THE business of J. M. ROCHE & Co., Ltd., was established six years ago by Mr. Roche, who has had a thorough experience, both in Photography and Photographic-supplies, in New York. His associates in business are skilled in photography, and are therefore able to give assistance to customers in overcoming Kodak troubles. Developing and Printing are in charge of a photographer of many years experience. Charges are extremely moderate — it being the policy of the firm to offer this as an inducement to possible purchasers of Kodaks.

Eastman Films are carried in stock at same prices as in U. S. cities.

You are cordially invited to make an initial visit.
