Union Labor Demands

(Continued from Page 1.)

Demands in Brief Briefly labor's demands are: That private capital be eliminated from the railroads.

That the private tri-party control, heretofore referred to, be established in corporations which shall lease the roads and in which the public, the operating magnates and labor shall be represented equally.

That the public, the operators, and the wage-earners share equally all revenue in excess of guarantee to private capital, by granting to the operators and the employees one-half the savings which are expected to be made by such a perfected organization, and to the public the other half as consumers, either by increasing the service without adding costs, or by reducing costs.

This role originates with labor, says the statement, because labor happens to have firm organizations through which it may become articulate.

RUSSIAN NEWS MOST GLOOMY

PARIS, Aug. 3.—The All-Russian government of Admiral Kolchak is preparing to move from Omsk to Irkutsk, and the morale of the Kolchak army is becoming so bad that there is little hope of it regaining the territory recently lost to the Bolsheviks, according to despatches received in Paris.

CONFIDENCE IN EBERT VOTED BY ASSEMBLY

WEIMAR.—Confidence in the Ebert government was voted by a large majority in the German national assembly. By a vote of 243 to 53, the assembly defeated a motion censuring the government, presented by the party of the Right.

The bill creating a state tribunal to try persons responsible for the war has reached the special committee which will consider it, it was announced officially. The tribunal as provided in the bill will consist of prominent German jurists and historians.

Foreign Minister Mueller declared before the assembly that the government favored giving publicity to the circumstances attending the conduct of the war.

The third reading of the constitutional bill was debated in the assembly. A proposal by the Democrats that members of parliament should be elected for four years was adopted by a vote of 166 to 139.

SEES GERMAN-AUSTRIA'S ONLY HOPE IN LEAGUE

COPENHAGEN.—A despatch from Vienna says that Dr. Karl Renner, in a letter to President Seitz, of German-Austria, outlining his policy on acceptance of the foreign ministry, says that German-Austria's struggle for future existence is proving much more difficult than even pessimists expected.

Dr. Renner declares, "unless the league of nations fails to be true to itself or refuses recognition of German-Austria's right to existence." German-Austria will not mix in the politics of the great powers nor share in the rivalries of its neighbors, Dr. Renner continues, but will pursue exclusively a league of nations policy and try to rebuild its national economic system and create a new social order.

"Its hopes will not be in vain," Dr. Renner declares, "unless the league of nations fails to be true to itself or refuses recognition of German-Austria's right to existence."

DATE OF FALL SESSION

OTTAWA.—Parliament will be called, in all probability, early in September. Thursday, Sept. 4, is suggested as a tentative date, although nothing has yet been officially determined. As pointed out some days ago, an earlier calling of session than was at first contemplated will be necessitated owing to the lapse of the War Measures act (and the orders-in-council passed under it) on the proclamation of peace. It is further regarded as of great importance that there should be no delay in ratification of the peace treaty by the Dominion parliament.

The warlike Turkish forces are concentrated chiefly about Erzerum, and in the neighborhood of Trebizond. A sort of Turkish political assembly, representing various districts is gathered at Erzerum.

NO FURTHER OUTBREAKS OF RIOTS IN CHICAGO

CHICAGO, Aug. 3.—Aside from a few minor disturbances, order prevails today in the Chicago "black belt," where race riots last week caused 35 deaths and injury to several hundred persons.

With the exception of an attack on Captain A. R. Wehrheim, G. Company, Fourth Reserve Militia, who was fired on and stabbed by three negroes, and the forming of a white mob in the stockyards district early this morning, no outbreaks of consequence have occurred since Thursday. The captain was severely wounded, but will recover.

BERLIN PEOPLE URGED TO SHOW RESTRAINT

LONDON, Eng.—A German wireless message states that a reward of 10,000 marks has been offered for information leading to the arrest of the individual who killed a French soldier in Friedrichstrasse, and Berlin papers call upon the people to exercise restraint and not allow themselves to be incensed by provocative acts of foreign soldiers.

At the same time French soldiers are advised not to walk in Friedrichstrasse at night. The papers further state that no trouble has been caused by American and English soldiers, who show more restraint than the French.

Serious Rioting at Liverpool

(Continued from Page 1.)

A Turbulent Night LIVERPOOL.—Rioting Saturday, as a result of the police strike, did not cease until nearly four o'clock Sunday morning.

Many persons were slightly injured during the course of stone throwing on the part of the rioters and charged by the troops. The mob was so threatening at one point that the troops fired into the air with a view of overawing it.

The riots were resumed today. More shops were looted and serious disorders occurred when troops were called to stop the sacking of stores in Lodge Lane, leading to a conflict between the rioters and troops, in which a man named Howley was severely wounded.

A mass meeting of 6,000 trade unionists in the stadium tonight passed a resolution declaring common cause with the police strikers, but deprecating looting on the ground that it gave the government an excuse for employing the military.

The magistrates are sitting continuously, swearing in constables and volunteer guards.

RENEWED RIOTING

Late tonight rioting was renewed in the London road district, with window smashing. Blank shots were fired over the huge crowds with little effect. Non-uniformed and special police were unable to disperse the mob and uniformed officers were called to the scene. These charged with their batons and checked the rioters, injuring many, but were unable to clear the streets entirely.

Another man was sent to a hospital suffering from a shot wound. Approximately half the police force is striking. It is reported that more troops and some tanks have been ordered to the city.

OUR ORGANISED GRAIN GROWERS

FARMERS PAY 170 PER CENT. MORE FOR WHAT THEY BUY AND RECEIVE ONLY 80 PER CENT.

Friends of the Grain Growers' political movement, who are being more and more frequently discovered in the weekly press, are again found in the Swift Current Herald. In a defence of the western farmers against the charge of profiteering, the Herald in its issue of July 24 last, after quoting from an eastern journal, comments on the speeches of some of the western representatives at Ottawa, which says:

"It has been evident they considered every protectionist a thief, and most citizens in British Columbia and east of Winnipeg as parasites fattening on the poor western farmer, who is struggling to earn a living growing wheat at \$2.25 per bushel or steers at \$125 a head."

The same article had a heading as follows: "Prairie M.P.'s are told some plain truths—Have no Monopoly on Morality or Sacrifice, but Are in Pork Packers' Class."

Are Farmers Profiteers? Are farmers war profiteers, at \$2.25 wheat, \$1.00 oats, hogs at \$22.50 per hundredweight, as sarcastically mentioned by that eastern journal? Is it true? Are the farmers guilty? Does it place the Grain Growers in the same class with those manufacturing concerns that gave evidence before the High Cost of Living Commission? By the way, did any farmers give evidence before that commission? To find the answer to the first question, let us examine the statistics of the Department of Labor between the years 1914 and 1919.

Farm commodities, grain and feed, rose 87 per cent. annual agricultural commodities rose 78 per cent. dairy commodities rose 78 per cent. So that 41 agricultural commodities advanced about 80 per cent. Let us examine further into the records. The department has listed 262 commodities. Subtract that 41 agricultural and we have left 221 commodities which have increased during the same period 170 per cent. Farmers therefore pay 170 per cent. more for what they want, while they get 80 per cent. more for what they produce.

These figures are authentic, taken from records. The farm at first thought appears to be a "get-rich-quick" plan with wheat at \$2.25 per bushel, oats at \$1, butter at 40c to 60c per pound, hogs at \$22.50 per cwt., etc., but the decline in the purchasing value of his money places the farmer worse off than before.

Other Side of Question There is also another side to the question. In comparing manufacturing interests to those of farming. With manufacturers they speak of earnings. During the H. C.L. investigations it was learned that the Ogilvie Milling company's profits were about 72 per cent. The woolen mills' profits were 70 per cent., while the Dominion Textiles were 300 per cent. But note: These profits were made after wages, salaries of managers and directors had been paid; also allowing proprietors current wages far above what any wage-earning man dreams of. Is there any farmer on our western plains today who after he deducts the cost of hired labor and other running expenses, allows himself and family fair wages for work he can show a profit of from 70 to 300 per cent.? If they can, advertise it. There would be such a rush for farm lands, such a "Back to the Land" movement as has never been known. Just the opposite obtains. The capitalists distrust the farmers. They realize that the big gamble on farm produce is before the farmer reaps his harvest, therefore they distrust, to a large extent, farm loans, and through this distrust they boost still skyward the high cost of living."

C.P.R. OFFERS \$500 SILVER CUP FOR BEST WHEAT In connection with the International Soil Products Exposition, which will be held at Kansas City, Mo., on September 24 to October 4, the Department of Colonization

of the Canadian Pacific Railway is offering a silver cup of the value of \$500 for the best half bushel of hard wheat, exhibited. It is hoped that every farmer in Saskatchewan who has a good sample of wheat, will submit a half bushel for the competition.

Those competing for the cup will automatically become competitors for the prize offered by the International Farming Congress in this class, which include a first, second and third prize. In addition they have a chance of winning the sweepstakes for wheat. The winning sample of hard spring wheat is usually the best exhibit of wheat shown at the exposition and thus wins the sweepstakes prize and the exhibits from Western Canada generally carry all before them in this class.

Last year the C.P.R. cup, the sweepstakes for wheat and the first prize for hard wheat were won by Seager Wheeler of Rosthern, Saskatchewan, with H. B. Sheeley, of High River, Alta., a good second.

URGENT APPEAL FROM FARMERS TO CANADIAN PREMIER An urgent appeal to Sir Robert Borden for relief to the farmers of the suffering districts of Saskatchewan finds expression in the following resolution which was adopted recently by the McGeie Grain Growers' local; a copy of which has been forwarded for publication by L. G. Leard, the secretary treasurer.

Whereas the great and supreme Ruler of the Universe has, in His infinite wisdom, seen fit to withhold the blessing of adequate showers:

And, whereas, the hot winds and prolonged drought have eliminated any possible recovery of the crops;

And, whereas the weather conditions of the two previous years have been unfavorable and detrimental to the production of even minimum crops;

And, whereas, the farmers have been compelled to work on their credit these last two years;

And, whereas the banks have withdrawn any further extension of credit to farmers, owing to the failure of the present crop;

And, whereas, the great majority, through lack of resources, are compelled to abandon any further prosecution of their preparatory work for next year;

And, whereas the farmers without adequate assistance are not able to continue their operations;

And, whereas the prime minister, Sir Robert Borden, has recently asserted, "Production must be prosecuted to the utmost extent of our ability if we would avoid national disaster;"

Therefore be it resolved: That the wisdom and ability of our government be directed towards finding ways and means of providing or guaranteeing sufficient credit to enable farmers to carry on.

Resolved, that our government see to it that farmers be not required to leave their farms to provide a living for themselves and families by doing railroad or any other work, at this particular season of the year, in which it is imperative their own farm work should be accomplished.

Resolved that our government take immediate and effective action to stimulate and secure to the nation the maximum production of farm products for the year 1920.
