School Improvements.

Trustees Cook (chairman), Ferguson, Tanton, Brady and Craig composed No. 2 Committe of the Board of Education last evening. They decided to call for tenders for 100 cords of No. 1 beech and maple wood as well as a car load of cedar kindling, the same to be delivered as directed by the committee. The same course was adopted for having the necessary glazing done in the several schools, and the purchase of twelve pupils' desks, etc. The chairman was empowered to secure a blackboard for one of the kindergartens and a table for the Maple avenue school. The committee recommended that the services of James Penn, as janitor, be dispensed with. Separate closets will be built in the Colborne street school at once, under the supervision of the committee. The City Council will be asked to provide a sidewalk on the south side of Lorne avenue, between English and Elizabeth streets. A special meeting will be held on Tuesday evening to strike the yearly estimates. Across his chily knee.
