WANTS ENLIGHTENMENT.

WANTS ENLIGHTENMENT.

Toronto Broker Will Seek Information at the Nipissing Meeting.

That the smaller shareholders of Nipissing stock should unite in an effort to help themselves out of a situation which is declared to be uncalled for and existent only for manipulation purposes is the belief of Graders F. Morton of Morton & Co., brokers Traders' Building. He has issued a call for proxies by means of which he can go before the meeting of the Nipissing directors at Augusta, Maine, on April 1, to demand that a statement of the company's operations be furnished.

Mr. Morton, who has just returned from Cobalt, declares, it to be a fact that the eap conceanions be furnished.

Mr. Morton, who has just returned from Cobalt, declares, it to be a fact that the eaps of which he says that vein 49, which, it had been announced, was "pinched out," is really a markelous lode of sliver samples of which he has, and that it is already drilled and ready for blasting. Sufficient ore for forty carloads is ready for shipment.

The fact that Nipissing is dormant, or nearly so, exerts a depressing effect on the whole camp, and is also, in view of the conditions which Mr. Morton describes, unfair to the small sharefolders. It is with a view to compelling the deliverance of the actual facts that the proxies are asked for.

The fact hat Nipissing is dormant, or nearly so, exerts a depressing effect on the whole camp, and is also, in view of the conditions which Mr. Morton describes, unfair to the small sharefolders. It is with a view to compelling the deliverance of the actual facts that the proxies are asked for.

The fact hat provides are asked for.

LARDER LAKE CLAIMS.

Toronto Broker Forming Company to Take Over Properties.

McIlwain, broker, of Victoria-A. McIlwain, broker, of Victoria-street, is forming a company to take up 100 acres of the Larder Lake district. Several Toronto financial people are taking an interest in the company, the holdings of which comprise some of the best gold-bearing daims in the Larder Lake dis-trict.

CAPITAL OF \$5,000,000.

Bailey Cobalt Mines, Limited, Will Shortly Be Put on the Market.

Another important Cobalt property is shortly to be put on the market. The new company will be known as the Balley Cobalt Mines, Limited, with a capital of \$5,000,000. Uvided in 5,000,000 shares, of \$1 par value. The company is making good provision for the treasury, having \$50,000 in cash and 750,000 of the shares of the organization. The properties owned by this company consist of the Balley Mine, which and office on sixty of the surveyors of the surveyors of the Balley Mine, which middle of the surveyors of the Balley Mine, which middle of the surveyors of the Balley Mine, which middle of the surveyors of the Balley Mine, and which has some the surface, in a well-defined quartz vein, he found an excellent sample of free gold in the shape of a heavy wire nearly an inch in length. The claim on which it was found is where the proposed City of Larder is being laid out by the surveyors of this syndicate. company consist of the Balley Mine, which adjoins the Big Pete Mine, and which has already shipped a car of ore; the Gleason Claim, and the Shillington claim, in Coleman Township, and two forty-acre claims, one in Bucke Township and one in Lorraine Township. In all, the company owns and controls 220 acres. The Canadian underwriting for the Balley Company will be in charge of Morton & Co. of the Traders' Bank building. Bank building.

Associated with Morton & Co. in the flotation is Mr. Louis F. Newman of New York City, who is the promoter of the Bafley Cobalt Mines enterprise. This promises to be one of the solid big ones of the district.

Cobalt, March 8.—(Special.)—The third car of ore was shipped from the Big Pete Mine to-day. The shipment weighed 34,920 lbs. and Supt. Elmer says the ore is of a high grade quality.

COBALT SILVER BIRD.

FORTUNES MADE IN COBALT.

Several Millionaires Already-Fut-

ure of the District. The Canadian Mining Institute finished its business session yesterday at the King Edward. Prof. Miller, provincial geologist spoke on Cobalt, which, he said, even in mow existing between them and the fiscal agents of the company. It is claimed that the present advertised price. Owing, however, to the agreement existing between the company, the original individual owners and the fiscal agents of the company. It is said, however, that this agreement, so the deal is reported to be hanging free. The reason, it is said, is because Law led.]

show ores of exceptional richness, he thought.

Papers were read on "The Smelting of Cobalt Ores," by Hiram W. Hixon, Victoria Mines, Ont.; "The Cobalt Ore Deposits," by M. T. Culbert, Cobalt; "On Electric Furnaces," by Dr. A. E. Stansfield, Montreal; "Sir William Logan and Our Geological Survey," by Dr. Robert Bell, Ottawa, and "Magnetic Waters," by Hiram W. Hixon.

A committee from the Mining Institute will again interview the minister of mines to-day to receive a reply to a resolution forwarded to him yesterday afternoon, recommending the appointment of a commission to secure full and proper knowledge as regards the mining situation.

The deputation that waited upon Hon. Frank Cochrane on Wednesday obtained the concession that the sliding scale as proposed in the bill as it now stands will be eliminated.

Last night a banquet was held. Last night a banquet was held.

LARDER LAKE FIND.

Gold Values Prove Better Than First Announced.

The find of gold reported from Larder Lake proves to be more valuable than at first announced.

Edward Dobbins, in charge of the Tighe Syndicate operations, has a gang of twenty men at work and as a result of the blasting in a four-foot trench, at a depth of less than two feet from the surface, in a well-defin-ed quartz vein, he found an excellent

The Property of the Cobalt Silver Mountain Mining Company, Limited, is located in the heart of the richest silver belt in the world, and consists of twenty acres.

It is surrounded by five of the best and richest shipping Mines in the Cobalt Camp, viz., The University, Bailey, Pig Pete (or Cobalt-Central), McKinley-Darragh-Savage and Silver Bar Mines, and it is also adjacent to the famous Gillies Timbe Limit and only a few hundred feet from the Nipissing and Foster Mines, as shown on the map.

The Silver Mountain Co. has the best located and most promising undeveloped property in the Cobalt camp to-day and the men most largely interested in the company comprising some of Cobalt's largest mine owners and some of the best known and most influential men throughout Canada, including over a dozen members of parliament, confidently expect that

THE SILVER MOUNTAIN CO.

Will Be Just as Large a Shipper as the Mines Adjacent to it in a Few Months Mr. C E. Kingswell, one of the best engineers in the Cobalt camp has made an extensive report on the property, and the company will gladly send a copy of same to anyone interested, upon request. He says in his report among other things:

ENGINEER'S REPORT

"Your lot is within one lot of and surrounded by the Foster, Big Pete and the McKinley-Darragh-Savage Mines and within two lots of the Nipissing, all of which are among the most famous mines in the camp. The property lies wholly in Diabase, and has thirty-eight veins so far discovered, and these veins form a perfect network all over the property. I carefully assayed this property some time ago, and never failed to get silver in any assay I took. The famous timber limit lies immediately southeast of this property, and borders it, and upon this limit the government are now working a very good mine, and this mine lies only a short distance from your property. Near your property and the timber limit a good smaltite ledge was discovered last June by the foreman of the Silver Bar Company, and this lead runs directly into your property. I know veins on your property that carry very much better ore than ever the Big Pete did at the start and no attempt has been made to follow these leads down. One ledge on your property has been explored for four hundred feet, and this ledge in places is quite four inches wide and it carries nine ounces of silver to the ton. Every ledge upon your property has good true walls, and they are all free from the walls and have every sign of permanency and value; and my humble opinion is, that if a shaft was put down to a reasonable depth good paying ore would be found, and you could cross-cut to strike other ledges. I have explored and reported upon most of the good mines here and also upon a large number of prospects, and have never yet inspected one with as many leads as yours has and I consider that it would be a freak of nature if your claim does not prove a good payable one. The fact that the Bailey Mine, which adjoins your property, and the Big Pete Mine, which is within one lot, are both located on this same Diabase hill on which your property is, and the fact that they are two of the best mines in the camp, is one of the greatest proofs to my mind that your lot will be found to contain the same kind of ore as is being shipped from these -C. E. Kingswell, M.E.

THIS IS A CHANCE OF A LIFETIME.

THE PROPERTY OF THE SILVER MOUNTAIN CO. HAS NEVER BEEN DEVELOPED.

Thirty-eight Veins Carrying Silver Have Been Discovered on the Surface And all the property should need to bring it to the shipping point is some development work.

The property has been completely paid for with stock of the company, and not one dollar is required except for development purposes. Just about a year ago, as you know, a block of stock of the Foster Mine, a close neighbor to The

Silver Mountain, was offered to the public for 80 cents per share in order to raise money for development work. You know also that this stock has sold since for over \$4.00 per share and can be sold to-day to yield an immense profit to the original purchasers. BUT REMEMBER it is the man who bought the stock when first offered who made the most

money. NOT the man who waited until it reached somewhere near its real value. Please remember the above and read the following offer: THE SILVER MOUNTAIN CO. IS PREPARING TO COMMENCE OPERATIONS ON ITS PROPERTY ON A LARGE SCALE

And needs some working capital, consequently the directors have decided to offer for public subscription a small block of stock at

A SPECIAL PRICE OF SIXTY CENTS PER SHARE

price SUBSCRIPTIONS FOR ANY NUMBER OF SHARES WILL BE RECEIVED UP UNTIL NOON ON THE 15TH DAY OF MARCH, 1907, and the directors reserve the right to refund all over-subscriptions as soon as the necessary amount has been subscribed. Subscription will be accepted according to the order in which they are received, whether by wire or letter, and may be sent direct to the secretary of the company, 95 Sparks Street, Ottawa. If you have any faith in Cobalt you will get some of this stock and get it at once, for to-morrow

may be too late. Opportunities like this only come once. We believe if you know anything about Cobalt, we have said enough, and if you want to learn more, we will be glad to tell you all we can. Send in your wire for reservation of stock, and your subscription to
