ROMBERS VS SHEARWATER SATUR

The U. N. B. Red Bombers will tackle their most formidable opposition on Saturday afternoon, the Navy team from Halifax, H.M. Shearwater. The game though an exhibition is expected to bring out the best in the fast-improving Bombers, and although the Halifax squad is still considered the Maritime's top Canadian football aggregation, the U. N. B. team hopes to carve a sizeable niche in their reputation on Saturday.

About a year ago, the Navy asserted their superiority in a very convincing manner with a 38-0 victory on College field, but the fans went away completely satisfied, despite the score, and firm in the nitely had a future here.

TO GESTURE WITH EMOTION

"Oh, spare me that I may recover strength before I go hence and be no more.

RESPONDS

The Rt. Honourable Lord Beaverbrook was responding with emotion to the testimonial address and the gift made him at the Testimonial dinner tendered him on Saturday by the Associatde Alumni of the University. The scene of the epochal attestation was the Fredericton Hotel called after him, and in the presence of alumni including dignitaries, officials and, with few exceptions, representatives of every class of the university since 1893, he thus re-affirmed verbally the great beneficience which has showered from him on this institution

Well above 100 alumni from all parts of the province, and embodying representation from almost every conceivable walk of life attended the banquet to pay tribute The Right Honorable Lord Beaverto the beloved Cchancellor.

Attending the dinner, it was revealed in a report of J. C. Murray, alumni field secretary and master of ceremonies, were, among others, five Supreme Count and county companied by Brigadier M. Points This Week WRITE FROM LIBRARY PAPERS Several momentous announcements came from the first press

interview with the Chancelor, Rt. Hon. Lord Beaverbrook, after his arrival here on Friday. Included was the disclosure that Robert Sherwood, internationally United States playwright and biographer wil undertake a biography of the late Rt. Hon, Lloyd George, and the essay will involve material from papers resting in the University Library. It is also expected that the book will be published by the University of New Brunswick. It will constitute the first publication undertaken by the university and it is understood that the material will come largely from those invaluable papers brought to

NEXT WEEK

The annual Law School Ball will be held on Friday. Nov. 10, this year, word from the law students says.

LAW BALL

The Ball is held in the Admiral Beatty Hotel in Saint John and is open to the students of the University.

However, those in charge of the event in Saint John announce that tickets are going like hot-cakes, and advise that any of those from out-of-town who intend to attend the event get their reservations but quick

The Ball constitutes a major portion of the social activities carried on by the law-student group independently of the student body on the local campus.

Within the last week or two workmen have been busy around the Men's Residence. Perhaps you were perturbed about the great excavation at the front and left of the Lady Beaverbrook's Building. Well, you can stop wondering why this project has been undertaken.

In past years the water which

eral functions and left on Monday handed over to the university by sity Avenue. However, on the other sented also the province, the city for Newcastle. From Newcastle, Richard Law, M.P., son of the late side, the water has been running their proposals.

The project of excavation is for be in translating into action in which he will leave for Jamaica, brother of the late Viscount R. B. the purpose of trying to make the ference.

Proposers of a merger of the International Student Service and the National Federation of Canadian Universities had a warning 'proceed slowly" sign placed in their way by the ISS National Conference at Queen's University today.

By John Scott in The McGill Daily

Reception of the merger idea was cool, although few specific objections to the formation of the proposed organization to represent the Canadian University community were raised. Observers felt most delegates arrived here with little forethought and sparse information on the proposal.

Some 75 delegates and observers from 21 Canadian universities discussed the idea in one two-hour commission session and in a three hour plenary session Saturday, and again today at a final plenary session. Predominant reaction on Saturday when most delegates considered the proposal in terms of their own campus experience, brought charges of "provincialism and nar row thinking"

But at the final session today delegates decided they could not legitimately accept or reject the idea on the basis of their present understanding of the issue. Instead a continuing committee was appointed to investigate the possibilities of amalgamation.
