### ANNIVERSARY SERVICES

The 1st anniversary services of the New Baptist church, Newcastle were held on Sunday last, St. Patrick's Day, when large congregations assembled both morning and evening. The Rev. Dr. Cousins, pastor, was the preacher. The choir rendered special music with great taste and precision and the Anthem "I Will Extol Thee, by L. Mason" was especially fine and well executed under the able baton of Mrs. Cousins. The pastor took his morning subject, He Thanked God and Took Courage, Acts 28-15th verse. Special mention was made of the very cordial and enthusiastic manner in which all had worked during the year, and that they were truly grateful for the large voluntary offerings made amounting to no less than \$6000, by which they were able to build their beautiful church edifice and school rooms. The pastor urged on all to be as earnest in spiritual matters as they had been in financial ones and then the ensuing year would be filled with blessings for all and upon all. The evening service was of an evangelistic type, and was much enjoyed. Special arrangements had been made in the morning service for the children when the pastor gave a suitable address. Also in the afternoon at 3 o'clock there was a children's rally when many of the scholars took part and Mr. C. C. Hayward the energetic superintendent gave an interesting address. The day will be long remembered as a red-letter day in the history of the church.

### THE OPTIMISM OF THE CONSUMPTIVE

Perhaps there is no disease, whilst often fatal in its outcome, is yet viewed with so much optimism by the patients themselves. It is well that it is so, for all know to what extent one's own feelings, whether cheery or the opposite, influence both mental and physical conditions. "I was certainly impressed with this thought," remarked a newspaper reporter, "in interviewing a patient of the Muskoka Free Hospital for Consumptives. She was a pretty girl of 24, brown hair and dark grey eyes, who had come all the way from Saskatchewan. She said she felt pretty sick when she first arrived at the Hospital, and for two days the nurses had to personally feed her. 'I have been in bed all the time,' she said. 'I have been well cared for while I have been here. I am sure I am going to get well, and feel better now than before I took sick. Everybody seems so happy and bright, and tells me when I get up I am sure to live it. Everything is done to please me and make me happy.' 'One may well wish that so bright a patient should soon be restored to health.
