Development.

PROGRESS OF LEADING INDUS-TRIES. Interesting details concerning the

onditions of trade and industry in Newfoundland have been published in he annual meeting of the A. A. A. shape which could be seen when he the Commercial Intelligence Journal (Ottawa). From these it appears that in 1922 the exports of fish, which are the main feature of the trade of the Dominion, exceeded these sent abroad in 1918 by over half a million quintals, but the monetary return to Newfoundland for fish exports in 1922 was over 101/2 million dollars less than that received in 1918, when the sum realized was more than 35 mil-

The action of the Newfoundland Government in the autumn of 1920 in endeavouring to maintain fish prices on falling world markets entirely failed, and Norwegian fish exporters Man, J. W.
