

LACOMBE TO STETTNER

Another Line of Telephone Decided Upon by Alberta

WORK TO BEGIN EARLY NEXT SEASON

Exchanges Likely to be Put in All Along the New Line

Lacombe, Jan. 7.—For some time W. F. Puffer, M.P.P., recognizing the importance of having the east country in direct communication with the main line, has been urging the government to construct a telephone line east as far as Stettler.

That his efforts have been crowned with success will be seen from the following letter received this week: Sir,—Referring further to your communication of the 22nd December with reference to the possibility of the construction of a telephone line from Lacombe to Stettler, I may say in reply that the minister returning somewhat earlier than anticipated has given the opportunity of going into the matter with him, and he states that we will be prepared to undertake the construction of the line in question next season, but there are some questions of municipal exchange at Lacombe and some of the other towns east that should be considered and any information you can give us dealing upon this question will, in the meantime, all have the effect of facilitating matters. You will understand that it seems preferable for the government to own and operate the trunk line system, the towns, municipalities or villages generally to own their telephone system and exchange business with us.

Your obedient servant,
JOHN STOCKS,
Deputy Minister.

Mr. Puffer was in Edmonton on Wednesday and interviewed the minister, and was given positive assurance that the work would be carried through, having passed in order-in-council. In fact he was authorized to state that the department was now prepared to buy poles delivered at Lacombe, Morningside, or any other station near here.

The government will open long distance exchanges in every town on the east line, and will urge upon all the towns and villages to prepare for a municipal system. The department is arranging for wire and phones for local exchanges, which will be sold at actual cost. The cost will be made known in a short time.

Mr. Puffer is highly pleased with the results of his efforts, and he will

BOYCOTT HAS BEGUN AGAIN

The Chinese Act Upon the Statements Made in Roosevelt's Message

Washington, Jan. 7.—American Consul Bergholtz today cabled from Canton a confirmation of reports of renewal of the anti-American boycott in China. He attributed the trouble to statements by Chinese residents of Oakland, Cal., that President Roosevelt in his annual message to the congress had not mentioned the new treaty with China, which was taken as an indication that nothing was to be done to mitigate the severities of the exclusion law.

Illustrious Millionaires to Give Evidence

New York, Jan. 7.—It was learned today that Jacob H. Schiff, James Stillman, and D. O. Mills, have been subpoenaed to give testimony before the interstate commerce commission when it resumes its investigation of the Harriman railroads here.

E. H. Harriman and William Rockefeller had been previously summoned to testify.

NOTICE OF APPLICATION TO LEGISLATIVE ASSEMBLY

Notice is hereby given that an application will be made to the Legislative Assembly of the Province of Alberta at the next session thereof, for an act to incorporate "The Grand Lodge of Alberta of the Independent Order of Odd Fellows," with the usual powers incidental thereto and with provisions to enable Subordinate Lodges to be also incorporated.

Dated at Calgary, Alberta, this 3th day of January, A. D. 1907.

CALGARY! CALGARY!

The Commercial and Industrial Centre of the Last Great West, 840 miles distant from Winnipeg and 641 miles distant from Vancouver. Without a rival, without a competitor, without a peer. The centre of a vast country, rich in grain and cattle. The distributing basis of immense coal timber and mineral districts.

Calgary has 12 banks, 85 wholesale houses and 25 manufacturing industries. With an educational system which is unequalled. It has 3 fire halls and 3 branch post offices. A street railway is about to be constructed which will serve East, West and South Calgary. This will mean a belt line of about 12 miles in length.

The G. T. P. have declared their intention of reaching Calgary at an early date. The C. N. R. is determined to become established here in the near future. Both companies are fully warranted in putting forth every effort in order to keep pace with the unparalleled development which is taking place in this part of Greater Canada.

Calgary is favorably situated at the foot of the Rockies, with a climate unsurpassed. Watch her grow! Her population in 1890 was 4,000, her population in 1900 was 7500, her population in 1910 will, at a conservative estimate, reach 50,000. Buy Calgary property while you may. It will double and treble itself in price in a short time. It has been the rule in the past and will be the rule in the future. The tremendous influx of immigration compels it. Get in on the ground floor.

The magnificent suburb known as South Calgary, which until recently was under the control of parties in England and which is part of an estate which must be closed up, will now be placed on the market and thrown open to the public. Three thousand lots are now being offered for sale.

Said lots will be sold at prices varying from \$35.00 to \$60.00 per lot, according to location and value. Terms half cash, balance in three and six months, with interest at 8 per cent. Some of these lots are worth \$200.00 each, none less than \$50.00 each. This is the greatest snap ever offered the public. You cannot lose money, you are bound to make money. You cannot help it. It is merely a question of whether you make a profit of 100 per cent. or 800 per cent.

Adjoining this property is the contemplated terminus of Jim Hill's road, which will reach Calgary from Fernie, passing through a splendid coal, timber and mineral district.
