

FOUR FIERCE BATTLES RAGING IN THE EAST

Von Hindenburg Makes Another Attempt to Reach Dvinsk--Mackensen Still Held in Pripet Marshes While Gen. Ivanoff Gains Ground from Austrians in Galicia.

London, Sept. 28.—There has been no cessation of the heavy fighting on the Russian front. From Riga down to Galicia the armies are contesting every inch of the ground, and at least four separate battles are in progress. Field Marshal Von Hindenburg has resumed his efforts to reach Dvinsk, which town has been denied him so many times. The Germans announce that the Russians have been driven from two successive lines of trenches to the southwest of Dvinsk.

back and is himself gaining ground. Montenegro, the smallest of the allied nations, is taking a hand in the general attack on the Central Powers. She has launched an energetic offensive, according to an unofficial telegram, which secured for her the possession of some Austrian positions. Sir Edward Grey, the British foreign secretary, in the House of Commons today made statements regarding the Balkan situation which should tend to clear the atmosphere. While saying that Bulgaria had assured the Powers that she had no aggressive intentions against her neighborhood states, Sir Edward took occasion to warn that country, if any aggression would bring to the assistance of any friend of the allies attacked the whole power of the British Empire. The enthusiasm with which the Greeks are answering the call to a mobilization is considered in London as also being likely to affect the Balkan situation.

Entire Regiments Of Germans Wiped Out in Allies' Drive

London, Sept. 28.—Reuter's correspondent at the British headquarters in France, in a description of the bombardment which preceded Saturday's attack on the Germans says: "The German lines became smothered in dust, their parapets melted away and their barbed wire entanglements disappeared. Those sleeping thirty or forty miles away were awakened by the dull rumbling, while even at that distance the displacement of air was clearly felt."

THE MESSAGE DELIVERED TO THE MILL MEN

Pleasant Point mill the scene of recruiting meeting—One recruit secured

A recruiting meeting was held in Pleasant Point at noon yesterday. The speakers were introduced by C. B. Lockhart, M. L., who spoke in a friendly way why they should enlist and asked for recruits. The first speaker was Private David Walter Shaw, a South African veteran who told the men of his experiences in that war. Private Martin Ward of the 64th Battalion was next introduced and said that he thought it his duty to go to the aid of the men already in France, and that he also thought it was the duty of every young man who was fit to come with him. He told of the work being done by the 64th in Sussex and what the life at camp was like. He told the men where the recruiting office was on Mill street and asked them to come over and get particulars for they were not forced to join if they came to the office. "There is always an officer there who is glad to give all the information that is necessary and he will take the names of any one wanting to enlist and will have them examined. Many of the men here said that they would come to the office and one man handed in his name to the officer right there. He was Louis Jones.

SEND YOUR DONATIONS FOR PATRIOTIC AUCTION TO THE RINKS AT ONCE

Have you sent in your donation for the patriotic auction yet? The two rinks, St. Andrews and the Queens were alive with volunteers yesterday and last night and all the donations received were promptly attended to. It is most important that whatever gifts are to be made should be sent in as soon as possible for so great a quantity of goods is being received that it will mean considerable extra work in a last-day rush if the contributions are not delivered very soon. The two rinks will be open every morning, afternoon and evening this week for the reception of goods—if you have not yet sent in your donation, do it today.

The idea of departmentalizing is being carried out most successfully, and under the direction of a large and energetic committee from some of the business houses about the city, the two buildings have been divided into sections that the various goods may be more readily handled and assorted. In order that the display may be satisfactorily attended to and a proper assortment made it is imperative that all goods to be contributed should be on hand as soon as the donors can possibly give them in—how soon will that be in your case? The earlier the contribution is received, the better attention it will receive and the more will the big movement in the interests of the patriotic fund be facilitated.

DOUBLE MATINEE TODAY!

Great Comedy Repeated
THE SUCCESS WHICH HAS ATTENDED THE SHOWING OF "Tillie's Punctured Romance" has fully warranted the original arrangement of continuing this great comedy Wednesday and Thursday at the matinees. It also turns out especially fortunate that we should do so because the unfavorable weather has prevented many from seeing Miss Dressler and Mr. Chaplin in this masterpiece of fun. "Tillie's Punctured Romance" will be repeated this afternoon and tomorrow afternoon, but will not be shown at the evening performances either day.

"The Goddess" is Delightful
WE LEFT TOMMY BARCLAY AND CELESTIA leaving Bellevue Lunatic Asylum in the last chapter of this beautiful serial story. Tommy is determined that the girl will be released from the hypnotic power of Professor Silvester and takes her to the home of some of his friends.
