

LIVE STOCK MARKETS. TORONTO.

Receipts of live stock at the City Market, as reported by the railways, were 46 carloads, composed of 594 cattle, 268 hogs, 1038 sheep and lambs, with 127 calves.

There were a few good to choice cattle on sale. Trade early in the day was fairly good, as long as the best cattle lasted, but the market closed slow and draggy for the poorer grades, notwithstanding the light receipts.

Exporters—Few exporters were offered, one load, weighing 1300 lbs., being bought by T. Halligan at \$5.40 per cwt. Export bulls are worth from \$4 to \$4.25, with extra quality worth a little more money.

Butchers—George Rowntree, who bought nine carloads for the Harris Abattoir Company, reported prices as follows: Best butchers, of which there were few, sold at \$4.50 to \$4.80; loads of medium, mixed, \$3.75 to \$4.10; cows at \$2.65 to \$3.65.

Stockers and Feeders—Few stockers and feeders were on sale. Stockers, weighing from 500 to 700 lbs., were quoted at \$2.75 to \$3; light feeders, 800 to 900 lbs., at \$3.25 to \$3.75, and slow sale at that.

Milch Cows—There was little change to be quoted in milkers and springers. Prices ranged at from \$30 to \$56 each.

Veal Calves—Prices were quoted steady at \$3 to \$6 per cwt., with an odd prime new milk-fed calf at \$6.50 per cwt.

Sheep and Lambs—Export ewes sold at \$4.25 to \$4.50; bucks and culls at \$3 to \$3.50; yearling ewes for butcher purposes at \$5 to \$5.50 per cwt; lambs sold at \$6.50 to \$7.25 per cwt.

Hogs—The receipts of hogs were light. Mr. Harris quoted the market easy at unchanged quotations, selects selling at \$6.90, and lights and fats at \$6.65 per cwt.

We had a rare visitor in our town last Saturday night in the form of a lady burglar. About midnight and after Mr. Aaron Wenger and family had retired, the dog set up a persistent bark. Mrs. Wenger arose and went to see what was the cause of the disturbance, and found a lady about half way up a ladder she had set up against the roof of the house. Mrs. Wenger asked the nocturnal visitor what she wanted, but got no reply. She then gave the alarm, but when she returned there was nobody to be seen. Some of the neighbors were notified, and made search but no trace of the mysterious person could be found. Plunder seems to be the only reason for the strange and untimely visit.—Aytan Advance.

"Howlers" From School Room.

AMUSING STATEMENTS MADE BY PUPILS AND SOME BY PARENTS.

Dr. Macnamara, British member of Parliament makes a hobby of collecting genuine school-room "howlers." The following is a selection from a variety printed in an article by him in London Opinion:

Inspector—"If I dig right through the earth, where shall I come to?"

Charley (aged seven)—"The devil and all his works."

Inspector—"What was the first thing the little boy Samuel did when he got up in the morning?"

Susan—"Please, sir, carried up a cup of tea to Eli."

Teacher—"Why did David say he'd rather be a doorkeeper in the house of the Lord?"

George William—"Because, if he was a doorkeeper he could walk about outside while the sermon was being preached."

Boy (reading)—"She threw herself into the river. Her husband, horror-stricken, rushed to the bank."

Teacher (cutting in)—"Why did the husband rush to the bank?"

Boy—"Please, sir, to get the insurance money!"

Here is a list of juvenile complaints as described in Parental "Excuse" Notes from time to time:

"Haricot veins"—Varicose veins.

"New Roger" and "Real raw jaw"—Neuralgia.

"Dumb demoniacs"—Double pneumonia.

"Inflammation of the Consols"—Tonsils.

"Information of the eye"—Inflammation, etc.

"Illustrated throat"—Ulcerated throat.

Here are one or two genuine "Parental Notes":

"Dear Miss,—Please excuse my being late she has been out on a herring."

"Dear Madam,—Jane has had to stop home as I have had twins. It shant occur again."

"Dear Sir,—Please excuse Harry. He addent no trousers and es father would dent let him come without any."

On common fences the continuous wire stays are sure to bend and the locks to lose their grip under continual pressure of your horses or cattle. And once they do, the top wire, soon followed by those below, will sag and destroy the efficiency of your fence.

Nothing like that can happen to our Dillon Hinge-Stay Fence. The short, stiff hard steel wire in our hinge-stays cannot bend when the lateral wires are weighted down, owing to their being so short and jointed at each strand wire.

The lateral wires are High-Carbon Hard Steel and coiled to provide for expansion and contraction by heat and cold, and are also crimped at the intersection of the stays and strands to prevent the stays from slipping sideways—therefore no locks are needed.

Buy the Dillon Hinge-Stay Fence. It's "twice as strong." Twice as good an investment. Catalogue free.

In the reorganization of continuation classes in the schools in Ontario the regulations of which have been published, there are to be three grades, the course of study of the highest to be as far as possible that prescribed for the high schools. In a continuation class of three forms the principal must have the qualifications of a high school principal, and the members of the staff must rank as assistant teachers in a high school. The grants are to be on a more liberal scale, and to be distributed so as to put a premium on local effort.

Don't Use Greasy Liniments.—A century ago they were popular. To-day people want something easy to apply, certain in results, and above all a clean liniment. When Nerviline is applied aches and pains disappear as the pores absorb its soothing healing properties. Nerviline penetrates to the core of the pain, eases instantly, and leaves no oily bad smelling memory behind. Good to take in, capital to rub on, and five times more powerful in destroying pain than any oily liniment. Don't fail to get a large 25c bottle.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by R. J. Barton.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means stomach weakness, always. And the Heart and the Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by R. J. Barton.

HOW TO KEEP EGGS FRESH.

Secretary of Agriculture Wilson has kindly made public a recipe, which he assures the housekeepers of the United States, is infallible for keeping eggs fresh all winter, in fact, indefinitely. Make a strong solution of salt and lime, two pounds of lime and one pint of salt to one gallon of water. As many eggs as will be covered by the liquid can be preserved and then the whole must be put into a stone jar, securely fastened, and kept in a cool, but not freezing place.
