

PREPARE FOR SEEDING TIME

SPECIAL GARDEN CULTIVATOR

MAKES GARDEN WORK A PLEASURE

335

One of the handiest tools made for working the soil close to small plants. Furnished complete with plow, cultivator tooth, cultivator sweep and rake. The power being directly applied to the axle, it guides easily, keeps to uniform depth, and requires less power to operate it. Handles can be adjusted up or down. The high wheels greatly aid it in light running. This is a strongly built tool combination, and will greatly please you.

70-225X. Price complete..... **3.35**

A USEFUL TOOL

530

Garden Cultivator, large iron wheel, 24-in. diameter, 1 1/2-in. tire. Three cultivator teeth, two hoes, a right-hand landside plow and wrench. Turn it over, adjust the handles with the thumb nuts, and it is ready as a hoe, or remove the hoes and attach the plow by means of the same ingenious clip, and you have a plow. The operator's weight is all applied at the centre of the large wheel.

70-509X. Price..... **5.30**

UNIVERSAL GARDEN SEEDER

HANDY AND RELIABLE

This seeder is simple, accurate and strong. The seeding device has but three moving parts—a disc, shaft and small star wheel. No cams, no gears, bands or springs as found in old-style machines. They plant any size seed from celery to corn, either in hills properly spaced, or sown in drills in any quantity or depth. Changes can be made quickly. They plant accurately in small quantities as well as any other way, thus saving seed, time and labor in thinning out. We guarantee them, and know they will do your work right, and please you. Note the low price.

VERY SIMPLE IN CONSTRUCTION

The Elastic Cultivator

Made by The Peter Hamilton Co., Ltd., Peterborough, Ont.

On any cultivator when the front and rear teeth are fastened to the same section or tooth frame, the back teeth are bound to cultivate deeper than the front ones, or perhaps the front row of teeth do not enter the ground at all. On THE PETER HAMILTON the sections or tooth frame are divided into rows, and each row of teeth swings or moves independent of the others. What is the result? Even cultivation on every square inch of field and better crops. This is only one of our exclusive good points. See John Deere dealer for additional information.

Sold by John Deere Plow Co., 77 Jarvis St., Toronto, Ont.

more now. They were all bad, and I can't bear to show them; I can write poetry easier and better, Miss Maxwell." "Poetry!" she exclaimed. "Did Miss Dearborn require you to do it?" "Oh, no; I always did it even at the farm. Shall I bring all I have? It isn't much." "Rebecca took the blank-book in which she kept copies of her effusions and left it at Miss Maxwell's door, hoping that she might be asked in and thus obtain a private interview; but a servant answered her ring, and she could only walk away disappointed. A few days afterward she saw the black-covered book on Miss Maxwell's desk and knew that the dreaded moment of criticism had come, so she was not surprised to be asked to remain after class. The room was quiet; the red leaves rustled in the breeze and flew in at the open window, bearing the first compli-
