W. & H. Jones, breeders of Poland-China hogs, Mt. Elgin, Ont., in remitting for their advertising account, write:—"Our stock is doing well. We have received many enquiries from our advertisement and have made good sales, in number quite beyond our expectations."

At a sale of Clydesdales and Shires belonging to the Earl of Durham, May 31st, sixty lots were sold for 2,340 guineas, an average of about \$250 for young and old. A Shire mare and filly foal brought 100 guineas and a Clyde mare 91 guineas. A 4-year-old Shire gelding sold for 150 guineas, and a 3-year-old gelding for 79 guineas.

Mr. F. S. Peer, Mt. Morris, N. Y., writes: "I have lately returned to New York with my twelfth importation of cattle from England and the Channel Islands, consisting of 66 head of Jerseys and Guernseys and 16 head of sheep. The sheep are mostly Lincolns, and a very grand lot they are. The last few years in England, at the Bath and West and Royal Counties Shows, has convinced me that there is no breed of sheep in England that show as much improvement as has the Lincoln in the last 15 years. They have not only the grandest fleeces, but the quality and fineness of the staple is something to be proud of. They are getting them with well-covered heads, and I must say, taking them all in all, they are about my ideal wool and mutton sheep. I enclose you a photo of a ram lamb 13 months old. His wool measures 15 inches, and the quality and luster is the best I ever saw, not only on the shoulders and sides, but down the flanks as well. This ram and 10 ewes were imported for Mr. Percival Roberts, of Philadelphia, and are, I believe, the first Lincolns to be imported to the U. S. directly from England, though there has been a few brought over from Canada. I had the pleasure of selecting these sheep from the celebrated flock of Messrs. Kirkham Bros., Biscathrope House, Lincoln. The ram is a fair sample of the 10 ewes of the same age. The ewes were the pick of 155 hogs (my pick), and I must say I never saw 11 such sheep together. I hope later to send you a photo of the ewes. Some of the ewes were sired by Royal, for which ram Messrs. Kirkham Bros. paid 350 guineas (\$1,785)."

Messrs. Henry Stevens & Sons, Lacona, N. Y., in reporting the sale of a fine herd of twenty-five Holsteins to Messrs. Averill & Gregory, proprietors of the Yates Hotel, Syracuse, N. Y., write: "One of the finest and best bred herds that ever left Brookside are now grazing on the pastures of the Geddies Farm, and supplying butter, cream and milk to the guests of the Yates. The proprietors of this magnificent hotel also run in connection with it the large and beautiful farm known as the Geddies Farm, comprising 500 acres and situated near the city of Syracuse. For some years they have been running a mixed herd of various breeds, and deciding they would keep nothing but thoroughbreds, some months ago they hoisted the 'red flag' and sold all the cattle upon the farm. They were then undecided which breed to purchase, but after making a thorough investigation of the different breeds they decided Holsteins were best suited for their purpose. After careful examination of our herd, which numbered at the time about eighty milk cows, they made their selections, discarding everything except those that tested high in butter-fat. And we think we can safely say a finer, more uniform or better bred herd never left the home of any breeder. Had we the time and you the space we would gladly mention each individual animal, but will only say that this herd is strong in the blood of DeKor 2nd, Netherland Hengerveld, and Pauline Paul. Several of them had made large official butter records. The bull selected to head this herd was a son of Pieterterje Hengerveld's Lady DeKor 2nd, sired by Mutual Friend 3rd's Paul, thus giving him a combination of the blood of the largest producing families ever known. His dam, Pieterterje Hengerveld's Lady DeKor 2nd, won third prize in her class in the late official butter prize contest, and his sire's dam won first prize in the official butter prize contest two years in succession. This bull is not only backed up on both sire and dam's side by the largest official butter records ever yet made, but he is also an exceptionally fine individual."

Before the Roof Leaks

make it water-proof and save it from decay with THE SHERWIN-WILLIAMS CREOSOTE PAINT, the original creosote paint. It will cost less than to let the roof go and repair the leaks. Use it on shingle roofs—any kind of wooden roofs. Creosote prevents decay.

THE SHERWIN-WILLIAMS CREOSOTE PAINTS

is specially made for use on roofs, barns, out-buildings, shops, bridges and fences. It preserves them at the smallest outlay. It costs less than ordinary paints. It is far cheaper than doing without any paint. Be sure it's THE SHERWIN-WILLIAMS CREOSOTE PAINT. The label is your safeguard. Send for color card.
