Sir,

I enclose for your Report in the matter copy of a letter from Mr Burton Witby, relative to Lots claimed by him on Parice Island.

You should state what improvements have been made on the Lots, and whether any, and if so, what steps have been taken with a view to the cancellation of the sales thereof, as it would seem from Mr Witby's letter that something had been done to that end. He has been referred to you as the only channel through which such matters can properly be brought
