My dear Director

The lion seems to  
feed the "fatted sow"  
in preference to the  
"lean and hungry".  
For instance, Judge  
Parker with a salary  
and a whole time job  
gets a commission to  
do work for which I  
am as well fitted,  
and I am not only  
unemployed, but a  
superfluous extra man.
