Billy Hay says:

"There was a time when clothes were made by guess - some of them are still made that way. The SEATS NOW ON SALE result, at best, is a crude product. "In Semi-ready clothes, how-ever, you find only modern clothes

science, correct style and dependable fabrics always. "And—this is very important—

Semi-ready clothes are sold for less than charged by those who

"I can prove that any time you are ready. Why not today?"

It has the motor installed and therefore an ideal family launch. It has the motor installed well forward, with a steering seat back of the motor, and another cross seat at the stern, the rest of the cockpit being left open for chairs. The hull is built of cypress planking, the transom, deadwood, decks, coamings, floor timbers, etc., being of oak. The hull is finished in white lead above waterline, green copper paint below; the decks, coamings, etc., in spar varnish. There is a 12-inch brass steering wheel, with wire centre tiller rope, two wicker chairs and cushions for the cross seats, bumpers and a complete set of lights with each launch. We fit this launch with a six horse-power Foreman twin cylinder gasoline engine, which is one of the best and most reliable motors to be had. This ensures a speed of over nine miles per hour. It's a very complete family launch at a most reasonable price.
