MRS. L. J. LOVELACE SAYS IT CHANGED HER WHOLE LIFE

People who have suffered until they have become discouraged and out of heart should profit by the experience of Mrs. Lydia J. Lovelace, Market street, Liverpool, Nova Scotia.

"I had rheumatism all my life," she said, "and have spent hundreds of dollars with very little results until I began taking Tanlac. When I began taking the medicine every joint in my body ached and my fingers were so swollen and painful I could not even wring out a dish cloth. My arms were swollen all up in great knots and my feet were so swollen I could not get my shoes on. Even my shoulders and the back of my head pained me and I could not get any rest in bed. I simply had to give up trying to do my house work.

"My whole system was run down and I felt discouraged and depressed, because I saw little chance of ever being any better. I felt such good results from my first bottle of Tanlac that I kept buying bottle after bottle until I have now taken twelve. My rheumatism is gone and my whole life is changed. I eat good, get plenty of good sound sleep and enjoy living. I have told lots of people what Tanlac has done for me and will always praise it." Tanlac is sold by all good druggists

A Very Mild Winter Has Been Predicted

Residents of the Northern woods, long famed for their prophecies with regard to coming weather, are unanimous this fall that all signs point to an unusually mild winter. Bushmen and farmers arriving in North Bay from the north said that the Indian weather prophets of that section are taking their cues from the appearances of the heavens and say that there will be less cold weather this winter than has been experienced in years.

Residents who have observed the Indian predictions in the past believe strongly in their accuracy.

In support of this forecast visiting trappers state definitely that the beavers are dilly-dallying unprecedentedly with the construction of their winter homes. Observers also told the Canadian Press that the chipmunk and squirrels are collecting extremely small stores of food for the coming months.

BONAR LAW A NEW BRUNSWICKER

A British publication has the following:

"Bonar Law, new British Prime Minister, is a Canadian. Everybody says so. Therefore it must be true—only it isn't. He is one of that peculiar and nearly extinct race—a New Brunswicker. Being a New Brunswicker has its responsibilities, and Mr. Law is worthily living up to them. He has succeeded in placing the Conservatives on top, something New Brunswickers have been attempting in this country for many years but without success.

"He is a New Brunswicker. He was born there before that province entered Confederation, and incidentally, his father thoughtlessly took him back to the Old Country just a short time prior to that first Dominion Day in 1867. If this be true he cannot be a Canadian, because he was not born in, nor was he ever in the pre-confederation Canada. He must be a New Brunswicker. There is nothing else for it.

Eases Kitchen Work

To Women Who Do Their Own Work: Suppose you could save six minutes every day in washing pots and pans—two minutes after every meal. In a month, this would amount to a saving of three hours of this disagreeable but necessary work. This saving can be made by using SMP enameled kitchen utensils, as their smooth sanitary surface will not absorb dirt or grease. No scraping, scouring or polishing is needed when you use Diamond or Pearl Ware, Soap, water and a dish towel is all you need. Ask for

SMP or Pearl WARE

Diamond Ware is a three-coated enameled steel, sky blue and white outside with a snowy white lining. Pearl Ware is enameled steel with two coats of pearl grey enamel, inside and out.

If YOU could Visit our Mills—

VISITORS to the Quaker Mills no longer marvel at the exclusive flavour, texture and goodness of all things baked with Quaker Flour. They see for themselves the infinite care with which Canada's finest wheat is treated from the berry to the sack.

They see how thoroughly the grain is selected and cleaned—how gradually and finely it is milled—to produce a perfect flour. They see how Quaker Quality is ever maintained, by constant vigilance and hourly tests in the process of milling—by an actual baking of bread from each day's flour. Quaker Flour must bake up to the Quaker standard before it can leave the Quaker Mill.

They realize why no other flour can equal "Quaker." Try it for your next baking.
