## Great Grandfather Still a Wife-Beater

**VIENNA**, Nov. 18.—Johann Wacorsky is a real life don Juan which his neighbors have been unable to solve despite much discussion and debate.

He is 70 years old, is a great-grandfather, is the father of a child only five months old, and is still a wife-beater.

According to his neighbors, a man who has reached the age of 70 and has had such ample opportunity to spank three generations of children, should have lost his interest in such pastimes as wife-beating.

His wife agrees with them; and, although she last aroused his wrath and beating proclivities by coming home drunk late one evening, she carried her bruises and her husband before a local magistrate. Wacorsky was fined the equivalent of 50 cents.

## Guard Against "Flu" With Musterole

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches, get busy with good old Musterole.

Musterole relieves the congestion and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister. Rub it on with your finger-tips. First you feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief. Use Musterole handy for emergency. It may prevent serious illness.

## Gas From Stomach Pressed on His Heart

What may seem to be serious trouble may often be only stomach gas pressing on vital organs. Mr. E. Morris for a long time was bothered with indigestion and gas pressure on heart and lungs. The mixture of buckhorn bark, glysterine, etc. (known as Adierka) helped him.

Many people keep their OUTSIDE body clean but let their INSIDE body stay full of gas and poison. Give the inside a REAL cleansing with the mixture of buckhorn bark, glysterine, etc., as sold under the name of Adierka. This acts on BOTH upper and lower bowels, eliminates metabolic poisons and removes old matter which you never thought was in your system, and which caused sour stomach, nervousness, sleeplessness, headache, etc.

Whenever you eat too much heavy food, let ADIERKA REMOVE the undigested surplus and leave you feeling fine. ONE spoonful relieves GAS and takes away that full, bloated feeling.

## BRITONS PROTEST U. S. MOTOR DEALS

**Aviation Material Buying From Americans Riles Objectors**

**British United Press**

**LONDON**, Nov. 18.—The British Air Ministry is favoring American aviation material and motors at the expense of British supplies, according to a complaint which is rising with increasing volume throughout the country.

Britons are objecting to a policy which they insist hinders the development of better British planes. It is specifically charged that the Air Ministry is purchasing not only \$2,500,000 worth of American parachutes and a quantity of motor-driven designed Duxford propellers, but \$250,000 worth of Liberty motors. It is this last and least purchase that riles the British most.

## Gave Away \$30,000; Now Public Charge

**NEW YORK**, Nov. 18.—Mrs. Pauline Ball, 70 years old, of 130 Berry street, Brooklyn, whose husband, a physician, left her \$30,000, has been committed to Kings County Hospital, a public charge, because she gave all her money away.

For months Mrs. Ball has been living in a furnished room in Berry street, where the landlady, Mrs. Sarah Goldberg, who knew she had spent her money in charitable work, would not accept any rent. Then Mrs. Goldberg learned she had no food and was ill. She and other friends notified charitable institutions and action followed.

**READY TO GIVE AMNESTY.**

The note, recalling the concessions already announced, intimates that the Rhineland Commission is prepared to grant large measures of amnesty on sufficient guarantees being given by Germany with regard to the position of individuals having relations with the occupying armies.

The Rhineland Commission, furthermore, has a far-reaching plan of reforms under consideration, having a two-fold purpose—First, a considerable reduction of the number of occupying troops, and second, the taking of all measures within the framework of the Rhineland agreement to facilitate the free exercise of German administration in the occupied territories.

**ADVANTAGES REVEALED.**

The note indicates the advantages of the foregoing to the German population and its relations with the occupying forces—that the reduction in troops to figures approaching normal will enable the return of land and public buildings heretofore used for billeting troops and the suppression of the system of delegates entrusted with liaison duties between the occupying troops and the German authorities.

Arrangements will be made to bring within the purview of German jurisdiction certain categories of cases,

## How old is 65?

**Dr. Robt. G. Jackson** says it's mere youth. Last year at 65 he won the \$1,000 Physical Culture prize and a 1300 mile bicycle contest against a man 35. Dr. Jackson was formerly a physical wreck but Roman Meal, milk and vegetables transformed him into a vigorous "Youth at 65", 98% perfect physically.

## College Education Worth \$70,000 Cash

**BOSTON**, Nov. 18.—The cash value of a college education is approximately \$70,000, according to a statistical survey conducted by Dean Everett W. Lord of the College of Business Administration at Boston University.

This was made in connection with an investigation into the earning capacity of undergraduates at the college.

Of 43 graduates in 1924, who, as freshmen, were earning \$20 a week or less, 13 had increased their salaries on the average of 68 per cent. when they received their degree, according to Dean Lord's report.

Fifteen had doubled their earnings; seven had tripled them; five had quadrupled them; two had increased them five-fold, and one was earning six times his weekly salary as a freshman when 1924 brought him his degree.

## End Catarrh Germs In Three Minutes

**Chronic catarrh**, no matter how bad, and cases of bronchial asthma now yield instantly to the amazing discovery of a French scientist. This drugless method called "Lave" eliminates the germs in three minutes, yet is positively harmless to the most delicate tissues. Your head and lungs are cleared like magic. Sufferers are relieved in a single night.

To prove it and to introduce Lave to ten thousand sufferers in one month, I offer to send a treatment free and postpaid, to any one who will write for it. No obligation. No cost. If it banished your Catarrh you can repay the favor by telling your friends, not the loss is mine. No matter what you have tried, just send me your name and address for this generous free treatment and prove that you are rid of catarrh.

W. R. SMITH, 6740, Levee Bldg., Kansas City, Mo.

## A Few Doses of Dr. Wood's Norway Pine Syrup

**May Stop That Cough**

Mr. Frank D. Comeau, West Bath, N.B., writes:—"I had a very bad cold and cough that settled on my lungs, and I thought that I would never get rid of it."

One day a friend spoke to me about your wonderful remedy, so I sent and got a bottle of it, and after the first dose I took I got relief, and by the time I had used the bottle I was completely relieved of all my trouble."

"Dr. Wood's" is put up only by The T. Milburn Co., Limited, Toronto, Ont.
