

had been aroused or awakened such an interest in the county as would yield valuable data for the curious and the student of county history.

An Educational Committee has been appointed to issue a circular to every teacher and board of school trustees in the county asking for dates of opening schools in the different sections, names of teachers and boards of trustees, with any fact of interest that might be gathered by the careful and enquiring teacher, or could be given from school records or drawn from the memories of that notable person in every community, "the oldest inhabitant."
