Thelieve it would be useless to take stand. Ald. Drake declared today that

"I believe it would be useless to take a vote," he said. "It is evident that this is not a good time to build, and therefore the people would only vote against it. We had better give the money to some charitable institution than spend it on a vote when no good is to be gained by it."

VANCOUVER UNEMPLOYED HOLD BIG DEMONSTRATION

Vancouver, B. C., Feb. 21.-Condemn ing the city and province for "stalling"

of the latest Clyde-built airship, the R-36, is rapidly approaching. and the craft may undergo a trial flight next month. She is a few feet longer than the R-34, recently wrecked, has greater oilcarrying capacity, and is likely to be speedier. It is expected she will be used to maintain a mail and passenger service be-tween England and Cairo.

A prominent feature is a huge gondola suspended in the centre, with accommodation for 50 passengers. Beds will be provided on the railway sleeper principle, two in each cabin. During the day the beds can be folded up and stowed away in recesses. ed from the roof during the night, may be lowered, and the,

cussion of the agenda would be completed by March 3.

Switzerland's refusal to allow league contingents to cross that country on their way to Lithuania would be discussed early during the meeting, it was declared. While announcements have stated that the calling of the meeting in this city instead of Geneva was not influenced by Switzerland's refusal, it is known that there has been considerable feeling in the council, one member having refused to go to Geneva. While it was not expected the council would act upon, suggestions that the capital of the league be removed from Geneva, such action is being discussed in league crcles. One feature of the question is the difficulty of securing adequate hotel accommodations in Geneva for the next meeting of the assembly, to be held in September, 1922.

THREE GREAT POWERS EXPECTED TO FAVOR TREATY REVISION

London, Feb. 21.—Agreement between Great Britain, France and Italy for alterations of the treaty of Sevres, favorable to the Turks, seemed probable here today, it was currently reported. Mr. Lloyd George called early this forenoon on Premier Briand, of France, going to the latter's hotel. They had a long conversation before proceeding to Downing Street for a conference with Foreign Minister Sforza of Italy. At this meeting the Italian representative formally ing the Italian representative formally presented to the British premier Italy's reasons for desiring a modification of reasons for desiring a modification of the Sevres treaty.

It is known that a section of the British cabinet supports changes in the treaty which would favor the Turks.

### ISSUES WARNING AGAINST NEW GERMAN PROPAGANDA

Indianapolis, Ind., Feb. 21.—American Legion posts throughout the United States were asked today by the Legion's national headquarters here to watch for a revival of German propaganda.

A bulletin sent out by the national headquarters said the object of the propaganda seemed intended to turn American sentiment against the Allies and to create "a powerful national political machine by the amalgamation of the disloyal elements in the population.

Mass meetings in New York, Philadelphia, Cincinnati, Chicago, Milwaukee, Louisville, Omaha and Cleveland have been planned, the bulletin said, as "one of the first national manifestations" of the propaganda campaign.
