form a combination which save you much extra labor. Indurated Fiberware tubs are much easier to lift and to move about. They keep the water hot for a much longer space of time, because they do not conduct heaf as metal does. They are easier to keep clean, because they are made in one piece without joint or seam, and the hard, glazed surface is impervious to liquids or odors. And they cost no more. Last longer, too. Eddy's Twin Beaver Washboard has a double rubbing surface of Indurated Fibreware which loosens the dirt quickly and saves
