

Western Canada's Favorite Tea

RICH - STRONG - FRAGRANT

Lead Packets, 40c and 50c per pound.

Blue Ribbon Tea is blended to suit conditions right here in the West—not in England or 'way down East, where the water, etc., is so different.

The Expert Blending skilfully combines the Richness and Strength of the choicest selected Indian teas with the Delicacy and Fragrance of the finest Ceylons. The resulting flavor is simply Perfect—nothing less.

The Flavor Never Varies, because Blue Ribbon Tea is always selected from the same plantations—not picked up here there and everywhere, as other teas are.

Blue Ribbon Baking Powder is fast becoming as popular as Blue Ribbon Tea.

Every trial means a new user. Have you tried it yet?
