HAMILTON NEWS

AFTER SPAIN FOR DAMAGES

Because His Son Was Thrown Into Cuban Dungeon

NO CHARGE AGAINST HIM

Yet He Was Bereft of His Liberty and His Job on the Railroad.

Mr. David Gowrie Tells a Story Full of Interest—British Consul Rescued His Son From the Prison — Orangemen Celebrated Guy Fawkes Day — Rally of Junior Endeavorers—Mr. A. T. Wood's Distinguished Visitor—Notes of Interest Generally.

Hamilton, Nov. 5.—(From The World's Staff Correspondent.)—David Gowrie, the Hamilton man who is after the Spanish Government for $25,000 damages for the false imprisonment of his son, was found at his home by The World this evening. Mr. Gowrie has lived in Cuba himself, and speaks with the musical tongue of the southerners. His son was master mechanic on the railway running from Guantanamo to Port Camenera, when arrested on the declaration of someone unknown that he was in sympathy with the Cuban army. He was cast into a cell in the Morro fortress for six weeks, until rescued by the British Consul, there being no charge against him. On his release he was sent out of the country by the first steamer, and is in San Domingo. His wife and two children, one of whom was in a burning fever, accompanied him. As the result of this imprisonment he is a victim to rheumatism and lost a job worth $200 a month. Besides free house, servant and fuel, etc. He will shortly leave for Canada.

Orangemen Celebrated Guy Fawkes' Day.

The Loyal Orange Association of Hamilton celebrated the Guy Fawkes plot with an elaborate banquet at Davenport's to-night. District Master R. Graham presided, and covers were laid for 300. Among prominent Orangemen present were: County Master, R. Alles, District Master R. Graham, Masters J. Pearl, J. Phillips, Revell, W. Janes, J. F. Harper, W. Hoey, C. Elliott, J. Hewitt, J. T. Middleton, M.L.A., and several city aldermen spoke.

Junior Endeavorers' Rally.

The Hamilton Junior Christian Endeavor Union held a big rally to-night in the Central Presbyterian Church, President C. McLeod presided. Addresses were made by the chairman and Rev. W. P. Wilson. Secretary J. Harris read an interesting report. It showed that the union is 1200 strong; $173 was given to missions during the year. The Gore-street Methodist Church Orchestra rendered some excellent music.

Distinguished Visitors.

Sir Henri and Lady Joly arrive here tomorrow at 8.10, and will be the guests of A. T. Wood, M.P. Mr. Wood said tonight that there was no politics in it, as far as Hamilton is concerned. A trip to Niagara Falls will be made in the afternoon.

Florists for Toronto

A large number of the city florists leave here on Thursday for Toronto to throw in their lot with the Canadian Florists' Association, which is to be formed there on American lines.

Conservative Meeting.

The Conservatives of Ward 1 held an enthusiastic meeting to-night and elected as officers: Chairman, F Kelland; vice-chairman, W Bell; secretary, A Leith; Executive Committee, F C Fearman, W Burrow, S G Moore. The next meeting will be held Nov. 19.

Married Men's Entertainment.

The married men of the First Methodist Church gave a very successful literary and musical entertainment this evening. Principal McLelland of the Normal College gave a very interesting paper on "The Characteristics of Poetry," and Mr. Logan read a humorous piece on "The Tramp." Major Stoneman did some clever reading from Mark Twain. Mr. Hugh Murray presided.

Fearful State of Destitution.

The police were called to-night to Rosie Richardson's retreat, Mary-street, to arrest John Doherty of Vine-street, who brutally assaulted his wife there. The police found the Richardson children in a state of starvation and the house was destitute of furniture, the bailiffs having taken everything this morning.

Minor News Notes.

Lovers of music will be glad to hear that the Women's Morning Musical Club gives its first concert in Centenary Church next Wednesday, at 11 a.m.

L. Bessey, nephew of the hustling manager of the Star Theatre, wheeled into a wagon this afternoon and had his nose badly cut.

Much interest is being evinced at the Normal College over its Association match with Waterdown to-morrow. Mr. Tanner will referee.

Mr. F. W. Gates, vice-president of the Canada Life, who has been seriously ill, is very much better to-day.

The Court of Revision last evening reduced the assessed value of W. J. Copp's real estate by $6050 on an assessment of $55,960.

T. Hays and P. Marshall arrived in the city last night after a walk from Thorold, where they were unable to get work.

At the Trades and Labor Council meeting to-night it was decided to send two speakers to the Canadian Club's discussion on the alien labor law.

This evening Major Cartwright and Capt. McDougal of C. School, Toronto, inspected companies A, B, C and H of the 13th Infantry. The four companies, the bands and staff paraded 249 strong.

SPAIN WANTS OUR LUMBER

Forests of That Country Have Been Denuded.

PAYING PRICES OBTAINED

For a Shipment From This Country to Barcelona and Valencia.

Russia and Norway and Sweden Have Been Supplying the Spaniards Lately—Agent Tripp Wants Canadians to Send Goods to the Show at Trinidad—Ottawa Wants More School Accommodation—Prof. Prince Returns From the West—General News From the Capital.

Ottawa, Nov. 5.—Mr. G. Rathbun of Deseronto is here on buiness with Sir Henri Joly, Minister of Inland Revenue, concerning the supply of wood alcohol to the Government.

The Department of Trade and Commerce have received from the Imperial Secretary of State a report of William Wyndham, consul at Barcelona, drawing special attention to Spain as a market for Canadian lumber. The Spanish forests have been depleted, and now Spain draws her lumber supply from Russia, from the Baltic and from Norway and Sweden. This year the first cargo of Canadian lumber was imported, 680 standards for Barcelona and 175 for Valencia, all of which sold at good remunerative prices. The cargo was shipped from Quebec.

Mr. Tripp, Canadian commercial agent at Trinidad, draws attention to the great agricultural show to be held in the port of Spain from Feb. 8 to 12 next, as a good opportunity for showing Canadian products.

Mr. Rothwell's Investigations.

Mr. T. G. Rothwell of the Interior Department returned from the Pacific coast yesterday. Mr. Rothwell was commissioned by the Government some weeks ago to proceed to British Columbia to investigate certain claims preferred by settlers along the line of the Esquimault & Nanaimo Railway. These settlers were originally accorded the surface rights, but their contention is that they should also have the underground rights. Mr. Rothwell has taken the depositions of nearly all the interested parties.

Telegraphic Extension.

The Department of Public Works has been advised of the completion of the extension of the Government telegraph line along the north shore of the Gulf of St. Lawrence from Esquimalt Point to Agwanus, a distance of 80 miles. The present terminus is just west of Natashquan, and it is not unlikely that telegraphic communication with the latter point will be obtained by the end of the year. Offices have been opened for business along the new stretch of line at Agwanus, Piastre Bay and Sheldrake.

The Reciprocal Clause.

At a meeting of the Cabinet yesterday afternoon, an Order-in-Council was passed, giving Japan and the Netherlands the benefits of the reciprocal clause of the Canadian tariff. This means that goods entering Canada from these countries, will be admitted at a reduction of one-eighth per cent. on the ordinary tariff for the first year and of one-quarter per cent. next year. The reduction to Japan and Netherlands will date from yesterday.

More School Room Wanted.

Ottawa must have Public Schools, and additions must be built to the ones already in use. This was pointed out in The Journal some weeks ago, and was very forcibly demonstrated by the report of Inspector Glashan, which was made to the board last night. During last month there were 4436 pupils registered, an increase over October, 1896, of 346 pupils. The regularity of attendance was 89 per cent., and the increase in the average attendance was 384.

General News Notes.

The new Citizen Publishing Company, headed by Mr. Southam of Hamilton, are likely to secure a business place on Sparks-street. There is some talk of the new company publishing an evening paper.

Mr. William Foran of the Department of the Secretary of State, who for the past six weeks has been acting secretary to the Board of Civil Service Examiners, is now the secretary. Mr. Watters, the former secretary, has retired from the office, but retains his clerkship in the department.

Rev. William Timberlake of Morrisburg has been invited to the pastorate of McLeod-street Methodist Church.

In reference to the statement made by a Toronto evening paper that J. J. Cosgrove of the outside service of the Inland Revenue Department, was discharged and subsequently reinstated under pressure, it was stated at the department to-day that he was only temporarily employed by the department, and was never discharged. The money grant from which he was paid was all expended and for a time he had to be dropped, but was not dismissed.

Prof. Prince, Commissioner of Fisheries, returned to-day from an extended tour on departmental business through Manitoba, the Northwest and British Columbia.

BLACKGUARDISM IN PLARLIAMENT.

The Austrian Legislators Made a Record for Billingsgate.

London, Nov. 5.—The Vienna correspondent of The Times says: The all-night sitting of the Reichsrath was the most disorderly ever witnessed in any parliament. Some of the anti-Semite expressions were of such an improper character as to defy reproduction. The most frequent insult bandied about was the charge of drunkenness. Three-fourths of the members appeared to have gone raving mad. "Liar!" "Disgraceful scamp!" "Drunken clown!" "Your grandmother was begotten on a dungheap!" and similar villainous expletives and suggestions were common remarks. Herr Wolff called Dr. Lueger, Burgomaster of Vienna, "the Vienna thimblerigger."

M. Verestchagin, the Russian painter, and Mr. Samuel L. Clemens (Mark Twain) were in the visitors' gallery. The former drew sketches of various scenes, and said he regarded them as good substitutes for street fighting and the barricades of former days. Mark Twain said it reminded him of an American lynching meeting to punish a horse stealer, adding: "I supposed somebody had been hanged, but I was not there long enough to make sure of it." He asked Herr Lueger to give notice of his next twelve hours' speech, and said he would be there and sit it out. Herr Lueger took the observation seriously, and replied that he hoped next week to repeat the performance and perhaps improve upon it.
