

Book Steward's Department

The Rev. H. PICKARD, D.D., Book Steward. The Rev. T. W. SMITH, Assistant Book Steward.

All letters relating to the business of either the Book Room or the Wesleyan Newspaper Office, and all remittances of money for the Wesleyan as well as for the Book Room should be addressed to the Book Steward and not to the Editor.

But all Books to be noticed, and all communications and advertisements designed for insertion in the Wesleyan, should be addressed to the Editor and not to the Book Steward.

INSTRUCTIONS AS TO REMITTING MONIES:— 1.—When sending money for subscribers, say whether old or new, and if new, write out their Post Office address plainly.

2.—See that your remittances are duly acknowledged. A delay of one or two weeks may be caused by the lateness of the office. After that insure if they do not appear.

3.—Post Office Orders are always safe, and not very costly. Next to these is the security of registering letters. Money sent otherwise is at the risk of the sender.

REVISION OF "WESLEYAN" LISTS FOR 1880.

We have not yet entered upon the task of revising our Mailing Lists for the now passing year. We have assumed, as we have a legal right to do, that all former subscribers who have not given notice of discontinuance, wished to receive the paper another year; and although the terms of subscription are two dollars a year in advance, and many of the old subscribers have not yet complied with these terms for this year, we have continued to send their papers as usual, and we shall do so for another fortnight. In the meanwhile we hope that every subscriber will see to it that the required payment is made. If in any case a call for the payment has not been made by the preacher on the Circuit, we beg the subscriber not to wait any longer for such a call, but to at once remit the amount directly to the office, either in a registered letter, or a Post Office order, payable to me at the Halifax office.

Early next month the work of revision must be attended to; and although we cannot at once rigidly apply the rule requiring advance payment in every case, we shall have to cease sending the paper to every person from whom payment of a year's subscription has not been received since the 1st of January 1879; and charging every such person for the paper to the close of this month, we must take the most effectual means for securing payment of the amount then due at the earliest possible period. We trust, however, that all concerned—agents and subscribers—all co-operate in rendering this very unpleasant task as light as possible for us.

H. PICKARD, Book Steward. Halifax, Jan. 23rd, 1880.

GATES' Acadian Liniment

IS a well-known vegetable compound, possessing a well concentrated combination of soothing and healing virtues, and has been extensively used throughout Nova Scotia for a number of years, and has proved itself to be one of the best articles in use for internal and external diseases: Inflammations or Pains seated in any part of the body: Diarrhoea; Bites and Stings of Insects; Dysentery; Colds and Coughs; Chilblains; Toothache. For Diphtheria and Sore Throat it has particularly proved itself to be the best article in use, having saved the lives of numbers of children and adults, especially during the past two years when it has been so prevalent. It is equally effective for Quinsy, and for Sick Headache; Sprains; Rheumatism; Pleurisy; Etc.

In Spinal Disease or Affection of the Spine it should be used in connection with the Nerve Ointment. It will cure a Horse's Cough; Bruises; Cuts, and Wounds of every description, on man or beast. Like magic, as well as all ailments for which Liniments are used. This preparation is recommended as a perfectly safe remedy, being entirely free from the opening ingredients so commonly found in popular Liniments which render the patient so liable to take cold, which it invariably do. For internal use as a gargle it should be adulterated with water, and used as directed.

SOMETHING NEW.

The Marvel Copyist

A WONDERFUL INVENTION.

The PAPYROGRAPH and ELECTRIC PEN Superseded.

No Copying Press required—Most Simple Process Invented. Instant Reproduction without Press or Dampening.

Clergymen Enabled to Vastly Multiply their Usefulness.

One to a hundred copies of Church Reports, Pastoral and other Letters, Sunday School Lessons, Prayer-meeting Topics, Circulating Tracts, Drawings, Specifications, Maps, etc., in any more colors if desired, at one operation. This process can be repeated for any number of thousands of copies.

Copies can be made on any kind of Paper without previous preparation, and can also be made on Muslin, Linen, Leather, Silk, Wood, etc.

HOW IT CAN GREATLY SERVE THE PREACHER.

There are scores of ways in which a clergyman will find this invention of the greatest service to him. It is important that the annual report of his labors, or the report of some committee or report of his labors to all members, in five minutes a child can take 100 or more copies from the original writing, each one a perfect facsimile. This saves the labor of a heavy printer's bill, and saves the pastor the cost of a heavy printer's bill. On a pastor's letter to each member, by this process, all letters can be prepared in a few minutes. Also programmes and tickets for meetings, etc., etc.; additional copies of sermons or bulletins of a sermon or newspaper articles which he wishes to write, tracts for distribution through his neighborhood, invitations to attend his services, all can be done quickly and neatly through this wonderful discovery.

The whole method is simplicity itself. We deem this method, after examination and use in our office, as far preferable to either the PAPYROGRAPH or ELECTRIC PEN, or any other of this class of duplicating processes. There is nothing about it to get out of order. The whole process is perfectly clean.

OUR PAPYROGRAPH OFFER WITHDRAWN.

We have been astonished at the simplicity, cheapness and efficiency of this new invention, and as it will accomplish with one-tenth the trouble and one-sixth the expense the work of the Papyrograph, we withdraw our offer, made last month, in favor of this new invention.

ORDER AT ONCE, AS THE PRICE WILL PROBABLY BE ADVANCED.

There is a conflict between rival manufacturers for the patent for the process. This rivalry has run the price down to \$5.00. As soon, however, as the right to the patent will be determined, the successful claimant will most likely advance the price, as he will then hold a monopoly.

BEWARE OF IMITATIONS ALREADY IN THE MARKET.

Directions for Use.

Write the article to be copied on any kind of paper with the prepared ink. Let it dry without blotting.

Place the writing, ink side downward, on the pad, press it lightly with the hand so that all parts touch the pad and let it remain five minutes, then remove carefully and an impression will remain on the pad. Place the paper to be printed on the pad, smooth lightly with the hand and a copy is made. This repeat to the extent of the number of copies desired.

PRICE ONLY \$5.00.

This price includes Ink, Sponge and Pad; every thing necessary for work.
