### UNIVERSITY NOTES

Fredericton, April 10.—At a meet-  
ing of the Senior Class held at the  
College on Wednesday, it was decided  
to invite His Lordship Bishop Casey  
to preach the Baccalaureate Sermon  
in St. Dunstan's Church. Arrange-  
ments were made for the events of  
Econia Week, Mock Parliament  
adjourned on Saturday night after a  
very stormy session. The House  
opened with the Liberals in power.  
Considerable legislation was enacted,  
including an Act to extend Suffrage  
to Women. During the passage of  
their Bill, the Suffragettes stormed  
the Chamber. When it became law,  
they signified their appreciation by  
voting with the Conservatives on a  
want of confidence motion, and the  
Liberals were put out of power. But  
both members and Suffragettes forgot  
their differences in a very pleasant  
little dance in the Acts Building after  
the adjournment.

Lectures stop for the Easter recess  
on Wednesday, the 12th, and the  
bunch may be expected home on  
Thursday morning's express.

### \$100 REWARD, \$100

The readers of this paper will be  
pleased to learn that there is at least  
one dreaded disease that science has  
been able to cure in all its stages, and  
that is Catarrh. Hall's Catarrh Cure  
is the only positive cure now known  
to the medical fraternity. Catarrh  
being a constitutional disease, requires  
a constitutional treatment. Hall's  
Catarrh Cure is taken internally, act-  
ing directly upon the blood and  
mucous surfaces of the system, there-  
by destroying the foundation of the  
disease, and giving the patient  
strength by building up the con-  
stitution and assisting nature in doing  
its work. The proprietors have so  
much faith in its curative powers  
that they offer ONE HUNDRED  
DOLLARS for any case that it fails to  
cure. Send for list of testimonials.

### THE SENLAC.

It has been said that the steamer  
Senglac, which was put up at auction  
at Dalhousie on the 5th, and with-  
drawn, will be put again on the Gaspe  
route. In Campbellton there is a re-  
port that the Canada, now on that  
route, will be taken off and the Senglac  
put on. Formerly, with keen  
competition, the route was said to be  
unprofitable but with a single boat on  
there are more inducements. As P.  
W. Thomson of Wm. Thomson & Co.,  
the managers of the steamer was out  
of the city the report could not be  
verified.

### CORONATION TOYS

Many Speculators Get Their Money  
Back with Good Interest

If anybody wants to make some  
money, now is his time. There are  
warehouses packed from cellar to roof  
with toys in readiness for the Cor-  
onation, nearly all of them, he it noted  
in passing, of home manufacture. At  
the last Coronation, the Germans  
swamped the market with novelties,  
mementoes, toys, and so forth; but  
this time they have been forestalled.  
Now, if anybody can tell which of the  
toys is certain to "catch on" in June  
—well, need more be said?

Fortunes have been sunk in Cor-  
onation toys; but many speculators will  
get their money back with liberal in-  
terest. Of a certain very popular ar-  
ticle of this kind more than two mil-  
lions have been sold, and the inventor  
—a poor man—of another toy made  
\$140,000 out of it.

Even "latest novelties"—the penny  
articles vended by butter merchants—  
sometimes yield "big money." One of  
the most successful was invented by a  
manufacturer of such things. When  
he conceived the idea he was so sure  
it would "go" that he decided not to  
try it tentatively, but to turn out a  
large quantity before offering one for  
sale. So he kept making it till he had  
a stock of two millions.

He then engaged a few score aliens  
and had them taught, parrot-fashion,  
several phrases of English. As soon  
as they were "letter-perfect" out they  
were sent with absolutely "the latest  
novelty," which proved, as the manu-  
facturer had confidently anticipated,  
an enormous success. Incredible as  
it may seem, it is none the less a fact  
that in ten days considerably more  
than a million were sold.

KING GEORGE  
Signing the oath of office.

### CORONATION CORNERS

Famines There Will Be At the Com-  
ing Crowning.

The bill for the Coronation robes  
of George IV. was \$100,000.

Of this \$58,000 fell to the share of  
the furrier, and we are told that the  
feet of no fewer than 6,500 Astrachan  
lambs were required for the black  
spots on the inside of the robes.

No wonder that every Cor-  
onation has seen a famine in furs, for not  
only Astrachan lamb, but black fox,  
sable, and, above all, ermine, are re-  
quired in immense quantities for the  
robes of those who are privileged to  
attend the Coronation service in  
Westminster Abbey.

For months past agents have been  
busy in Siberia and elsewhere buying  
up ermine, and the price is already  
double the ordinary. One hundred  
and twenty ermine skins are required  
by each peer for his Coronation cape  
and collar.

Judging by the Coronation of the  
late King Edward VII., no other cere-  
monial causes such a boom in trade,  
and lots of things besides furs are  
going to become scarce and expensive  
before June.

In 1862 seats were provided for  
88,250 people in public stands, and  
the stands themselves cost \$260,000.  
Every hotel in London will be full  
from basement to attic, and lodgings  
will be at a premium. Those who  
come late will be lucky if they pay  
less than \$25 a night for a bed.

Houses, too, will be scarce. In the  
year of the last Coronation Lord  
Tweedmouth received \$20,000 rent  
for Brook House just for the season;  
the Misses Koyser refused \$25,000  
for their house in Grosvenor Cres-  
cent, and a house in Chelsea Place  
brought \$75,000 for four months!

To-day motors have largely super-  
seded the horse and carriage, but one  
almost shudders to think what one  
will have to pay for a car during  
Coronation week. Certainly nothing  
will be procurable under \$60 a day,  
and the prices may run far beyond  
this.

Ten years ago there was an abso-  
lute corner in hands. Certain inter-  
ested parties retained all the good  
bands, and people who wanted music  
had to pay a great price.

So, too, with fireworks. The de-  
mand for Coronation rockets was  
simply enormous. All the larger  
towns spent on an average \$4,000  
apiece on fireworks, and the private  
demand was very large. It will be  
remembered that there were hun-  
dreds of Coronation bonfires, and at  
each fifty rockets were sent up.

The bonfires recall the fact that  
tar-barrels were not to be had for  
love or money for some days before  
the last Coronation. They were all  
absorbed by early buyers.

Bisley Team at Coronation.  
The Canadian Bisley team will ar-  
rive in England in time for the Cor-  
onation. Arrangements at the meet-  
ing of the D. R. A. Council will be  
made to give the riflemen a chance  
to see this great ceremony. Since this  
takes place on June 22nd, the team  
will sail about the 19th of that  
month from Montreal. The Bisley  
team starts early in July.

A church choir has gone on  
stage the vicar refuses to let  
it with their hands to the  
music.

## FREE ADVICE TO WOMEN

Women suffering from any form of  
illness are invited to promptly com-  
municate with Mrs. Pinkham at Lynn,  
Mass. All letters are received, opened,  
read and answered by women. A wo-  
man can freely talk of her private ill-  
ness to a woman; thus has been es-  
tablished this confidence between  
Mrs. Pinkham and the women of  
America which has never been broken.

Never has the pub-  
lished a testimonial or used a letter  
without the written consent of the  
writer, and never has the Company  
allowed these confidential letters to  
get out of their possession, as the  
hundreds of thousands of them in  
their files will attest.

Out of the vast volume of experience  
which Mrs. Pinkham has to draw  
from, it is more than possible that she  
has gained the very knowledge needed  
in your case. She asks nothing in re-  
turn except your good will, and her  
advice has helped thousands. Surely  
any woman, rich or poor, should be  
glad to take advantage of this gener-  
ous offer of assistance. Address Mrs.  
Pinkham, care of Lydia E. Pinkham  
Medicine Co., Lynn, Mass.

Every woman ought to have  
Lydia E. Pinkham's 80-page  
Text Book. It is not a book for  
general distribution, as it is too  
expensive. It is free and only  
obtainable by mail. Write for  
it today.

### "BRAVEST MAN IN 1910"

The King received recently at  
Buckingham Palace the bravest man  
in 1910, Frank Fraser, chief engineer  
on the Aberdeen trawler Denside,  
and presented him with the St. John's  
gold medal awarded by the royal  
Humane Society, only one of which is  
given annually.

It was on that night of August 27  
last that Fraser's heroic deed was  
performed. The Denside was fishing  
at the time on the Viking Bank about  
225 miles from Aberdeen, and though  
it was blowing hard with a heavy sea  
running, the captain, decided to shoot  
the trawl.

Unfortunately a deck hand was  
standing on a part of the net, and was  
carried over the side of the vessel.  
Fraser, who was below, rushed up on  
hearing the shouting, and at once  
plunged into the seething water, when  
he discovered that it was his own broth-  
er. It was only after fifteen minutes'  
patient work that both were got safely  
on board again.

Accompanied by Admiral Sir G. D.  
Morant (chairman of the Royal  
Humane Society, General Sir W. T.  
Adair, Mr. A. T. Hawes, and Mr.  
J. H. Blackwood, Fraser arrived at  
Buckingham Palace yesterday morn-  
ing at 11 o'clock, and was at once  
ushered into the presence of the King.  
Admiral Sir G. D. Morant introduced  
him to His Majesty. Afterwards Mr.  
Blackwood read an official account  
of Fraser's brave deed. The King  
then handed the medal.

Despite the peace movement, the  
super-Dreadnaughts still continue to  
splash into the water at the rate of  
several a week.

### AT DEATH'S DOOR FROM KIDNEY DISEASE

SAVED ONLY BY  
"FRUIT-A-TIVES"

CLANBRASSIE, CAN.

"Two years ago, the doctor made  
forty-four calls on me, and then said  
he had done all he could for me. I was  
suffering with intense Kidney Trouble  
and inflammation had set in. Two  
other doctors were consulted and agreed  
that nothing could be done to help me.

On the recommendation of a neighbor,  
I took "Fruit-a-tives" and they cured  
me. To-day, I take "Fruit-a-tives" as  
my only medicine. I am in excellent  
health, and "Fruit-a-tives" is the  
medicine that cured me. I had been  
at Death's Door for many years.

I am glad to be able to give you this  
testimonial. It is a credit to some other  
woman sufferer. I suffered, as I  
believe that I was not alive to-day  
had I not used "Fruit-a-tives".

MRS. P. E. WEBBER.

"Fruit-a-tives"—by its marvellous  
action on the kidneys—completely  
restores these vital organs to their  
normal strength and vigor—and cures  
every trace of Kidney Trouble. "Fruit-  
a-tives" is the only medicine in the  
world made of fruit.

50c. a box; 6 for \$2.50, trial size, 25c.
