## Winnipeg Live Stock

### Stockyard Receipts

Receipts for the past week amounted to 637 cattle, 35 calves, 2150 hogs and 391 sheep. For the previous week the numbers were: 2204 cattle, 149 calves, 1836 hogs, and 899 sheep. The receipts for the corresponding week last year amounted to 467 cattle, 2024 hogs and 493 sheep.

**Cattle**  
The season trade has about finished and the expected decline in prices occurred. Fully fifty cents a hundred was clipped off last week's quotations for the higher grades. While the top price for the week was \$6.25, this was in the early part of the week, and for the rest of the time the choice cattle reaching here brought 6 cents at the highest. The receipts were only about 700 head, so the trade was as brisk as could be expected from the quantity. Fortunately most of the cattle sent in were well finished and brought 6 cents or so. There was very little demand for medium sorts, the holiday trade demanding choice stuff. Bunches that would have fetched \$4.50 ten days ago could hardly find purchasers at \$3.50 on Friday. No activity is looked for until after New Year, indeed, very few cattle will be wanted as the packers and butchers are well filled up. It would be unwise to send in anything but well finished stuff during the next week, but there is always a ready sale for good and choice qualities. As an evidence how little wanted cattle are for a spell, some of the commission houses did not send out their regular weekly letter, the only issue they omit all year.

**Hogs**  
More hogs came in last week than the previous one, and for the earlier part choice hogs brought \$8.50. With heavy receipts and the feeling that the season's trade was over, a weakening in prices occurred, first to \$8.25 and later to \$8.00. The roughs, heavies and stags were subject to the usual cuts. Now that local packers are well stocked up, trade will be very dull for a while, and for the sake of prices it is to be hoped the supplies will not be heavy.

**Sheep and Lambs**  
The reduction in quotations extended to the sheep and lamb market, 50 cents a hundred being taken off last week's prices. Choice lambs are worth from \$5.50 to \$6.00, with best killing sheep about \$5.00. The receipts were very light.

## Country Produce

Note.—Quotations are f.o.b. Winnipeg, except those for cream, which are f.o.b. point of shipment.

**Butter**  
The butter market is easier in tone, and the tendency is downward on all lines. Fancy dairy is 24 cents, instead of 25-30; and while No. 1 dairy remains steady at its former price, 27 cents, good round lots are down a cent, from 24 to 23 cents. The lowering is partly explained by the feeling in Eastern and Southern markets that the produce firms have stored up more butter than will be required before the new season begins. It will be impossible to determine how nearly the cold storage stocks will meet the requirements, or whether there will be any considerable surplus, until near the close of the winter. No radical change in butter prices is looked for until then, either higher or lower. Plenty of medium grade butter is coming into Winnipeg, but the best quality is less than the demand.

**Eggs**  
No change has taken place in jobbers' quotations on eggs. The held or packed variety brings 22 cents a dozen, while strictly new laid are worth nearly double that figure, namely, around the forty-cent mark. Large quantities of storage eggs are being imported into Winnipeg from the South. These can be laid down here for 28 or 29 cents, so the country customers who do not collect and ship the eggs when new laid can hardly expect better prices than the ruling rate of 24 cents. For the strictly new-laid an eager market lies open.

**Potatoes**  
Little trade remains in this line. The same figure 35 cents a bushel, holds steady for what sale there is.

**Milk and Cream**  
The holiday activity in other lines had its effect in lessening the shipments of milk from the country. But the temporary decline is not of such proportions as to effect prices. The same schedule will hold for the balance of the year, after which another seasonal advance is expected.

**Live and Dressed Poultry**  
Poultry prices remain level with last week's. Very large quantities have come into the Winnipeg market, more than the Christmas trade demanded. Still the dealers feel that no reduction in quotations is called for, as the holiday demand will not be abated for a couple of weeks yet, and any temporary surplus can easily be kept in storage. Dressed poultry commands the same prices as before. The local produce firm doing perhaps
