**SMITH'S
 FALLS,
 ONT.**

FARMER'S ADVOCATE.

Prof. W. L. Amoss, Director of Maryland Farmers' Institutes, and Professor at the Maryland Agricultural College, on returning from a visit to the Ontario Agricultural College at Guelph in 1901, writes to say:

"I shall long entertain pleasant memories of my visit to Guelph. Dr. Mills' institution is, I think, the best of the twelve I have visited in the United States and Canada for educating the farmer's son for the farm. Each member of the Doctor's faculty seems to thoroughly understand his work, and to be doing all in his power for the young men under his charge. The neatness of the place is also very noticeable. I quite agree with the Doctor in keeping before the students a high ideal in farming."

For information as to courses, fees, etc., address:

JAMES MILLS, LL. D., President,
 GUELPH, ONTARIO.

December 1st, 1901.

Courses:

- There is a two-years' general course, for which a diploma is granted.
- There is a four-years' general course, for which a degree is granted—Bachelor of the Science of Agriculture.
- There is a special Dairy Course in January, February and March, open to young men and young women.
- There is a two-weeks' special course of free instruction in Judging Live Stock, beginning January 8th.
- There is a four-weeks' special free course in Poultry, beginning January 10th.

Improvements in 1901:

- The Massey Library and Museum, to cost \$40,000.
- A new Laboratory for teaching and investigation in plants, animals, and soil.
- Accommodation for fifty students more than in 1900.
