Make Unhappy Homes-Their Condition Irritates Both Husband and Children-How Thousands of Mothers Have Been Saved From Nervous Prostration and Made Strong and Well.

A nervous, irritable mother, often on the verge of hysterics, is unfit to care for children; it ruins a child's disposition and reacts upon herself. The trouble between children and their nothers too often is due to the fact that the mother has some female weakness, and she is entirely unfit to bear the strain upon her nerves that governing children involves; it is impossible for her to do anything calmly.

The ills of women act like a firebrand upon the nerves, consequently ninetenths of the nervous prostration, nervous despondency. "the blues," sleeplesness, and nervous irritability, and the nervous riritability of women arise from some derangement of the female organism.

Do you experience fits of depression with restlessness, alternating with extreme irritability? Are your spirits easily affected, so that one minute you feel like crying?

Mrs. Chester Curry, Leader of the Ladies' Symphony Orchestra, 42 Sara-toga St., East Boston, Mass., writes:

Dear Mrs. Pinkham; —
"I suffered a long time with ovarian trouble having intense pains in the back and abdomen and very sick headaches every month. I was tired and nervous all the time and life looked very dreary to me and I had no desire to live until I began to take Lydia E. Pinkham's Vegetable Compound and to get some relief. My recovery was slow but it was sure and I have never regretted the money spent for the Compound as it brought back my good health."

laugh, and the next minute you feel like crying?

Do you feel something like a ball rising in your throat and threatening to choke you; all the senses perverted, morbidly sensitive to light and sound; pain in the ovaries, and especially between the shoulders; bearing down pains; nervous dyspepsia, and almost continually cross and snappy?

If so, your nerves are in a shattered condition, and you are threatened with nervous prostration.

Proof is monumental that nothing in the world is better for nervous prostra-
