

I trust that all goes well with you and that
you find your appointment congenial in every way.

With kindest regards,

I am,

Sir,

Yours sincerely,

A. C. Macdonell

I am most anxious to get the Canadian
Clubs interested in the college, our one
Federal Institution. I don't quite know
how to go about it, but I am anxious
they should visit us, see what we
are doing & what we stand for,

If they are willing to assist us
in becoming in fact, as we are in
theory, the actual custodians of the
military traditions of Canada so
much the better. Help us to have on
our walls the makers of Canada
& those who have fought to gain or
to hold it for the crown.

I had in mind that Cdn Clubs
by Provinces might establish a few
Scholarships with us for the sons
of fallen soldiers. There is much
to be done. A.C.M.
