 SARNIA :: ONTARIO

Buy Sarnia Fence NOW before the Prices advance. Owing to the raise in the price of wire all styles weighing 11 lbs. or over, and styles 7-26 and 15-50P advance 2 cents per rod, and all lighter fences advance 1 cent per rod. MAIL US YOUR ORDER TODAY. For the coming season we are making a specialty of service. During last season we had considerable difficulty in making deliveries, which was due chiefly to the fact that it was handled through an agency, at the same time all orders having to be shipped from our factory at Sarnia. For the coming season we are putting in a large stock of our product at the head of the lakes, which we are handling ourselves, and in consequence shall be able to ship all orders promptly.

Sarnia Fence is sold direct from factory to farmer, cutting out all agents' commissions, dealers' profits and giving you your fence at first cost. Sarnia Fence is made in what is conceded by the best industrial experts to be the best equipped and the most economical fence factory in America. The enormous amount of material that passes daily through our factory has resulted in a most economical system of handling. We can handle our present large tonnage to a better advantage today than we could our small tonnage three years ago. Sarnia Fence is the best known fence in the Dominion of Canada today, which is due largely to the fact that our fence has lived up to every claim we have made for it. From the first we have used a most rigid system of in-

spection that insures our customers of getting the most perfect fence possible. We buy our wire on the open market of the world and our business is of such a tremendous volume that we are in a position to demand the best. Our wire is galvanized to the highest possible standard, and is all full government gauge No. 9 wire. Stop for one minute and think what price you were compelled to pay for fence before the Sarnia Fence Company came into the field, and in recalling old prices think where they would go if our competitors could get rid of us. For the past four years we, with the support of the farmers, have managed to keep the price of fence down, and with your further assistance we will continue to do so. We want your order whether for one bale or a carload.
