

CHURCHES PROMISE SUPPORT TO PATRIOTIC FUND CAMPAIGN

Preachers Will Urge Congregations to Support Toronto and York County Campaign—Organization Nearly Completed.

In two huge rooms at the corner of Victoria and King streets, amid a profusion of bunting and ensigns, the organizers of the Toronto and York County Patriotic Fund are putting the finishing touches to a machinery that will sweep the city far and wide through next week, and gather in a fund representative of the loyal spirit of the populace.

It was stated last evening at the headquarters of the campaign that this will be the first time in a century when the churches and religious establishments of Toronto have agreed as a whole to support their people to the support of such a movement. The effect of the Sunday services is expected to provide a momentum which will not be lost in the whole of the campaign. Preachers of every creed and sect have united in spirit on this proposal.

On Monday evening the grand concert in Massey Hall will follow up, and the appeal of leaders in governmental, civic, religious and social circles will fairly launch the enterprise. The speakers and the singers have been carefully chosen, and already arrangements for the under way to provide for an overflow meeting.

In the handling of the campaign the city has been divided into districts, and the management of captains. The energy of the collectors will be centred in the downtown district for the first two days and then the program will widen to include all parts. On the fourth day a "free-for-all" policy will be adopted and the headquarters will be turned into a counting house, where subscriptions will be received from everybody.

The weekly procedure will include a rally of the captains at lunch each day. A huge clock will register the amount raised. The organizers are expecting to break all records for raising money in Toronto.

DOMINION'S TRADE OUTLOOK BETTER

War Excitement Calms Down and Business Becomes Normal.

CONFIDENCE IN FUTURE

Active Autumn and Winter Trade Expected With Sale of Crops.

Special to The Toronto World.
NEW YORK, Aug. 21.—Despatches to Dun's Review from branch offices of R. G. Dun and Co. in leading trade centres of the Dominion indicate that the excitement caused by the outbreak of war has greatly subsided and that general conditions are now close to normal. Montreal reports business to be in fair volume for the season, and that horse-power give her a speed of 26.25 knots and permit an armament of two six-inch guns, ten four-inch, and a number of quick-firers, and she is also equipped with two torpedo tubes. She was completed at Ellerslie in 1910 at a cost of \$279,013, and carries 376 officers and men.

Considerably more powerful, the slower in speed, is the French armored cruiser Montcalm, attached to the French China station. She was completed in 1902, has a displacement of 3867 tons, cost nearly a million sterling, and is armed with 10.5 in. 7.5 in. guns, eight 4.1 in. four 3.9 in. and a number of lighter guns. Her speed is 21 knots, and she carried 612 officers and men.

Business at Hamilton has been interfered with by the war excitement, and while it is difficult to prophesy as to the future the outlook is regarded with much confidence.

Conditions in the far west and northwest seem to be generally favorable, and the returns from the crops will be unusually profitable, a brisk movement of fall and winter merchandise is anticipated. Winnipeg reports that many commodities have advanced in price owing to the war, and that while there is considerable conservatism and some cancellation of orders current, business is in fair volume. Wholesalers at Regina note a steady demand for all kinds of staple merchandise, but owing to the unsettled conditions there is a strong tendency to curtail the use of order as much as possible. Calgary reports that the uncertain feeling created by the war is gradually passing, and a speedy return to normal conditions in manufacturing and distribution is generally looked for.

Gross earnings of all Canadian railroads reporting to date for the first six weeks of August show a falling off of 12.5 per cent, as compared with the earnings of the same roads for the corresponding period a year ago. Commercial failures in the Dominion this week numbered 59, as against 46 last week and 38 the same week last year.

HORTICULTURE HAS MADE GREAT HEAD

Numbers of Men and Women Visited Display of Toronto Society.

Flowers are common ground for the admiration of both men and women. At the exhibit last night in Foresters' Hall of the Toronto Horticultural Society, it would have been difficult to say which were more in evidence, the ladies or the sterner portion of humanity. One thing quite certain as a result of the work of the Horticultural Association is the growing spread of botanical knowledge, and the increase in practical horticulture among people generally, and that many have taken to heart the motto of the society, "Beautifully Toronto."

The August showing did not, perhaps, include as many exhibits as that of the previous month, the wealth of color that pervaded the entire display amply made up for any lack otherwise. The gladioli were simply glorious in flaming scarlet, purple, gold, pinks and other shades. Hollyhocks, dahlias, asters, phlox, sweet peas, in a variety of rich coloring and beautiful symmetry of form, together with hydrangeas and lilies, tended to make a fine collection.

A magnificent exhibit of the bloom of the season was arranged most artistically by J. A. Stumpers, and a beautiful collection of roses in all shades of pink.

WHOLE FAMILY USES THEM

"Fruit-a-tives" Keeps Young and Old in Splendid Health.

J. W. HAMMOND, ESQ.

Scotland, Ont. Aug. 25th, 1913. "Fruit-a-tives" are the only pills manufactured, to my way of thinking. They work completely, no griping whatever, and one is plenty for any ordinary person at a dose. My wife was a martyr to Constipation. We tried everything on the calendar without satisfaction, and spent large sums of money until we happened on "Fruit-a-tives." I cannot say too much in their favor. We have used them in the family for about two years and we would not use anything else as long as we can get "Fruit-a-tives."

Their action is mild, and no distress at all. I have recommended them to many other people, and our whole family uses them.

J. W. HAMMOND. Those who have been cured by "Fruit-a-tives" are proud and happy to tell a sick or ailing friend about these wonderful tablets made from fruit juices. 50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

BRITISH AND FRENCH CRUISERS ARE PATROLLING PACIFIC COAST

Newcastle and Montcalm Hop ed to Capture German Cruisers Leipzig and Nurnberg and Movements Were Closely Veiled—Newcastle More Than Match for Either of Rivals.

Canadian Press Despatch.

VANCOUVER, B.C., Aug. 21.—Seattle papers today publish the story of the arrival on the Pacific coast of the British cruiser Newcastle and the French cruiser Montcalm, which they say the being coaled from Esquimalt station and are cruising up and down the coast. There is, therefore, no longer need to keep from the Canadian public the news that their Pacific littoral and harbors are well protected from any encroachment on the part of the two German cruisers, Leipzig and Nurnberg, which were operating in these waters at the opening of the war, but which are now supposed to have fled to Samoa to take refuge in the German fortified naval station of Apia.

H.M.S. Newcastle (Captain Frederick A. Powell, Commander Neptune W. Diggle, and Lieut. Commander Arthur G. Sparrow) steamed into Esquimalt harbor on the morning of Monday last, having been detached from the China station of the British Pacific fleet for the purpose of protecting the British merchant shipping on the Pacific coast of North America. She was spoken on the previous night off Cape Flattery, and was steaming at top speed to intercept the German cruisers Leipzig and Nurnberg, then reported to be on the way to Victoria, B.C.

After coaling at Esquimalt, she continued south, and will join the Montcalm.

Hoped For Coup.

This information was in every Canadian newspaper office on Monday last, but on the request of the Pacific coast censorship it was withheld, as no doubt the British naval authorities hoped to surprise the two German cruisers. The arrival of the two allied cruisers is now common news on the coast.

H.M.S. Newcastle is a second-class protected cruiser, faster and more heavily armed than either of the Germans. Her displacement of 4800 tons and her 24,569 horse-power give her a speed of 26.25 knots and permit an armament of two six-inch guns, ten four-inch, and a number of quick-firers, and she is also equipped with two torpedo tubes. She was completed at Ellerslie in 1910 at a cost of \$279,013, and carries 376 officers and men.

SISTER OF POPE IS STILL ALIVE

Report of Her Death Now Stated to Have Been Erroneous.

Canadian Press Despatch.

LONDON, Aug. 21.—An erroneous statement was made public in London late last night and telegraphed to New York that Anna Sarto, sister of the late Pope Pius X., had died in Rome shortly after the passing away of her brother. Shock caused by the pontiff's end was given as the cause.

It appears today that this mistaken report was the result of a telegraphic error which occurred in the transmission of a despatch from here. The Pope's sister is alive and suffering from shock. She was already indisposed when the pontiff was taken ill and yesterday she was obliged to take to her bed. She is under the care of Dr. Amici.

NO SHOT FIRED.

LONDON, Aug. 21, 2.50 a.m.—The Ghent correspondent of The Chronicle telegraphs: "Brussels is now occupied by the enemy, having been surrendered to the Germans without the firing of a single shot."

Magical Effect of New Face Peeler

GERMANS HID IN RED CROSS HOUSES

French Took Revenge at Muhlhausen for Violation of War Rules.

Canadian Press Despatch.

LONDON, August 21, 5.15 a.m.—A despatch to the Havas Agency from Belfort by way of Paris says: The battles around Muhlhausen have been particularly bloody for the Germans who, knowing the French would spare as much as possible the Alsations and their property, hid themselves in houses protected by the Red Cross, whence they fired on the French.

"The French directed a violent rifle and artillery fire on their assailants, causing veritable carnage. Every German leaving these houses was shot down."

"A battery of six guns with their caissons filled with ammunition was captured from the Germans. They were taken to Belfort today where crowds of curious townspeople gathered to see them. Eighteen other guns captured today are expected to reach Belfort tomorrow, together with 600 prisoners."

GERMAN REPULSE TOWARD DINANT

Offensive in This Region Resumed and General Engagement Imminent.

Special to The Toronto World.

NEW YORK, Aug. 21.—Upon the receipt of several official communications from Europe today, Michael M. Outinoff, the Russian consul-general at New York, gave out the following statement and vouched for its authenticity:

"On the western front of the German forces their reconnaissance toward Dinant was unsuccessful and they were driven back to the right bank of the Meuse, one German regiment suffering very severely. The German offensive in this region, however, has been resumed, and a general engagement is imminent. In the Vosges Mountains on Aug. 18 the French army gained considerable success in a series of engagements, taking many German prisoners."

"On the eastern front the attempts of the Germans at offensive operations have been checked. On the Galician border no serious encounters are reported. On the Serbian front the Austrians have suffered crushing defeats at Schaez and at other points."

"Fourteen guns have been captured by the Serbians. The pursuit of this defeated Austrian column is being continued."

"In the Adriatic the French squadron has sunk one Austrian battleship."
