D. MONAHAN, 32 Charlotte Street THE HOME OF GOOD SHOES Two Schemes to Be Discussed at Meeting of Ferry Committee This Afternoon—The Probable Cost —April Traffic Was Heavy

FERRY OR BUILD ONE

ON LUDLOW PLANS

BUY THE NEWPORT FOR

The ferry committee of the common council will meet this afternoon to organize and discuss what steps should be taken to provide an additional ferry boat, in view of the decision to discontinue the repairs to the Western Extension. It is probable that two plans will be considered, one to purchase the ferry steamer Newport, which runs between Newport and Saunderstown, and the other, to build a new steel boat from the plans of the Ludlow.

It is understood that the Newport can be secured for \$20,000 at Newport. To this would have to be added 25 per cent duty and the expense of towing to St. John, probably about \$8,000. It is figured that about \$10,000 would have to be spent in making changes and alterations and the total cost would therefore be about \$8,000. The Newport is a double-decked boat, and very lofty, and would probably have to be converted into a single deck business has been steadily increasing.

#### BURGLARY THREE NEW AT DUCK COVE POLICEMEN

Geo. E. Briggs, Francis E. O'- D. R. Jack's Cottage Broken Leary and Thos. W. Trott Into for Second Time in Able Trio Each More Than Six Feet Tall

The addition of three new members to the police force was made this morning, when three able-bodied men, each of them more than six feet in height, were selected by Chief Clark to augment the strength of the body of patrolmen about the city as provided for by a resolution passed at the common council meeting. Each man is of fine physical appearance, and comes highly recommended, so that it is thought they will be valuable acquisitions to the protection force of the city.

The three—George E. Briggs, Francis, E. O'Leary, and Thomas W. Trott — were sworn in and provided with uniforms this morning, and will go on duty this evening. O'Leary is the youngest of the trio, being but twenty-one years of age. He weighs 196 pounds, and stands six feet and one-eight inches. He formerly worked long-shore. Briggs, who was formerly a tramster with the Crosby Molasses C., is twenty-five years old. Trott, weighs the most of the three, tipping the scales at 1200, is six feet and a quarter inch high, and 32 years of age. He was formerly packer with W. E. McIntyre.

This gives the city a total of forty-three policemen. Chief Clark said this morning that he did not think it likely that any of the three new men would go on duty as a mounted policeman, but he would probably arrange for that later.

CAUSED EXCITEMENT.

Quite a little excitement was caused too day about noon in the Old Burial Ground, when a constable was placing a man under arrest for debt, and the debtor strenuously objected, knocking the constable down, and refusing to move to the county jail. The constable hung to him, but there was more rolling in the grass as a crowd looked on. Policeman O'Neill was attracted and hurried up. As he grasped the prisoner's collar the trouble ended.
