SATURDAY, July 26, 1919.

COMPETITION.

The raising of the Allied blockade against Germany lets down the trade barriers set up against that country, and permits its manufacturers to get back into the realms of international trade and commerce. Nor have they been slow in their entry into outside markets, though they bitterly complain of the tween the Saints and B.I.S. the pretendeavours of other persons, tiest exhibition of combination for whom they charge are flooding parts of Germany nearest the Elton particularly playing a star French border with foreign game. Taken altogether the closing goods. That, according to Ger- moments of the game reminded oldman ideas, is bad business for time players and spectators general-Germany, because there is competition with home industries. But, according to the German Haywards, Billie Ryan, Tom McNeil theory, it is good business to get and Peter Mars-the redoubtable your own wares into the com- Peter Mars. Play the game, boys, petitive market, and acting upon and revive interest and enthusiasm this principle and without regard to any commercial niceties, or by three goals to one, and the playthe observance of the customary amenities, Germany has early begun upon a new after-the-war trade war. Accepting the old axiom that the end justifies the wards. means. German manufacturers have enlisted the services of ford, and Chancey, Backs; Hammond, French soldiers, who formed part of the army of occupation, to introduce German wares into France at prices which are below the cost of similar articles of French manufacture by three quarters of the production rate of the latter. The object of this is at once plain, it being an attempt to capture the trade with attractive prices, though how yesterday's messages at such French Chamber of Deputies, and the employment of Frenchbut a German would think, perfect so far. Thorough in trade organization was, and presumably will be, the car that is cheap in upkeep, will German motto, and the Made in make no mistake on a Chevrolet." Germany trade mark will ere long be quite as familiar in the marts of the world as it was in the years preceding the war, unless the slogan "No truck nor trade with Germany" becomes
