CITY ENGINEER WILL RECOMMEND SHAKE-UP

Favors Appointment of Purchasing Agent—13th Regt. at Church—Two Days' Events.

HAMILTON, Oct. 17.—(Special.)—At the beginning of the year City Engineer Macalun will recommend to the board of control a general shake-up in his department. He will ask for the abolition of some of the numerous titles and he thinks he can re-arrange the staff so that it may not make such an imposing show; it will do better work. One suggestion is that a purchasing agent be appointed. At present there is no check on stores. A deputation will wait upon Hon. W. J. Hanna, the provincial secretary, on Tuesday morning in Toronto, with reference to a west-end sewer and disposal works. The government will be asked to pay part of the expense on account of the asylum. Thomas Reche, formerly manager of the Grand Opera House, is seriously ill. The Otis Elevator Co., which thought of moving to Toronto last spring, has taken out a permit for an addition to its factory.

Napoleon Not a Hero. The 13th Regiment, 46th strong, under the command of Col. E. R. ...

Children's Day. The children of the Anglican Churches of the city will be held Tuesday afternoon at 2 o'clock. The speakers were Adam Brown, Rev. Canon Abbott and E. H. ...

Painful Dyspepsia

A Form of Indigestion Caused by Gastric Irritation from Undigested Food in the Stomach.

No kind of dyspepsia is better marked than that known as "painful indigestion," and it is also a very common affection. Pain generally of a dull character, is felt after meals, and along with the pain, soreness at the pit of the stomach often exists, and in some cases the soreness is pronounced. Tenderness is commonly restricted to a spot in the middle line of the body, immediately below the breast-bone. It often extends upward under the ribs, and is accompanied by a burning sensation, or the tenderness is felt toward either side. This tenderness is commonly associated with an unpleasant feeling of heat—a burning sensation—as it is termed by some persons. There is also a "rawing" and "dragging" as well as various other anomalous sensations complained of after taking food, and generally within an hour after eating. As might be supposed the intensity of the symptoms is proportionate to the quantity and quality of the meal. When the stomach is empty, sensation of heat or emptiness gives most trouble. This often causes a false appetite, which, by inducing the person to eat heartily, aggravates the condition. Thirst generally ceases much earlier than usual; heartburn, water-brash, acid eructations, and headache are not infrequent attendants. The tongue is usually coated and from a mere inspection of this organ the condition of the stomach can often be correctly told. It is a common error with persons who suffer from stomach pain caused by indigestion and gastric irritation, to use such drugs as chlorodyne, Hoffman's Anodyne, and other "pain killers" for its relief. Such treatment is a great mistake. While these drugs afford temporary relief to the dyspeptic pain, they have no effect whatever in removing the cause. STUART'S DYSPEPSIA TABLETS remove the cause. By completely digesting all the food in the stomach, there is no further possibility of the occurrence of this disagreeable form of dyspepsia with its painful manifestations and other concurrent symptoms. All of the irritation of the stomach lining and stomach-nerve as the result of the undigested food lying in that organ, and undergoing fermentation and decomposition, is quickly done away with. But not only is the form of dyspepsia which is accompanied by pain cured through the use of these digestive tablets, but also every other form of indigestion, as there are many kinds in which stomach pain does not occur, but where there are many symptoms usually disagreeable, discomforting, disconcerting and disgusting. Stuart's Dyspepsia Tablets contain a highly concentrated form, powerful anti-dyspeptic ingredients, which act most rapidly and thoroughly on every kind, including proteids, nitates, carbohydrates, etc. A single tablet will disintegrate and digest 3000 grains of food. Purchase a box from your druggist if once (price 50 cents), and get rid of the pain, discomfort and other disagreeable symptoms of dyspepsia. Also send us your name and address for our sample package. Address F. A. Stuart Co., 140 Stuart Bldg., Marshall, Mass.

spoke, and at the Church of the Ascension Rev. T. H. Peary. Samuel Enford, 228 North McNab-street, an Italian, had his left leg crushed in an elevator at Baves and Jameson's factory Saturday afternoon. Got Dunk on Sunday. The police had a quiet Sunday, the arrest of six unfortunate drunks making the sum total of their labors. Frank Sullivan, the 11-year-old boy who was found guilty in police court Saturday morning of setting fire to a pile of hay at the Gartshore-Thompson pipe foundry, was sentenced to an indefinite term in Mimico. His mother collapsed and was carried shrieking from the court-room. Clifford Sinclair, Sullivan's chum, was allowed to go with a warning. Hon. Adam Beck has notified Mayor McLaren that the hydro-electric power commission will meet Tuesday to again consider Hamilton's application. It is understood that the commission will make a change that will make the terms even more acceptable to the city. Found Dead. Robert McKechnie, collector of customs, was found dead in bed Saturday morning. He was one of the founders of the firm of John Bertram & Sons, and contested the riding twice as the Conservative candidate for the commons. The margis committee and the police commissioners will have a joint meeting this week to consider plans for a new police station on King William-street. The ratemakers will probably be asked to vote \$30,000 for the station, being the intention to move the new station police headquarters and to move the chief and detective staff from the city hall. New Gas Supply. The industrial committee is considering the advisability of building a line to the natural gas fields in order to set a supply of gas for manufacturing and domestic use. It is possible that the city will also try to get a cheaper supply for the householders as well. Trade and Labor Council is making plans to build a new temple. Navigation Will Officially Close on Dec. 10. OTTAWA, Oct. 17.—Notice is given by the Canadian department of marine and fisheries that all Canadian lights and fog alarms in Lake Superior will be kept in operation this autumn until 10th December, with the exception of Caribou Island, which may not be kept in operation until 31st December, subject to weather conditions, or early closing of navigation. Mariners must not rely on finding any of these lights in operation later than the dates above specified for closing. All Canadian lights and fog alarms in Lake Huron, Georgian Bay, Lake St. Clair, Lake Erie, Lake Ontario and Red Rock lights, in Georgian Bay, which may be closed on 10th December if navigation closes early. All Canadian lights in the River St. Lawrence will be kept in operation as long as navigation is open, and all gas buoys will be kept at their stations as long as ice conditions do not prevent when it is necessary to remove the buoys before the close of navigation operations will be laid down where possible.

CANADIAN LAKE MARINE

Navigation Will Officially Close on Dec. 10.

OTTAWA, Oct. 17.—Notice is given by the Canadian department of marine and fisheries that all Canadian lights and fog alarms in Lake Superior will be kept in operation this autumn until 10th December, with the exception of Caribou Island, which may not be kept in operation until 31st December, subject to weather conditions, or early closing of navigation. Mariners must not rely on finding any of these lights in operation later than the dates above specified for closing.

PARIS DRAWS THREE KINGS

But Will Not Hold Them at the One Time.

PARIS, Oct. 17.—Paris society is looking forward to a highly interesting season. No less than three kings will visit the French capital during the winter. King Edward of England probably will be the first of the crowned heads to arrive. As on former occasions, he will be the simple as the Duke of Lancaster. King Edward always patronizes the latest plays. Towards the end of next month the King of Portugal is expected. A monarch who is to make his first official visit to Paris, is Peter I. of Russia, who is expected to pay a visit to the Cesar of the Tsar in January. His visit is expected to be a long one.

Warning to Hunters

Intending hunters should remember that the season is now open in the best hunting districts, that is, Northern Ontario and Quebec and New Brunswick points, and the "early bird" adage is applicable for the men first on the runways. Special facilities and special train service this year have been arranged by the Canadian Pacific Railway for the convenience of the sportsmen. It will pay to drop in at the City Ticket Office, southeast corner of King and Yonge-streets, for the latest literature and dates of the open seasons; or enquire regarding the special train arrangements, etc. 671

NORTH TORONTO PEOPLE TALK SCHOOL MATTERS

Opinions Differ as to Free Books—Serious Illness of Mr. Parke—York Township.

NORTH TORONTO, Oct. 17.—(Special.)—The regular meeting of the North Toronto Ratepayers' Association held in the town hall on Saturday night for the discussion of educational matters, was well attended, and brought out a general discussion which cannot be fully reported. The main question, D. D. Reid was in the chair, and the principle of free school books, of which notice of motion had been earlier given by H. B. Brown and Charles Acamson, was advocated by the mover and seconded. Mr. Ball argued that the town having provided free schools and equipment might well go further and provide the books. T. A. Gibson and W. C. Ellis took the ground that it might not be advisable to take too advanced a step. The motion was carried, and the meeting was adjourned. The condition of Councillor William Parke, during the past week, excited the greatest anxiety among his friends, and to-night fears are entertained that he may not survive until morning. The 25th anniversary of the building of the Bedford Park Baptist Mission church was celebrated here to-day in one of the largest audiences ever gathered in the town hall. Rev. George Smith of Toronto spoke to the children, and in the evening preached the anniversary services. In the afternoon the reverend gentleman spoke in the York Mills Baptist church, where Harvest Home services were held. The pastor, Rev. Mr. McEwen, assisted at all the meetings.

WEST TORONTO

Teamster Probably Fatally Injured—Customs Receipts Soar.

WEST TORONTO, Oct. 17.—While driving into the doorway of the main shed at the Ontario Brick Works on Monday about 10 o'clock Saturday afternoon, a teamster named Benjamin Wiggins was jammed between the doorway and the wagon, and crushed so badly that his leg was held out in his recovery. Four ribs on the left side and two on the right were torn from the vertebrae, and the spine was dislocated in the lower part, causing paralysis of the lower limbs. In a semi-conscious condition he was removed to his home at the corner of West Beaver and Keele-streets, where Dr. Kayler attended him. Wiggins is about 35 years old, and married, with two or three small children. A sick nurse belonging to the Emma Beth Carberry died last night at her home, 50 Hook-avenue. A funeral service was conducted this evening at the house, by Rev. Dr. Speer. The remains will be sent to Norwood on Tuesday morning, for interment.

MARKHAM VILLAGE

MARKHAM VILLAGE, Oct. 17.—(Special.)—In Grace Church (Anglican) on Monday evening, Rev. J. F. Routhwaite of Bramford gave an excellent address to a large gathering of the children of the church and village. In the evening the court dress, Mr. Routhwaite tells us, did not cost him much, however, as he went in the dress which had served Wordsworth, who, in turn, had obtained it from the old poet Rogers.

The Song-Bird of the Antipodes

"The song-bird of the Antipodes" says The Quebec Chronicle, "have ever been heard here who have made such a deep and pleasant sensation as Miss Mylotte, this delightful song-bird from the Antipodes." Italian, German, French or English selections, we are told, seem to be all one with her, for perfect intonation and expressive rendition, giving to all her offerings a distinction that marked her out as a notable artist. Miss Mylotte will appear at Massey Hall on the evening of Oct. 27, and there, as in Ottawa, Montreal and elsewhere in Canada, she will use only a Heintzman & Co. piano.

FIRE DRIVER DROPS DEAD WHILE ANSWERING ALARM

DETROIT, Oct. 17.—Guiding his galloping team up Myrtle-street yesterday afternoon, responding to an alarm of fire, John J. Wallace, driver of hook and ladder truck No. 9, pitched forward from his seat and fell dead on the whiffletree of the truck.

UNIONVILLE

UNIONVILLE, Oct. 17.—(Special.)—In Unionville Methodist Church to-night, Rev. I. B. Wallin, B.A., of Markham, preached anniversary services to a large and appreciative audience. Delos Harrington has already begun building operations at the south end of the village, the cellar having been excavated and the frame structure will be at once pushed along. Mr. Harrington has done much to improve the southern end of the town, in the number and appearance of the residences erected. Miss Eva Davison has returned from a two months' visit to her sister in Saskatchewan. In St. Philip's Anglican Church this morning, the pastor, Rev. Mr. Fanning, gave an eloquent address devoted especially to children. There was a large attendance, and the greatest interest was manifested in the services throughout. Under the ministry of Rev. Mr. Fanning, St. Philip's is making steady advance.

AURORA

AURORA, Oct. 17.—(Special.)—Aurora's tax rate for this year will be 23 mills on the dollar, and taking everything into consideration, this is not regarded as excessive. Andrew Yule has been absent in Pittsburgh, all week attending the convention of the Disciples of Christ assembled there. In consequence of the annual meeting of the North York Teachers' Association in the Normal School on Thursday and Friday of this week, the Aurora and all other public schools in the township will be closed. President Falconer will deliver the opening address and Prof. Coleman will on Thursday afternoon speak on the "Ice Age."

YORK TOWNSHIP NOTES

While indications all point to a promising field of municipal candidates in York Township this year, the only vacancy in sight at the present time is that of the position of councillor, which will be brought about by the enforced resignation of Councillor Jackson. The annexation of the Norway district in which Mr. Jackson resides, renders this necessary. The retiring councillor has been a splendid acquisition to the township debates, courteous, painstaking, and always ready to interest himself in the wants of his constituents. His resignation to the larger field of city legislation would be decidedly to the advantage of the city. While there are rumors of opposition all along the line, neither Reeve nor any of the deputies are likely to meet with serious opposition. A number of big outstanding matters, notably the parallel roads, among these, the route and councilors are in full accord and fully conversant. York Township council meets to-morrow (Monday) afternoon at 2 o'clock.
