Mercantile Summary.

A CORRESPONDENT calls the attention of the
Halifax Express, to the filling up of that harbor
by the deposit of dock dredgings and ballast
from ships. The effect is to destroy the "hold-
ing" ground, and must alternately lessen the
depth of water. Should the harbor master not
take the necessary steps to check these prac-
tices, it would seem to be clearly the duty of
the chamber of commerce to take action in the
matter.

We have received a communication from
Messrs. S. H. & J. Moss, of Montreal, denying
that they had advanced money to Austin & Co.,
on warehouse receipts, as stated by a cor-
respondent. On enquiry we find that our corres-
pondent was not quite correct in his state-
ments; advances were, we believe, made, but
not in the shape stated. We are convinced
that our correspondent had no intention of
saying anything to the prejudice of the Messrs.
Moss; but was under a somewhat mistaken
impression as to the facts.
