Man Swept Overboard and Drowned.

BANKER NITA M. CONRAD PUTS INTO PORT DAMAGED.

With flag flying at half-mast, the Burin banking schooner Nita M. Conrad, Capt. Rob. Hollett, entered port last evening and reported the loss of one of her crew during a storm in which the vessel got a severe drubbing and sustained damage. The name of the victim is Heber Knight, aged 23 years unmarried, belonging to Garnish, Fortune Bay. He was a dory hand.

En Route to Labrador.

Capt. Bob, who is a cousin of Skipper Tom and Bill Hollett and equally as noted a fish killer as they, spoke regretfully and connected the accident as he told of his trip to the Telegram. Having landed the last of the summer's catch which was taken on the Grand Banks, aggregating 3,500 qtls., the Nita M. Conrad obtained a full squid baiting and left the home port a week ago, bound for the Labrador coast.

Met Heavy Weather.

The vessel made good headway going north, although quite a deal of fog and rain showers were experienced. On Saturday last when off the Fink Islands a black northeast squall sprang up. The storm increased in violence. The wind blew with terrific force, accompanied by mountainous seas and the vessel was badly buffeted. Her foresail was carried away and her deck was constantly swept by the huge seas. One 'comber' was shipped, smashing the galley and doing minor damage about deck and poor Knight lost his life.

Swept Overboard.

The mate and White were engaged "reeving" the mainmast, the vessel was being tossed about roughly and mate Walsh secured himself with rope lashings, but, unfortunately, his assistant did not. The latter was holding on a tackle in one hand for the mate and holding on for his own safety with the other hand. Suddenly a heavy sea boarded the vessel, which gave a lurch, causing Knight to lose his hold and he was carried overboard. Although able to swim, he was instantly buried by the waves. Despite the fury of the elements, however, a dory was launched in an attempt to rescue the drowning man, but the attempt was futile, for as soon as the dory struck the water it was turned turtle. The vessel then bore up for St. John's. The tragic event cast a gloom on board, as deceased was popular and well liked by his fellow shipmates. A particularly sad circumstance in connection with the tragedy is that a brother of the deceased was on deck and witnessed the tragedy, but was powerless to render assistance. The District of Fortune Bay has paid heavily to the toll of the sea this year and the present victim adds another to the list. The Nita M. Conrad will resume the voyage as soon as repairs are effected.

Back From Labrador.

Yesterday's arrivals from the Labrador were: King's Cove—Cecilia and Nettie M. Prince, from Belle Isle with 400 and 450 qtls. of codfish respectively. Wesleyville—Speed, Cold Storage, Elena, Goldfinch and Tulip from Labrador with 500, 550, 150, 300, and 350 qtls. Trinity—Oriental, Star, Mary Kate and Maggie M., with 750, 320, 300 and 120 qtls.

Fishery Report.

Sept. 18th. From T. Hogan, (Carbonear to Western Bay)—There is no bait of any kind and no codfish was caught since last report. The catch to date is 275 qtls.

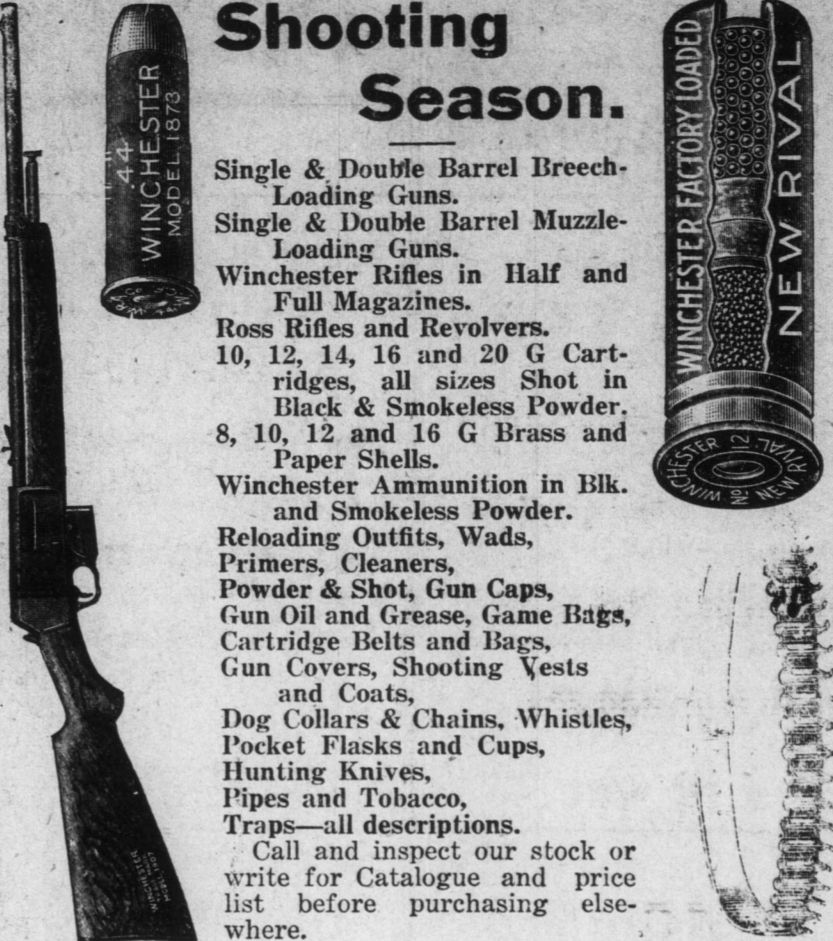

Sept. 18th. From W. R. Andrews, (Great Jarvis Head to Pass Island)—Prospects are fair but bait is scarce though there is plenty squid in Bay d'Espoir. The total catch is 3500 qtls. with 200 for last week and 180 dories and skiffs are fishing. It is now settling up time in this Bay and the catch is not quite so good as last year's.

Sept. 18th. From W. White, (Trouty to Port Rexton)—Sixty boats are still fishing but practically no fish was taken this week. The total catch is 6900 qtls. Nine vessels have returned from the Labrador with 2570 qtls., the Bright Water having 550 not 150 as erroneously reported. The supply of squid is limited and very uncertain and the reports from Labrador are not very encouraging.

Sept. 19th. From T. McCarthy, (Renews to Seal Cove)—The catch to date is 4220 qtls. with 20 for last week. Prospects are poor and operations are hindered by stormy weather. Seven boats, 26 dories and 23 skiffs are fishing.

For either pipe or cigarette this Smoking Mixture is equally good. It is delightfully cool and fragrant to taste, is free from any sting or bite, and is altogether a tobacco that is sure to become first a popular tobacco then a favorite tobacco, and eventually, to the really appreciative smoker, a "regular old friend."
