's quotations, namely \$5.10 to \$5.25, and apring patents tell a little better at \$5.35 to \$7.60 as they are not plantiful. Regarding strong bakers, however, the market has had a weak tendency, city strong bakers having being offered at \$5.40, while certain Manistoba brands have been offered by millers at \$5.25. Still it is been offered by millers at \$5.25. Still it is claimed by some that certain holders are still getting \$5.50 for choice bakers delivered. There has been some enquiry from the Maritime Provinces, but dealers here say the bulk of the business transpires direct from the mills in the west. Enquiries have all a been received the west. Enquiries have all deen received from England for spring patents, but we did not learn of any fresh transactions. It is stated that the sales of straight rollers quoted by us last week at \$4.55 for ordinary, were owing to holders wishing to close out before the last boats left, and that the sales were not a tair criterion of the market. It is stated that sales to the sales were not a tair criterion of the market.

OATMEAL.—Receipts during the past week were 313 bbls against 126 for the week previous.

The market has remained quiet but steady, and some dealers do not anticipate lower prices, owing to the firmness in case and their scarcity in the west. We quote ordinary standard in bris at \$4 60 to \$4.70, and in bags \$2.30 to \$2.40. Granulated in bags \$2 40 to \$2 50.

Bran, &c — Bran continues in small compass

with sples of broken loss delivered ar \$18 per ton. In car loss \$17 on track would be paid. Millers in the West are now obliged to supply farmers with bran for their cows, and consequently they have very little surplus for this market. Shorts are also scarce at \$20 to \$21, and moultie steady at \$27 to \$28 for best qualities, and \$20 to \$25 for less desirable qualities.

WHEAT.—Receipts during the past week were 55,785 bushels, against 42,445 bushels for the week previous. Manitoba wheat is now quoted at \$1.03 to \$1.05 for No. 2 bard on spot, and the lot referred to by us last week as being placed at \$1.00 for December delivery is con-sidered a good purchase by some. Since buyers in Manisoba dropped their prices from 70c to 60c per bushel farmers' deliveries have almost completely ceased, and one miller had an advance his price 32 per bushel in order to supply his wants. Canada red and white winter wheat is quoted at \$1.03 to \$1.04 here. A lot of No 3 Manitoba hard was effered at 90c delivered here but the best bid was 85c. The Chicago market has gone up 5c to 6c per bushel since our last issue although yesterday it had fallen back about 22 or Sc.

PROVISIONS.

POBE, LARD, &c.—Receipts of pork during the past week were 80 bbls, against 600 bbls for the week previous. Business in pork during the week has been limited, and sales have transpired on a lower hasis, Western short cut clear being quoted at \$15 to \$16, according to quantity. Old Western mees has been offered as low as \$13. Canada short cut is still scarce and quoted at \$17. In lard there has been little or no change, Fairbank's selling at \$1.65 per pail of 20 lbs, and cuty brands at \$1.60 to 1.65 per pail, or 80 tendency of partake more or less of a normal

Since then a car was sold at \$5.75 and two cars are offered at \$5.65 with no takers. Small lots of choice butchers' hogs under 160 lbs are quoted at \$5.85 to \$6 per 100 lbs. Hogs are beginning to be offered more freely in the West, and lower prices are antici-cipated by bayers here.

DAIRY PRODUCK

BUTTER.—Receipts during the past week were 1,725 packages, against 5,454 packages for the week previous. There is a steady feeling on all choice grades of both creamery and dairy with a fatr local business at 220 to 230 for choice selections of creamery to the fancy grocery trate, less desirable parcels of creamery to the face of creamery to the face of creamery to the face of creamery the confered in loss at 19c to 20c. It appears that present prices for

COUNTRY PRODUCE.

Eggs.-Receipts during the past week were 33 packages against 126 packages for the week previous. The firmness noted last week continues to form the leading characteristic of the market, sales having been made of held fresh at 20c to 22c, and new laid from near by points 230 to 25c. Montreal limed have been placed at 18c to 19c, a few single cases of choice bringing 20c. A lot of Western limed was received. yesterday and offered at 18c. Further returns of coneignments have been received from London netting shippers here 20% to 20c per doz:n. By the last s:eamer to London there were shipped 232 cases, and by the Liverpool steamer 100 cases, so that it appears shippers are doing well on their trial shipments, notwithstanding the statements made by some dealers to the effect that prices here are above an export

DRESSED POULTRY-There is a good demand for turkeys which sell well at from 8c to 92, the latter being an outside figure for choice birds, sales of ordinary stock being reported at 7c to 7½ by the case. Brans—The market keeps quiet with a few sales of Eastern reported at \$1.50 per bushel, Chatham being quoted at \$1.70 to \$1.85 as to quality. There are still a few lots of inferior offering at from \$1 to \$1.25 per bushel. Honey—Business is very slow, a few time selling at prices rauging from 8c to 10c per lb as to quality. Comb honey has been dealt in but in limited quantities at 185 to 15c per section for white clover and at 12c to 125c for buckwheat

Hors—A few osles of choice Canadian hops have been sold at 37½c per lb, and it would be difficult to get over that figure for the very choicest. There is a lot of about 100 bales held in this city for 50c per lb, but of course the time has not come for realizing that figure yet. In New York prices are 2: to 35 per lb down from the highest points, and cable advices report the foreign markets dull with an easier tendency and unsettled prices. Old hops are quoted at 15c in this market, and last year's hops 6c to 15c in this market, and last year's hops
