

THE SEMI-WEEKLY TELEGRAPH, ST. JOHN, N. B., MARCH 11, 1903.

OUR COUNTRY CORRESPONDENCE.

FREDERICTON.

Fredericton, March 8.—(Special)—Thos. Sinnott, a leading farmer of Queensbury, died at that place last night after a lingering illness from cancerous tumor. He was 71 years of age and is survived by his wife, two daughters and three sons, one of the latter being Alex. Sinnott, of this city.

There are three cases of smallpox in the family of Basil Goodine at Kingsclear and one case in the family of Louis Goodine, of the same place. The disease is supposed to have been brought from the Maine lumber woods. Doctor Mullin, chairman of the board of health, visited Kingsclear yesterday and placed both houses under observation.

It has been raining steadily here since morning and the snow is fast disappearing.

Mr. and Mrs. John McKern, of Keewick Ridge, will leave for the Northwest in about a month, where they will spend three or four months and it is their intention to cross the Atlantic, perhaps before their return to York county. Mr. McKern has made over his farm, farming implements and stock to his two nephews, Herbert and Healey. As his farm is one of the best in York county this presents a significant one.

An accident which may prove fatal occurred at Morroquois Mills Friday evening. Mrs. John Briggs put her one year old baby to bed in his crib upstairs and went down about her work. Shortly afterwards she was attracted by the cries of the infant, and on going upstairs was horrified to see that the little one had upset the burning lamp on to the floor, which set fire to the coverings. Mrs. Briggs smothered the flames but before her child had been badly burned about the legs and lower part of body of the crib.

Dual Obsequy, of Yoho Lake, passed away at his home Thursday last. He ceased to be 75 years of age and leaves a widow and family. The funeral took place this morning. Rev. Father LeBlanc, of French Village, officiating.

It is understood that a detachment of men with two guns from either the Newcastle or Woodstock field battery will fire the customary salute at the opening of the legislature.

Letters testamentary in re the estate of the late Dr. F. J. Seery have been issued out of the York probate court. The estate is valued at \$7,000, all personal property. R. W. McLellan is executor and Miss Josephine Seery executrix.

The March term of the Sumbury county court will open at Burton Tuesday next, Judge Wilson presiding.

A letter from South Africa states that Guy Peppers, of this city, who enlisted in the constabulary, has secured his discharge and has accepted a lucrative position with a large drug firm at Cape Town.

It is stated that Fraser Hazlett, of this city, had gone to Pretoria to get his discharge papers from the constabulary and that he intended leaving for home soon.

CHATHAM.

Chatham, March 8.—A large and enthusiastic meeting was held in St. Andrew's hall last evening for the purpose of organizing a League in connection with the church to carry on temperance work and to try and have the temperance laws more effectively enforced in the town. A. F. Bentley was in the chair and Doctor Macdonald, the attending physician, has returned to Chatham.

On account of the last few days of cold weather there has been no curing and the snow is rapidly growing less.

Chatham, March 7.—An adjourned meeting of the board of trade was held here last evening for the purpose of hearing report of committee who had been appointed to see what could be done towards starting new industries in Chatham. Governor Snowball was in the chair.

Mr. Murdoch reported that he had corresponded with several manufacturers in respect to opening new industries, but all of them had declined to do so. He was now corresponding with one of the most successful managers of furniture factories in Ontario, who would be willing to come here as manager of such a factory and would be willing to invest some money in the same. His estimate for the factory to employ 100 hands was \$25,000 for building and machinery and \$25,000 for working capital, the building to be of brick or stone. He suggested that the factory to employ 100 hands was \$25,000 in yearly instalments of \$1,000 without interest. Plans of building required were submitted and Mr. Murdoch forcibly set forth the great advantage this enterprise would be to the town.

The prospects of getting sufficient supply of wood, etc., were discussed by a resolution, moved by J. L. Stewart, was adopted.

Resolved, that the leasing of a reasonable amount to a furniture factory, as recommended, is a form of bonus that commends itself to this board.

The following resolution moved by G. Watt was also adopted:

Resolved, that the board of trade assign Moncton, N. B., March 8.—(Special)—Professional safe crackers burglarized J. S. Triton store Lewisville, Friday night, and secured little cash. The safe door was blown to pieces. It was the night after pay and the thieves, no doubt, expected to make a big haul, but Mr. Triton took all the cash home, except about \$12.

William White was arrested Saturday and arraigned in the police court on a charge of burglarizing the Winter Company's hardware store last January. A gun stolen from the store was found in White's possession, but on the witness stand he claimed to have bought it from a man named Casey. He was committed for trial.

General petty burglaries have been reported to the police of late. The saloons run by O. S. Legree and E. Man LeGiac were entered a few nights ago and small sums of money and cigars stolen.

Woodstock, March 8.—The recent election of that bright young lawyer, Wendell P. Jones, to the legislature for Carleton county, in the Liberal interest, has opened up the question of giving a party in the cabinet to one of the up-river members supporting the government.

The Liberals in this county are of the opinion that Mr. Jones should be given the seat in the government, lately vacated by Hon. Mr. Hill, of Charlotte county.

The appointment of Mr. Jones would give general satisfaction to the Liberals in Carleton, Victoria and Madawaska counties, and it is confidently hoped that the suggested appointment may be made.

H. Y. Darling has just returned from Bath, after putting the telephone, which has been in very bad shape for some time, in good working order again.

Wendell P. Jones, M. P., has been presented with the Dalling cup, having won the local golf championship for 1902. An epidemic of measles is now spreading throughout the town, and many children are suffering from the effects of the disease. The little daughter of Mr. and Mrs.

POLICEMAN MURDERED IN BANGOR STREET

Alberts, Negro Desperado, Shoots Policeman Jordan, But is Captured.

COLD-BLOODED AFFAIR. Officer Had Gone to House Where Alberts Had Made Trouble—He Ran and Officer Chased Him Only to Meet Death—Jordan Formerly Was on Steamer Penobscot.

Bangor, Me., March 8.—While performing the duties of his office Saturday night, Patrolman Patrick H. Jordan was shot in the head and instantly killed in Carroll street, on the outskirts of the city. W. J. Alberts, a negro, was arrested for the crime and is now locked up awaiting the result of the coroner's inquest this evening. Alberts, who was divorced from his wife last February, came to Bangor Friday night, and Saturday night at 11 o'clock appeared at his wife's house.

He battered the door down and the woman, fearing for her life, fled to her room, leaving Alberts in possession.

An alarm was given and Patrolman Jordan and O'Donoghue went to the house. Alberts leaped from a window and ran down the street, but was captured by O'Donoghue and taken back to the patrol wagon and started to follow Jordan. He soon lost sight of him, however, and was forced to return to his home on account of an alarm of fire.

Shortly after this a boy discovered a dead body in Carroll street and word was sent to police headquarters. It was feared Pennsylvania avenue and in many respects superior.

WARRIOR FAILED WHEN HE TRIED TO SPEAK.

London, March 7.—An interesting feature of this week's Army magazine in the house of lords was the collapse of Lord Lovat, who on rising to make his maiden speech said:

"My lords, I venture to think this army corps system, by producing a definite scheme"—and then said down, unable to utter another word.

Are Your Feet AND Hands Cold?

If they are, look after your feet at once. Cold feet and hands mean a weak heart—a heart that's not strong enough to pump the blood into the extremities. It means a dangerous heart—a heart that's going to give out all of a sudden. Not a day passes but you are of someone dropping dead, perhaps in a street—may be even in sight of home, yet without a bit of warning.

FREE CONSULTATION AND ADVICE

In regard to it. His success in cases of heart trouble has been marvelous. This is due in a large measure to the fact that he combines with his deep learning and remarkable skill as a physician, the tenderness and compassion of a humane and benevolent man.
