BOSTON LETTER.

Gloucester Fish Trade Hampered By a Strike.

State Police Board Puzzled—Deaths of Former Provincialists—The Lumber and Fish Markets—Coronation Day.

(From Our Own Correspondent.)

BOSTON, Aug. 4.—The exodus to the shore resorts and to the country has been very heavy during the past few days, due to the warm weather, which arrived simultaneously with the month. While the heat has not been out of the usual order, it has been at times decidedly oppressive, the nights being about as uncomfortable as the daytime. The summer to date has been the healthiest known here for many years. The mortality has been exceedingly low, and the medical fraternity have found plenty of time for a vacation. These conditions are attributed to the remarkably cool record of June and July. Smallpox has not as yet been stamped out, but the health officials throughout the state hope to have the disease obliterated during the present season. Last month there were 155 new cases throughout the state. In this city the disease has been practically stamped out.

The allied British societies of Boston and vicinity have perfected all arrangements for the coronation festival which is to be held in Tremont Temple Monday evening, Aug. 11. The list of speakers includes Sir Adolphe Caron, formerly minister of militia and defence in the Canadian government; G. Whitrop Allen of Fredericton, and Hon. Wm. Everett of Quincy, a former member of congress. The band of the Fifth Regiment, Massachusetts Volunteer Militia, Herbert Johnson's Concert Company, and the famous vest-choir of the Church of the Advent, forty voices, are to furnish the musical features of the programme. The International Paper Co., some times designated as the newspaper combine, has invaded Canada in earnest. Agents of the company fearing a shortage of spruce pulp wood and gradually advancing prices of timber lands, have been buying immense tracts in Quebec province and securing options on others. The company controls 1,900,000 acres of spruce timber at the present time. It has recently purchased 197 square miles on the St. Maurice River, near Three Rivers, where great mills are to be erected.

There have been rumors and reports in circulation of late to the effect that the Pennsylvania Railroad was attempting to purchase the Maine Central and Boston & Maine railroads. It is learned from official sources that there is no truth in the stories. Rose Coghlan, the actress, who is a summer resident of Prince Edward Island, has applied to the United States courts in Montana for naturalization papers, she having determined to become a citizen. It is stated that the actress, who is private life is Mrs. John T. Sullivan, will take up a ranch for cattle raising purposes in Montana.

The petition of John C. Best, for the commutation of the death sentence, will be heard by Gov. Crane and his

council on Wednesday. It is a practical certainty that the governor will decline to interfere. The fish trade in Gloucester is hampered by a strike of skimmers, cutters and other hands. The employers of labor threaten to bring men from the provinces to take the places of the strikers unless they return, but the strikers' leaders assert that they will call upon the immigration officials to enforce the contract labor law if the threat is carried out. It is thought the strike may spread to Boston. The strikers demand an advance in wages. Many of them are former provincialists.

Alexander McLean of North Weymouth, formerly of Prince Edward Island, was drowned while bathing in Weymouth Fore River on July 28. McLean was 24 years of age and unmarried. Among deaths of former provincialists were the following: In Cambridge July 30, Mrs. Amelia Kelley, wife of James Kelley of Brighton, aged 67 years, native of St. John; in Dorchester, July 27, Mrs. Agnes F. Bulfinch, wife of William Bulfinch of London, aged 41 years, formerly of St. John; in this city, July 28, Rev. H. B. Morris of Fredericton; in Somerville, July 31, George Everett Messere, aged 42 years, son of Clarence F. Messere, formerly of Prince Edward Island; in Dedham, July 31, Edward Clinch, aged 80, late of Halifax; in Randolph, July 28, Mrs. Belle H. Delano, wife of Charles W. Delano, aged 29 years, native of Nova Scotia; in this city, July 26, Ida E. Shilpa, six years old, daughter of the late William and Margaret Shilpa of Yarmouth; in Waterville, Aug. 3, Benjamin P. Price, aged 77, formerly of St. John.

The state police board is puzzled to account for a series of attacks which have been made upon women in Cambridge, Brighton and other places of late. The attacks have been made at night, and in each case a young woman walking alone has been struck from behind by some person carrying a heavy bludgeon. The wounds inflicted have been of a serious nature, although none of the victims have died. There was apparently an absence of motive. The assailant escaped each time. The police hold the theory that he is insane, and some people think he may be responsible for the disappearance of two children who have never been found.

Geo. F. Cook, a master carpenter and builder of Somerville, is missing. Mr. Cook is a Nova Scotian and had been unsuccessful in business. The farmers of northern New England report a very poor hay crop, due to the wet weather while the crop was being made. In some sections hay lay in the fields ten days after it had been mowed. The quality is poor, and high prices are expected next winter. Lee Russell, formerly of Halifax, has been appointed teacher of chemistry and mineralogy at the Worcester State Normal School.

The spruce lumber trade here has improved during the last week, but some of the smaller mills for the sake of disposing of stock, have shaded prices. The situation, however, is considered firm, and the large mills are maintaining association rates. Accumulated demand is offering at a decline of 50 cents, or thereabouts, from quoted figures. Shingles are not in demand here. Ten and 12-in. dimensions by car are worth \$30 to \$22; 8-in. and under, \$19 to \$20; merchantable boards, \$17. Large sizes spruce

lumber by cargo are quoted at \$18 to \$19; 2-in. by 12-in. to 27-in. shippers' at \$17, and planed coarse \$15. Laths are held at \$3.10 to \$3.20 for car, and \$2 to \$2.15 for cargo. Extra cedar and fir, jobbers quoting this class of fish at \$4 to \$4.50, and medium at \$3.75 to \$4. Large dry bark are worth \$4.50 and medium, \$4; large pickled bark, \$3.75 to 4; medium, \$3.25 to \$4.50. Bar- ril bearings are dull and nominal. Nova Scotia logs split being listed at \$5 to 6, and medium at \$5. Canned lobsters are scarce and very firm. For one-pound tins, \$2.50 to 2.60 is asked by wholesalers, and \$2.75 to 3 for one-pound flats. Live lobsters are also very firm at 16, and boiled at 18 cents.

DEATH OF SETH ERB OF LONG POINT. A correspondent writes: Seth Erb of Long Point died at his home July 9th after a long and severe illness. He was 62 years of age, and had been eleven and a half months in bed. His painful illness with Christian fortitude to the end. Bro. Erb was baptized by the Rev. Robert French 31 years ago and united with the Free Baptist Church of Kars, where he remained a consistent member until a church was organized at Long Point, when he withdrew his membership from the Kars Church, uniting with the church at Long Point as its senior deacon, where he remained a faithful worker until his death. Bro. Erb was 60 years and 6 months old, and leaves a sorrowing widow and ten children, six girls and four boys, who were all present at his funeral; also ten grandchildren, two brothers and three sisters to mourn the loss of a kind husband and faithful father and brother. He was respected and esteemed by all who knew him, judging from the large concourse that attended his funeral. The services were conducted by the Rev. F. G. Frances, assisted by Rev. J. D. Wetmore (Baptist). The interment took place at Kiersteadville.

Bicyclists and all athletes depend on BENTLEY'S Liniment to keep their joints limber and muscles in trim. MR. SMILEY APPOINTED DIVISIONAL FREIGHT AGENT. (Montreal Star.) E. S. B., in succession to the late W. G. Robertson. His district extends from St. John to Moncton inclusive, and north of Moncton to and including Bel River, and east of Moncton as far as Aulac and the Point du Chene branch whither are embraced in his area of jurisdiction. SHERIFF PEARSON DEAD. The Man Who Enforced Prohibition in Portland, Me.

As It Had Never Been Enforced Before—Was the Liquor Dealers' Terror. PORTLAND, Me., Aug. 6.—Sheriff Pearson died at Poland, at White Oak Springs hotel at 12.30 this morning. With him at the time of his death were his daughter, Miss Evangeline, and his physician, Dr. Norcross of Lewiston. The sheriff became unconscious last Sunday evening and did not recover from that condition. Sheriff Pearson went to White Oak Springs hotel five weeks ago. The sheriff had been suffering from a worry incident to his office had caused him to fall rapidly in health and almost compelled by his friends, he went away for a rest. Three weeks ago lightning struck the hotel and the excitement incident to this affected his heart and his illness thereafter assumed a critical form. He has failed rapidly since then, though with occasional slight periods of improvement. Little or no hope has been entertained of his recovery for a week or more. PORTLAND, Me., Aug. 6.—Rev. Samuel Freeman Pearson was born in Roxbury, Mass., Feb. 12, 1852. He received his education in the public schools of Roxbury and Chelsea and received his training for active life in the business house of Pearson, Howe and Stockman, Roxbury. In August, 1882, he sailed for three years in the 40th Massachusetts Regiment and served with distinction until the close of the war, being twice awarded the Medal of Honor. After the close of the war he engaged in the chandlery and shoe store business in the house of Henry T. Holmes, Boston, and in 1888 established the firm of Pearson, Parsons and Co., as successors to Henry T. Holmes. In 1892 Mr. Pearson came to Portland and immediately after his conversion engaged in temperance reform work and for more than three years after which he became identified with the Young Men's Christian Association. A report from the general secretary of the 29th century fund for the Dominion showed that amount received to be \$1,234,551.29, divided as follows: Local church funds, \$978,595.35; conference funds, \$245,458.42; balance allocated.
