

**PRACTICAL BUSINESSMEN USE**  
**The Writerpress**  
**BECAUSE IT PRODUCES ACTUAL TYPEWRITTEN WORK IN**  
**CIRCULAR AND FOLLOW-UP LETTERS**

**BECAUSE** it is so simple in construction and easy of operation that ordinary office help with a few minutes instruction will prepare a 30 line letter for printing in less than an hour and will print as fast as 100 typewriters.

The machine has few parts, none complicated. There are no difficult adjustments or confusing movements for the operator. Every part is built to stand heavy and steady work without breaking or becoming disarranged.

Write about it to-day  
 and let us show you why  
 there are

**More than  
 1,000  
 Writerpresses  
 in actual use  
 to-day.**

**A Howling Success**

*"The most perfect office duplicating device ever marketed."*  
 —say its users.

**A Mechanical Wonder**

**Have you seen  
 The WRITERPRESS?**

**Dealers Everywhere**

Above we show a **WRITERPRESS** with which your help can prepare one form, distribute another, print another—all at the same time. This is a valuable asset for Writerpress users when confronted with "rush" work.

**OTHER WRITERPRESS ADVANTAGES ARE—**

In addition to producing form letters, is used in printing order blanks, price lists, card index supplies, or other office forms at one-half the expense charged by the printer.

Any size or style of type, cuts, electros, ruling or linotype composition.

Any number of forms may be held intact, ready for instant future use, 30 seconds only being required to change one form for another on the machine.

Printed sheets are automatically removed, piled and counted.

Each outfit consists of the Writerpress, combination type and operating cabinet, type and accessories. Send your name for samples of work and complete information.
