making extraordinary money in England.
Non-pedigree dairy cows in milk and in
calf are fetching £90 in Cheshire and
Cumberland; £85 in Westmorland; £88
in Darlington; £90 in Lancashire; £70 in
Kent, and £65 in Essex. Feeder bullocks
three years old realize £54 in Norwich,
£48 in Peterborough, £46 in Carlisle,
£49 in Louth, £45 in Darlington, and
£47 in Exeter. Feeder ewes make £6
and lambs £5 10s. in Norwich. Oxford
Down crossed lambs make £5 in Carlisle
and Kent, lambs £4 12s. in Canterbury.
Suckling pigs fetch £3 10s. in Yorkshire,
£4 in Lincolnshire, and £3 in Motts.
Six-months-old feeder pigs generally
range from £7 to £10, and in pig gilts
£18 to £20 apiece. For fat cattle Devon
Hereford and Angus heaves made 13s.
6d. per 8-lb. stone; Down sheep, 2s. 3d.
per lb., and lambs 2s. 6d. per lb. Veal
calves sell at 1s. 11d. per lb. Pork sells
at 28s. to 30s. per 14-lb. stone.

At Doncaster, 272 Thoroughbred racing
yearlings were sold for 275, 180 guineas,
or an average of 1,011 guineas apiece.
Lord Glanely created a sensation by
giving 14,500 guineas for one of the
Sledmere yearlings, to wit, a chestnut
colt by The Tetrarch out of the Blue Tit,
the dam of Blue Dun.

Milk-recorded Shorthorn cattle of non-
pedigree command high prices wherever
they are offered. A herd, the property
of W. Brazil, at Kidmore, End, Reading,
made £8,225 3s. 6d. for 77 cows and
heifers. The top price was 235 guineas
which was paid by Major Montgomery
for white Heather. Milk recording is
comparatively new in Great Britain but
it is being appreciated, and values of
cattle which are guaranteed good per-
formers at the pail are leaping up week by
week.

Gossip.

McPherson's Ayrshires at St. Ann's.

During a trip through the Niagara
Peninsula recently, a representative
of "The Farmer's Advocate" called at
the farm of Wilson McPherson & Sons,
at St. Ann's, Ont., and although it was
just twelve months after the dispersion
of their herd we were pleased to find they
were again getting together a splendid,
but small herd of nicely bred Ayrshires.
In numbers the herd included fifteen
animals only but there was among them
not one, but what would do credit to
the show herds at many of the better
fairs throughout Ontario this year.

The animals are in most cases pretty
much of their own breeding and were
selected here and there from herds which
had been their customers in the past.
The herd sire selected, however, brought
in entirely new breeding being a son of the
good imported bull, Dunlop Corolla,
an Auchenbrain Mayflower bull imported
by Mr. Hunter in 1918. For dam he has
a 10,412-lb. two-year-old daughter of
Milkmaid of Orkney, which in five
consecutive years produced 66,315 lbs.
of milk and 2,526 lbs. of butterfat.
She began her five-year record as a two-
year-old, was twice a silver cup winner
during the time, and made her highest
year's production as a four-year-old
which was 14,883 lbs. This young herd-
sire has production as well as splendid
conformation and all the calves coming
from now on will be got by him. The
only bull calf now on hand, however,
is got by Briery Boy of Springbank,
a bull with a 14,131 lb., two-year-old dam
while the dam of the calf is Midday
which with 13,388 lbs. of milk was the
1918 cup winner in the four-year-old class.
This cow is one of the good ones in the
present herd and she also has a three-year-
old daughter which is now running in
the R. O. P. as a two-year-old and will
finish this fall with around 10,000 lbs.
There are several other heifers now
running in the Record of Performance
all of which will make 8,000 lbs. or better
in their two-year-old form and there is
also one other mature cow which we have
not mentioned who has a splendid R. O. P.
Record of 16,038 lbs. of milk and 650
lbs. of fat. She is the high record
cow on the farm. For a year or so at
least there will be no females offered for
sale and with this practice in force it will
be only a matter of a very few years
before we will expect to see the McPherson
herd once more numbered among
the larger herds of Ontario.
