Ottawa, August 5, 1934.

Dear Mr. Gravel:

I just received your letter of yesterday and have immediately dispatched, special delivery, two letters, one to Mr. Sasseville and one to Mr. Gagnon. I am especially glad that Mr. Belley has asked me to take this step and I am more than pleased that Mr. Fautoux has undertaken a trip to Rimouski to urge Mr. Gagnon to accept. I am writing Mr. Fautoux to Rimouski to thank him specially for this splendid step he has taken on our behalf.

Was sorry not to see you again before leaving Montreal. You have some idea though how one thing happened after another, and how one difficulty after another had to be overcome. I kept putting off my departure train after train until it began to look as if I was going to be a permanent resident of the metropolis. I did make a special effort to get hold of Mr. Lamarre and finally left word for him to call me up but evidently he did not get my message.

Yours very truly,

L.G. Gravel, Esq.,
