Treasures Found in Our American Forests.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most emine w medical writers and teachers of this and other countries. Even the untraloged Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce, of Buffalo, N. Y., believes that our American forests abound in medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them, and; in confirmation of his conviction, he points with pride to the most marvelous cures efcted by his "Golden Medical Discovery," which has proven itself to be he most efficient stomach tonic, liver invigorator, heart tonic and regator, and blood cleanser known to medical since. Dyspepsia, or ndigestion, torpid liver, functional and even valvuar and other affecons of the heart yield to its curative action.

The reason why "Golden Medical Discovery" cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

To aid in healing old sores, or ulcers, apply Dr. Pierce's All-Healing Salve to them while taking the "Golden Medical Discovery" to purify and enrich the blood.

Dr. Pierce's All-Healing Salve is cleansing and pain relieving. It destroys the bad odors arising from suppurating, or running, sores and puts them in the best possible condition for healing.

The "All-Healing Salve" is a superior dressing for all open, running, or suppurating Sores and popurating sores and popurating sores and popurating of child. It is in the blood that the great battle of health has to be fought. The ulcer and the sore are simply the scarlet flowers of disease, with roots running down into the blood. These roots must be eradicated or the disease will break out afresh. "Golden Medical Discovery" cleanses the blood of all foul and poisonous accumulations, pushes out the dead and waste matter, and thus purifies the entire life current. Disease in the flesh must die out when it is no longer fed by foul blood. "Golden Medical Discovery" effectively cures disease in the flesh by curing its cause in the blood.

Not less marvelous, in the unparabled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal drain, prolapsus, anteversion or retroversion or other displacements of womanly organs, from weakness of parts, will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully, and fairly persistently, Dr. Pierce's Favorite Prescription.

To provision one of these parties is no triffing matter. For instance, an old cruiser quotes the following prices as obtaining at Fort George:

Bacon, per 1 lb., 42 cents; flour, per 100 lbs, \$13; beans, per lb., 22 cents; tea, rom \$2.50 to \$7 per 1b.

These figures cover the commodities which may be regarded as the most essential. Observe the inflation of the price of tea. This is attributable to the hazard of transportation. Tea is easily susceptible to destruction by water. And supplies are shipped into Fort George largely by canoe, and over dangerous waters exposed to watery risks. Damage and loss frequently happens to this commodity in shipment. So the price stands as a sort of insurance on the goods. At least this is the explanation a cruiser offered for it this morning. Be this as it may, the price is

To the Editor: Reading in your valuable paper of 30th instant the second letter of Mr. F. DON'T NEGLECT YOUR SKIN

Zam-Buk Unequalled as a Skin Cure.

About 80 per cent of prevalent skin disease is due to neglect

Below we give the testimony of a lady who, if she had known of Zam-Buk earlier, might have saved nine weeks of painful agony.

Mrs. Frederick Bryant of 169 Railway Ave., Stratford (Ont.), says: "I scalded my foot while preparing supper. Next day the skin came off and my foot was in a serious condition. I could not wear my shoe and had to lay up for nine weeks. During this time I used dozens of salves, but none did any good, in fact the wound developed into a running sore. I got no rest day or night from the cruel pain. At this point a sample of Zam-Buk was left at my house and I tried it. Several applications of Zam-Buk had immediate effect in soothing the pain and irritation and I was encouraged to buy a box. One box of Zam-Buk was sufficient to heal the scald, although I had spent dollars in other remedies. New skin has formed nicely over the whole open sore. Zam-Buk is the most wonderful and effective remedy I have used, and I advise others to use it."

Zam-Buk is so refined that it soaks easily through-the skin to the seat of disease and exerts a wholesome influence upon the rest of the body. Absolutely pure, soothing and antiseptic, Zam Buk is recognized as the world's one great and only perfect healing balm for everyday household use.
