

PREDICTS "DRY"
VICTORY IN N. B.
BY 10,000 VOTES

Fredericton, N. B., Oct. 10.—New Brunswick will go bone dry as a result of today's vote on the question of personal use importations by a majority of 10,000 or more, according to Rev. W. D. Wilson, secretary of the N. B. Temperance Alliance and director of the dry campaign.

The vote in St. John up to one o'clock was but light.

FIGHTING GOES
ON NEAR VIENNA

Vienna, Oct. 10.—Attend Neustadt, one hour's ride from Vienna was under sporadic machine gun fire on Saturday from Hungarian insurgents. They finally were dislodged. Eichbueckel, who was sharply attacked and the inhabitants fled. There was sharp firing also at the Brock and at other points in the Detha sector, which forms part of the boundary between Lower Austria and Hungary. The situation officially is regarded as more threatening.

C. C. BAND PRIZES
DRAWN WEDNESDAY

The drawing of the prizes in the C. C. Band's \$1,250 round-the-world contest will take place on Wednesday night of this week in St. Andrew's rink. There are still some 50 or 60 tickets still unsold and they may be had from James Connelly, 31 Water street, at W. J. Higgins' 192 Union street, or from other members of the band or at the rink for night or Tuesday night as the fair price. Goal is to be sold at the rink for \$1.00. The drawing will be held on Wednesday evening. The winner of the \$800 prize may be the one you buy today. Come to the fair and give it a rousing finish.

AMHERST HAS
CIVIC FUEL YARD

The town of Amherst has opened a civic coal yard and is now prepared to sell coal to its citizens in large quantities. Councillor Fred Lee was the prime mover in the establishment of the yard, stated that the civic coal yard was not a money maker, but simply an effort to help the people of the town to save money in the purchase price of coal. Coal is to be sold at the yard for the present, means \$8.70 per ton delivered in the cellar. The quality and at this price a busy season is anticipated by the civic fathers, as a saving of \$100,000 per ton can thus be effected.

LOCAL NEWS

NINE IN ONE

A freak of nature has been placed on exhibition in one of the Times windows along with the large potatoes. It is a cabbage having nine heads on one stalk, and was grown by C. W. Till of Quispamis. Mr. Till had 242 cabbages this season, out of which forty-one developed various freaks. Two of the number had eight heads to a stalk.

ST. PETER'S Y. M. C. A.

The official opening of St. Peter's Y. M. C. A. will take place this evening. A special bowling match has been arranged between the Hawks of the Y. M. C. A. House League and a picked team from the society. During this match, pocket billiard matches will be played, also other games. At the conclusion of play there will be a musical programme, after which refreshments will be served.

HON. MR. FIELDING HERE

Hon. W. S. Fielding, accompanied by E. M. McDonald, Liberal member of the House of Commons, passed through the city on Saturday night on their way to Ottawa. On their arrival, they were met by several of the prominent members of the Liberal party. They brought optimistic reports on the political situation in Nova Scotia. They had been touring the sister province with Hon. W. L. Mackenzie King, the Liberal leader, and his party.

CHURCH FUNCTIONS

In St. Peter's church, yesterday, it was announced that the annual high tea would be held this year on November 11, 22, 23 and 24. The proceeds are to be added to the fund for the new school, which is under construction on St. John street. In the Cathedral a function along somewhat similar lines was announced. The date is not yet definitely determined.

THE BRIDGE QUESTION

Hon. W. P. Jones, K. C., of Woodstock, has been retained to represent the provincial government in the action and the chancery court to determine the right of railways to erect bridges across navigable waters without permission. The action follows the objection made by local shipping people that the C. P. R. bridge across the river at St. John is several feet too low to afford clearance for the masts of sailing vessels using the river. The bridge will be in the city tomorrow and will confer with the shipping people who have made the complaint.

PERSONALS

Friends of Malcolm D. Brown, who has been seriously ill, will be pleased to learn that he was reported much better yesterday.

Dr. John F. Macaulay, of Grand Manan, is at the Dufferin.

Mrs. Jos. E. Gibbons and children, 186 Adelaide street, returned home on Saturday evening, accompanied by Mrs. J. Edward Noonan, Moncton.

James Kiernan left for his home in East Boston, Mass., Saturday. He was attending the funeral of his brother John.

Mrs. Leonard, 95 Rothsay avenue, left on the noon train for Windsor, Ontario, to visit her son.

Mrs. Malcolm P. Woodley of East Boston, who has been in the Moncton Hospital on Wednesday, is reported as doing as well as can be expected. Mrs. Peck of Hillsboro, is visiting her daughter, Mrs. C. W. McLatchy, A. S. Knight of Winnipeg is in the city visiting his mother, Mrs. W. B. Knight, Bedford street.

For the first time in the history of the province, a Canadian-born Chinese girl has just been appointed teacher in one of the public schools, in Victoria. She is Miss Lavinia Frances Dickman, daughter of a Methodist missionary stationed in Nanaimo. She will teach white children as well as Chinese, the segregation of the races not being possible except in some of the larger schools in the cities. For a long time Chinese children were refused admittance to British Columbia schools, but their presence is no longer resented by their white classmates. The novelty of the intrusion of the alien race has worn off. As a rule they are steady, plotting students, but there would be a better chance of getting rid of the Japanese and Chinese if white men could be found willing to do more work for less money.

M. K. Spaulding of Branscombe, Calif., a carpenter employed by the California State Game and Fish Commission, has broken all records as an egg eater within the memory of the town's oldest inhabitant. He came to the breakfast table with quite an appetite, and among other things ate 39 eggs, some boiled, and some fried.

"MISLEADING LADY"
IMPERIAL THEATRE

Bert Lytell Shows Flirtatious Girls Where They "De-train."

Tonight and tomorrow at Imperial Theatre that splendid actor and matinee idol, Bert Lytell, plays a role for which he is especially adapted, namely, the part of a womanizer. He is reported as a former engineer who takes a flirtatious society girl down several big pegs in her speaking range. Mr. Lytell plays opposite the beautiful Lucy Cotton and both are supported by metropolitan players of repute. With the British Canadian weekly, the amusing cautions from the Literary Digest, scenic pictures and vaudeville, Imperiel will have a very fine programme with which to start the week. Election returns as they come in.

THE STAR

Tonight's feature picture is perhaps the best we have had in several months. It is "The Invisible Divorcee," with Grace Darmond and Walter McGrall. The story points to some of the "Velvet Fingers" also.

SIX PER CENT OF
BABIES IN B. C. OF
JAPANESE BIRTH

Nipponese Youngsters are in Even Greater Proportion in Coast Cities.

(Special Correspondence, Montreal Gazette)

Vancouver, B. C., Sept. 16.—Six per cent of the children born in British Columbia this year are Japanese, according to official statistics compiled in Victoria. Though the Japanese are not presumed to be accurate, the preponderance of Nipponese youngsters over whites in about equal numbers is certainly much greater. Small families are the exception among the Japs, while childless ones are the rule among the whites. The Japanese population, statistics show, has increased in British Columbia. In the first six months of this year, 4,816 little yellow boys and girls were born in the province. Assuming that the ratio will be maintained for the balance of the year, the total number of children born in B. C. in 1925 will be 114,100 and 107 in the first six months of 1924.

Sentiment in favor of the exclusion of Asiatics from Canada is slowly but surely making headway. The Asiatic Exclusion League is now functioning, with regular officers, staff, and a membership of about 100. The league is pledged to abstain from dealing with Chinese, Japanese, or other Orientals. The executive is H. Glynn Ward, whose book, "The Writing on the Wall," has just been published. This novel is avowedly propagandic in conception, and it is not surprising that it has given offence to the large employers of cheap Asiatic labor. Under the thin disguise of fiction, Glynn Ward traces the coming of the Asiatics to British Columbia, the steady growth of that element, and the steadily increasing number of whites, until, projecting the story a few years into the future, the whole of the province west of the Rockies is shown as absolutely settled and controlled by the Chinese and Japanese.

With their racial stolidity, the Chinese are not at all concerned about the revelations of "The Writing on the Wall," but the Japanese are plainly showing some resentment. Incidentally, the Japanese Workers' Union recently sent a delegation to protest against the propaganda of the Asiatic Exclusion League, but without getting much encouragement. However, the Japanese find some comfort in the support given them by the more radical of the white labor men, who insist that the exclusionists are only tools of the capitalist class, working against the common interests of the unions. They are bitterly feeling towards the Asiatics, as is common hard to understand, as it is only a few years since the unions were the bitterest opponents of Asiatics labor, and at one time went so far as to carry Chinese and Japanese fishermen in the province west of the Rockies to show the possibility for several hours.

The way is now almost entirely populated by Asiatics.

Appointed a Teacher.

HUNTING SEASON
HERE IS GOOD

(Special to Times.)
Fredericton, N. B., Oct. 10.—Arrivals of mooseheads from non-resident big game hunters in various sections of New Brunswick, at Fredericton, indicate that the present season is one of the best in years for the securing of good sets of horns. Prior to the opening of the season, guides had feared that the numbers of American sportsmen would fall off, but they have been agreeably disappointed.

The range in the section of the United States from which New Brunswick is getting its non-resident hunting parties, is becoming noticeable. Formerly the New England states and New York furnished the bulk of them. Nowadays, Chicago, Indiana and Ohio are furnishing the majority of the parties. This is due to the fact that the middle west is in charge of publicity, for New Brunswick's big game country. W. H. Allen, of Peniac, representing the New Brunswick Guides' Association, addressed meetings in that section of the United States.

Fredericton is getting few of the middle western parties, as they are generally routed by C. N. R. from the states, and enter the woods from points on the North Shore.

The best spread of moose horns sent in so far, is one of sixty-four tines, from the Yukon. This was from a party guided by Charles Cremin. The best head sent in last week was from Captain Dufosse of New York, who is hunting on Rocky Brook, with W. H. Allen as guide. A remarkably good head is being sent out from Arthur Pringle's territory. The spread is said to be well up to six feet, with very symmetrical tines.

The drought of the last summer has helped the hunters of big game as the game is staying near the lakes and streams, and thus making hunting easier than it would be otherwise. Later in the season, the animals will move into the deeper woods.

Warden Kelley of Barker's Point on Sunday killed three Minto men hunting on the Yukon. This was from a party guided by Charles Cremin. The best head sent in last week was from Captain Dufosse of New York, who is hunting on Rocky Brook, with W. H. Allen as guide. A remarkably good head is being sent out from Arthur Pringle's territory. The spread is said to be well up to six feet, with very symmetrical tines.

At Grand Falls on Saturday there was conviction obtained before a magistrate for killing a moose in close season, and also for carrying a rifle in the woods in the close season. Fines of \$100 and \$50 were respectively imposed.

Three were prosecuted at Cole's Island on Saturday for carrying rifles in the woods in close season. At the time of the offence a man was shot and wounded in mistake for a deer.

The Albert county there also were two prosecutions for carrying rifles in the woods in close season without a permit.

SIMONDS ONLY
PLACE OF SURE
CONTEST SO FAR

Nomination of candidates in the St. John county municipal elections were made today.

The Simonds list was filed with D. J. Britt, parish clerk, Eastmount, and included the names of J. P. Mosher, J. C. Dalecki, present councillors John Whalen, Edgar Smith, Alexander Magee and H. A. Shortliffe. From these three councillors will be elected. J. M. Donovan, who is at present a councillor, declined nomination.

The indications were that the Lancaster councillors will be back unopposed. They are John T. O'Brien, Murray Campbell, and William Golding. It was not expected that there would be any opposition in Musquash and St. Martins, but there may be further nominations before the list closes at six o'clock this evening.

PLACES EMBARGO ON
PROPERTIES OF BIG
BRITISH OIL CONCERN

Vera Cruz, Oct. 10.—The government of the state of Vera Cruz has placed an embargo on all the properties of the big British oil companies, El Agulla, a refining plant and selling agency. The embargo includes all the stock and two tank ships and a tug, which had arrived here from northern ports on the Gulf of Mexico.

TRIAL TODAY FOR RACE

Hullfax, N. S., Oct. 10.—The schooner Delawana, Canada's representative in last year's international fishermen's races, and the schooner Blunstone, built to defeat her, from plans of W. J. Ross, prominent Halifax yachtsman, are having their first real trial today under semi-racing conditions. The Canada, a Shelburne built schooner, will go on a marine slip this afternoon for an overhauling. The J. Duffy left this morning for Halifax to be outfitted, the Una Corkum will come off the slip at Lunenburg tonight, to be followed by the Alcah and Donald J. Cook. The Independence is expected to sail for Halifax Wednesday.

IN WALL STREET

New York, Oct. 10.—(10.30)—Ralls the only important exceptions to the former tone of the stock market at the opening of today's session. Union Pacific fell 1-8 and other transcontinentals as well as cotton carriers were fractionally lower. The constructive side of the market again was chiefly represented by oil, notably the low grade shares. Pan-American Petroleum rose one point and California Petroleum rose and Casden made moderate advances. The list became somewhat unsettled within the first half hour as a result of selling pressure directed mainly against Mexican Petroleum and Studenbaker.

Toronto, Oct. 10.—Official printing press working and the first production indicates war on the U. S. G. The speech of W. E. Sinclair, M. L. A., in the legislature, is reported for circulation, the market again was chiefly represented by a severe arrangement of the Drury government for failure to control expenditures.

Montreal, Oct. 10.—Addressing a political gathering at Lachine, Hon. Adolphe Lemieux denounced the tactics of Laurier's opponents on the reciprocity issue, and so that, contrary to general belief, the lamented leader had not been the instigator of the 1911 attempt to bring about reciprocity in natural products.
