Want Trained Experts.

Judge Mott of the juvenile court proved an interesting witness. He stated that 2,000 people had appeared in his court during 1920. Of this number between two and three hundred had been adults, the remainder boys and girls with boys in a ratio of six to one to the/girls. Delinquents were subjected to special examination by a competent physician, and their home life was also subject of examination at the hands of social workers. He stated that the detention school in Toronto was not exactly ideal. In general terms he believed that a home eral terms he believed that a home such as Inglenook should be run by trained experts. A good atmosphere was the essential need of such a home. Touching upon the problem of kissing he was loth to express a definite opin he was loth to express a definite opinion, believing that circumstances decided cases. Also he had never had occasion to personally examine condi-tions at Inglenook. If the boys were happy, it showed a gang spirit, be that good or evil. A good gang spirit was the real making of good character.

Edward Blaikie, from the office of Superintendent Kelso of the Children's ase, featured yesterday afternoon's Aid Society, gave evidence to the effect that he had visited Inglenook, had been treated with only scant courtesy, had found rooms dilapidated and boards Prisoner in Police Station Be- Answer Meighen's Refusal to
