"It Pays to Advertise"

During the past few weeks a play with the above title has been touring the principal towns and cities of Western Canada, playing in the leading theatres. You have often heard the remark, when the success of some person or business concern has been under discussion, that "It pays to advertise." The play with this title brings out in a striking manner, the effect on the average person's mind of reading some advertised statement over and over again. Nine out of ten people after a time will accept the statement as a fact, and will even uphold it by arguments of their own if questioned. Such is the power of the advertised word. The power of advertising to sell goods is the secret of success at the bottom of most of the outstanding commercial enterprises of the day.

The farmer and stock raiser cannot afford to neglect so important a force as advertising in the conduct of his business. The leading stockmen of the country are good advertisers.

Does It Pay To Advertise Hogs?

R. P. Root, Miller, Alta., writes—"I must say that my ad. in The Grain Growers' Guide was the means of selling quite a few pigs, and that it pays to advertise." P. J. Jorgenson, Pandosy, Sask., breeder of Poland China Swine—"I must say I am well satisfied with the results obtained."

John H. Hume, Souris, Man., breeder of Berkshire Hogs—"I may say that the ad. has given splendid satisfaction. I have made some splendid sales thru it and will use your paper again."

THE GUIDE CAN DO THE SAME FOR YOU

Advertising rates are given at the top of this page. Send in your order now, accompanied by the amount for the number of times you wish your ad. to run, and let The Guide demonstrate to you, as it has to hundreds of other farmers, how it can sell.
