

FRENCH AIRMEN LAST NIGHT'S WAR NEWS

READY TO ATTACK ENEMY IF THEY APPEAR OVER PARIS—VIENNA REPORTS RUSSIAN LOSSES AT 40,000 NEAR PRZEMYSL.

Paris, Oct. 13.—Two French aerial vedettes patrolled the sky above Paris today watching for German raiders. Other French aircraft were in readiness at the aviation posts to take the air if an enemy was sighted. Crowds gathered in the squares and open spaces to watch the French aeroplanes.

Vienna, Oct. 13, via Amsterdam and London (5.55 p.m.)—An official announcement given out in Vienna today reads as follows: "Our offensive has reached the San River, after numerous fights, most of which resulted victoriously for our troops."

"The relief of the stronghold of Przemyśl has been completed."

"To the north and to the south of this fortress which remains of the hostile army has been attacked. Jaroslav and Lepava are in our possession."

"A strong force of the enemy has retired from Sienkawa."

"To the eastward of Chyso our offensive movement is progressing."

"In Russian Poland all attempts made by strong Russian forces to cross the River Vistula to the south of Ivanograd have been repulsed. These troops came out of Ivanograd. (Signed) General Hofer, Deputy Chief of the general staff."

Vienna puts Russian losses at Przemyśl at 40,000.

London, Oct. 13 (9.50 p.m.)—The following official statement, given out in Berlin, has been received here by the Marconi Wireless Telegraph Company:

"It is officially reported from Vienna that 40,000 Russians were killed or wounded near Przemyśl."

Belgian officers who are interned in Holland estimate that about 20,000 Belgian soldiers are still in Antwerp as prisoners.

The Germans, as soon as they entered Antwerp, took possession of all the fire engines in the city and commenced extinguishing the fires."

BRITISH CONSUL LEAVING OSTEND

American Consul to Look After Great Britain's Interest there

Washington, Oct. 13.—American Consul Johnson at Ostend reported today that British interests there had been turned over to him, and that the British Consul would leave for England tomorrow. Whether this meant the abandonment of Ostend by British, as well as Belgian military forces, was not stated, but the despatches indicate the rapid approach of the Germans from Antwerp.

Mr. Johnson reported that communication between Ostend and Ghent had been severed since yesterday, and the belief prevailed in Ostend that Ghent had fallen. He said he was able still to communicate with Bruges, not far distant from Ostend, disapproving reports that the town had likewise been occupied.

The British government has asked the American consul at Warsaw, capital of Russian Poland, to take over British interests in the event that the town is captured by the Germans. American Consul De Soto, at Warsaw, is called for instructions today, saying that there was every probability of occupation by the Germans. It is believed here that the Russians intend to evacuate.

BYE-ELECTION IN NEWFOUNDLAND, NOV. 26

St. John's, Nfld., Oct. 13.—The government proclaims tonight a bye-election in the Twilligate district for the seat resigned by Ex-Premier Bond last winter. Nomination is fixed for November 16 and polling November 26. It is understood that Wm. Coaker, president of the Fishermen's Union, and now the member for Bonavista will resign his present seat and contest the seat, being succeeded in the Bonavista candidature when the election there is ordered by Alfred B. Morine, who returned from Canada two years ago.

TO MAKE HAIRS VANISH FROM FACE, NECK OR ARMS

Keep a little powdered delatone handy and when hairy growths appear make a paste with some of the powder and a little water, then spread over hairy surface. After two or three minutes rub off, wash the skin and it will be entirely free from hair or blemish. This simple treatment is infallible, but care should be exercised to be sure and get genuine delatone, otherwise you may be disappointed.

ALLEES OPPOSING GERMAN OFFENSIVE THROUGH BELGIUM

Continued from page 1. In accordance with the new plan the German invaders have begun to sweep across northern Belgium, and without opposition, and are now said to be well advanced toward Bruges, on their way to Ostend. They will probably meet with strong opposition before they reach Bruges, as the Belgian army is now being re-organized and has been reinforced.

French Army Will Attempt to Cut Off German Advance to Coast

All despatches from that region are being strictly censored, so that nothing has been learned of the operations since Ghent fell into the hands of the invaders. The people are feeling before the invaders, and the steamers from Ostend today were crowded with refugees.

The Germans are making a simultaneous western advance in southern Belgium, while across the border, in France, a whole army corps has occupied Lille, and they have been sent to cut off, if possible, this attempt to reach the coast, and according to the French official communication issued this afternoon, have taken the offensive against the Germans.

This movement, besides being a distinct menace to the allies' left wing would, if successful, arouse great enthusiasm in Germany, as an indication that the promised attack against the coast, which has been engaged in, is about to be carried out. Already bombs have been dropped on Ostend from aeroplanes, and the Germans reach the coast, will be within easy striking distance of the British coast ports, and even London.

This new movement promises to bring the battle of the Aisne, which has been in progress for a month, to a speedy conclusion. The Germans, although they have brought heavy reinforcements from Germany, and can now use at least a part of the troops which participated in the battle of Antwerp, are known to have withdrawn many troops from their front, along the Aisne, to reinforce the west wing, where they have been striking hard at the allies' left.

These attacks have apparently met with success, for the Germans have made marked progress between Arras and Albert. At the same time, the withdrawal of troops which have been engaged in these attacks from the centre has enabled the allies to make advances in the Berry-Asche district, to the north-west of Rheims, and also toward Souain, west of the Argonne, and north of Malancourt, between the Argonne and the Meuse.

Nothing is said in the French official report of the fighting around Apremont and St. Eloi, which has been very heavy for some time. Here the Germans have been making determined efforts to maintain their position on the Meuse.

Conflicting Reports From Eastern Theatre.

However, all this is now secondary to the battle in the Province of Picardy, which forms the Department of Somme, and part of Oise, Pas de Calais and Nord.

The Germans are in complete possession of the city of Antwerp, but it is said that some of the forts are still held out, and that Gen. Guise, the Belgian commander, is there directing the portion of the Belgian garrison in and the loss which there is another rumor, however, that Gen. Guise is among the Belgians who crossed the Dutch border, and that he has been with the others. The big German siege guns which were used to reduce the Antwerp forts have already been pointed toward the coast, and are to be taken to the Voorges, where an attempt will be made to reduce Belfort.

Of fighting in Galicia the official report from Petrograd and Vienna are so directly at variance that there is no reconciling them. Vienna says that the relief of Przemyśl is complete, while Petrograd declares that the siege is progressing and that the Russian artillery is destroying all the fortress works.

The general opinion gathered from the various reports is that the Russians have withdrawn to a line starting from Sambor, in Galicia, and passing through Przemysl, Sandomir and Ivanograd, and thence to the west of Warsaw, roughly, along the San and Vistula rivers, where they are waiting to meet the advancing Austro-German armies on ground of the Russians own choosing. The biggest forces are between Sandomir and Ivanograd, which is the centre of the German advance.

The fighting thus far is only of advances guards character, or probably, where the Russians are withdrawing. The Germans, seemingly, are completely out of the Suwalki and Lomza districts, but the Russian advance in the East Prussia is making little, if any, progress. Probably both are willing to wait where they are until the situation has been decided. The Germans, it is said, have been surprised by the early setting in of winter, and that being provided with heavy clothing, such as the Russians have, are suffering severely.

In the sinking of the cruiser Palada by a German submarine the Russian navy has suffered quite a heavy loss. Russia has too few ships as it is and the loss which the Palada class is of serious consequence. Oddly enough it was another Palada which was among the first ships that were sunk at Port Arthur.

A Useful Kitchen Table. A most useful article of kitchen furniture is a small movable zinc-covered table. It should be about twenty-eight inches high and the top two feet square. The top should be covered with zinc, and three sides have vice-like handles which can be raised to set the dry dishes on, then wheeling into the pantry, thereby saving casters. When canning fruit or making griddle-cakes, etc., it can be rolled close to the range. One can set stoves or frying-pans on it, as the zinc is easily cleaned. An under-table, if required, may be added and placed about ten inches from the casters. This handy table is also serviceable when rolled near the sink, to set the dry dishes on, then wheeling into the pantry, thereby saving casters. When canning fruit or making

MAJOR R. S. DAVID DIES IN MONTREAL

Found a Friend in Dr. Chase

His Medicines Proven Effective, and Always Kept at Hand in This Home.

Mrs. Chas. Lovell, Agassiz, B. C., writes:—I feel it my duty to tell you what a great friend Dr. Chase's medicines have been to myself and family. I cannot praise his medicines too highly, and Dr. Chase's name is a household word in our home. Well, quite a number of years ago I sent you for a sample box of Dr. Chase's Ointment for protruding piles, and, having used the sample and found relief, I sent to a neighboring town for four boxes and I am completely cured. I have also used Dr. Chase's Kidney-Liver Pills for constipation, and, after using them, I am completely cured of this dreadful disease. I am the mother of ten children, of whom nine are living, and when seven of my children were all very bad with whooping cough, caught in the middle of a severe winter, I used Dr. Chase's Syrup of Linseed and Turpentine, and they were all cured before the winter was over, and now we are never without Dr. Chase's medicines in our home, and I recommend them to all.

FOUR-REEL WHIRL IN NEW YORK, BY LOUIS TRACY.

EIGHT HOURS is not a very long time, yet it completely changed the lives of a girl and a man. A man's life was fanned out by Fate, criminals were caught and punished and a battle of wits took place which baffled New York. The pretender to the throne of Hungary needed funds for his intrigues. The Earl of Valletot insisted his daughter marry the Hungarian nobleman. The girl escaped to America. Then the plot thickened. Newspaper men take up the story; keen detectives, ambassadors, paid assassins from across the water are involved. An interminable tangle, seemingly, but oh what a solution of it all. See it.

Paris Reports Considerable Corps Defeated in Galicia

Paris, Oct. 13.—The following announcement was given out in Paris this afternoon:

"On our left wing our forces have repulsed the offensive in the region of Hazebrouck and of Bethune against detachments of the enemy composed in large part of cavalry coming from the front along Balloul, Estaires and La Bassée."

"The town of Lille, held by a territorial detachment, has been occupied by a German army corps."

"Between Arras and Alost we have made notable progress."

"On the centre also we have made progress, in the region of Berry-Bac, and we have advanced toward Souain in the west of the Argonne north of Malancourt."

"Between the Argonne and the Meuse, on the right bank of the Meuse, our troops who hold the heights of Meuse to the east of Verdun, have advanced."

"To the south of the road from Verdun to Metz, in the region of Apremont we have gained a little territory on our right, and repulsed a German attack on our left."

"On our right wing, Vosges and saxe, there has been no change. To sum up, yesterday was marked by perceptible progress on the part of our forces in various points on the field of battle."

"In Galicia the Austrian corps formed in Galicia are endeavoring to form at a point four kilometres west of Przemyśl."

Petrograd, Oct. 13.—Prince Olegson of Grand Duke Constantine, yesterday of wounds received in the war.

An official despatch from Petrograd on Oct. 11, said Prince Oleg had been wounded during a cavalry engagement at the front. He was carrying a Russian standard at the time he was shot. The Russian Emperor, who is recovering from a long illness, was informed of the American hospital ship Red Cross which arrived at Rotterdam last Tuesday, sailed at 3 o'clock yesterday for London.

Attack on Prince

New York, Oct. 12.—An attack on the Princess Marie of Russia, a relative of Tsar Nicholas, in the streets of Coburg, Germany, during which she was severely injured, was reported here today.

The Princess was en route in automobile from the palace, a night miles from Coburg, where she lives part of the time, to her home in Coburg.

The Princess was severely injured and her face and hands were severely bruised and scratched, was reported by Mrs. L. V. Castano, the wife of Brigadier General L. V. Cast, retired, of the United States Army, who with the General and their daughter, Marie, in a chateau near the palace, were the guests of the Princess, which arrived last night from Romania.

A general and Mrs. Castano have been the greater part of the last five years at Coburg, Germany, and of have been tenants of the Princess Marie in a chateau near the palace where she lives. They declared the attack on the Princess, with whom are personally acquainted, was an outrage which caused all German bluish with shame, particularly because it occurred in the city of Coburg, which has lived for more than thirty years and which has benefited to a great extent through her philanthropy.

The Princess was en route in automobile from the palace, a night miles from Coburg, where she lives part of the time, to her home in Coburg.

RED UNSIGHTLY PIMPLES ON FACE

Itching and Burning, Scratching Irritated. Disfigured for a Time Used Cuticura Soap and Ointment. Pimples Disappeared.

1756 Wimplog St., Regina, Sask.—was troubled with itching pimples on face for over three years. They were red and unsightly. They caused itching, burning and I used to scratch and irritate them. The breaking out disfigured me a little.

I tried many well-advertised treatments such as—Prescription, etc., but without success. A friend told me of the advertisement of Cuticura Soap and Ointment in a local paper and I had tried a free sample I could see a marked improvement. I washed my face with the soap and then applied the Ointment two or three times a day. After a mere Cuticura Soap and two boxes of Cuticura Ointment all the pimples completely disappeared."
