

A GREAT BUSINESS.

The rapidly increasing demand for Dr. Chase's preparations has compelled Edman, Bates & Co. to remove the business from Bradford to Toronto, where they have secured the premises of 45 Lombard street, which are now being overhauled and refitted to meet the requirements. The sales of Chase's Kidney-Liver Pills alone run as high as 3,000 (three thousand) boxes in a single day. Considering that they have heretofore had no advertising, this is a wonderful sale, and stamps their pills with merit.

CHASE'S CHAPTER.

1. Dr. Chase's Kidney-Liver Pills are a combination of valuable medicines in concentrated form as prepared by the eminent physician and author, Dr. A. W. Chase, with a view to not only an unfailing remedy for Kidney and Liver troubles, but also to tone the stomach and purify the blood, at a cost that is within the reach of all. The superior merit of these Pills is established beyond question by the praise of thousands who use them—one Pill a dose, one box 25 cents.

2. When there is a pain or ache in the back the kidneys are speaking of trouble that will never increase unless relieved. We have the reliable statement of L. B. Johnson, Holland Landing, Ont., who says: "I had a constant backache, my back felt cold all the time, appetite, stomach sour and belching, urine scalding, had to get up three or four times during night to urinate."

DR. CHASE'S Kidney-Liver Pills

ONE PILL A DOSE

commenced taking one Kidney-Liver Pill a day; backache stopped in 48 hours; appetite returned and able to enjoy a good meal and a good night's sleep; they cured me."

3. Constipation often exists with Kidney trouble; in such a case there is no medicine that will effect a permanent cure except Chase's combined Kidney-Liver Pills; one 25 cent box will do more good than dollars and dollars worth of any other preparation; this is indorsed by D. Thompson, Holland Landing, Ont.

4. A very common complaint nowadays is acid stomach. This will not trouble anyone if they follow the example of John Auman, Greenville, Ont., who says: "I took your medicine for acid stomach and biliousness; they have no equal for this complaint."

We will give \$500 to any person who is troubled with disease of the Kidneys that Dr. Chase's combined Kidney and Liver Pill will not relieve or cure. A trial will convince the most skeptical.

EDMANSON BATES & CO.,
Toronto, Ont.

KIDNEY-LIVER PILLS.

Millions of lives are annually lost through attention to the Kidneys. Kidney trouble generally begins with a single pain in the back, and gradually develops into that dreaded malady, Bright's Disease. Highly colored urine, giving brick-like deposits, is an alarming symptom. OLD MEN troubled with stricture, impediments,

obstructions, stoppage of water, or a frequent desire to urinate at night, will find Chase's Kidney-Liver Pills a regular blessing. YOUNG MEN with backache, weak back, deposits in urine, and other symptoms of Kidney decay should use K. and L. Pills. They not only remove any symptoms of Kidney disorder. These deadly diseases are easily prevented in their first stages, but if allowed to run on are obstinate and hard to cure.

Examine yourself and see if you have any of the following symptoms. If you have your kidneys are in a dreadful state, weak, impaired, over-worked, and in that peculiar condition that they are liable to be attacked at any moment by that fatal malady, BRIGHT'S DISEASE. Symptoms of backache, a dull, heavy pain in the bladder and base of the abdomen, pains in the back and sides, unusual desire to urinate, scalding urine with passage obstructed, RED or WHITE deposits, tired feelings, weakness, dropsical swellings are sure signs of Kidney trouble.

J. F. Browning, carpenter and joiner, of Kingston, Ont., writes the following testimonial:

GENTLEMEN,—I was troubled with my kidneys for ten years, and was compelled to arise four and five times a night to urinate. The pain in my back was terrible. I have used enough plasters and pills to stock a drug store, and obtained no relief. The doctor pronounced my case hopeless and advised me to go to Toronto Hospital, and I had made up my mind to go when I read your advertisement in the Toronto Evening News, calling your Pill the great K. and L. Pill, which I took the meaning to be the KNIGHTS OF LABOR PILL.

and being myself a member of that Order I had confidence in the name, and I pronounced them the Workingman's Friend, for since taking them regularly, for three months, I can say I am entirely cured, and had I taken them years ago, would have saved hundreds of dollars in doctors' bills. Very truly yours, J. F. BROWNING, Kingston, Ont.

Be inquisitive and ask your neighbors about K. and L. Pills.

Dr. Chase's combined Kidney-Liver Pills are the only 25-cent Kidney-Liver Pills made. They act gently, yet effectually—may be taken during any employment.

They positively cure Kidney Trouble, Bright's Disease, Liver Complaint, Headache, Biliousness, Constipation, and Dyspepsia. Only one pill a dose; 25c a box, or 5 boxes for \$1.

HAVE YOU THE FOLLOWING SYMPTOMS?

Unusual desire to urinate, especially at night; scalding and high-colored urine, not small in quantity. A difficulty to completely empty the bladder when urinating and when through a constant oozing or dropping of water for some time afterwards. Red and white deposits, extreme fatigue, sickle appetite, hot and cold flashes, dead heavy pain in the small of the back when reclining, which disappears when lying on side, weakness, paleness,

feel himself growing, and so every day he is becoming a man; so the victim of the kidney disease progressing—they will be hardly conscious that there is any trouble with them, they may feel a little tired, have headache frequently, variable appetite, nervous, sleepless, have dull pain in the back. The urine may be clear or high-colored, with sediment after standing, but because Kidney Disease has no marked symptom of its own, but produces general symptoms which are often attributed to other or local causes, they don't suspect that they are running down with disease of the kidneys.

There are two Kidneys—one on each side of the backbone, lying partly under the short ribs. They are the only organs that purify the blood of the uric acid waste in the system. Every drop of blood courses through them many times a day, just as through the heart. The waste matter which they should take away contains deadly poisons, which if retained cause fatal results. Sixty-five gallons of blood per hour, in the average man, pass through the kidneys, and to purify it they must be in perfect health. The kidneys are filled with many thousands of little hair-like tubes. These tubes run into every part of the organ, the urine passes into these tubes and is drained into the bladder. If these little tubes are diseased the uric acid is not

removed, and instead of this poison coming through the blood (or the albumen, which is really the life of the blood), comes through these walls and escapes with the urine. In other words, the nerve action is entirely wrong, and instead of taking the poison out of the blood, the life of the blood is taken out and the poison remains. One Kidney-Liver Pill taken weekly will effectually neutralize the formation of Uric Acid in the blood and prevent any tendency to Bright's Disease or Diabetes. Sold by all dealers or by mail on receipt of price, by addressing Edman, Bates & Co., 45 Lombard street, Toronto.

Science has proven that all Kidney diseases arise from an excess of uric acid or kidney acid poison in the blood, and one K. & L. Pill, if taken weekly, neutralizes this acid and prevents any tendency to Bright's Disease or Diabetes.

REMEMBER THIS.

Thousands suffer with backache, kidney and liver disease and constipation, who have not been able to get relief. You can now get permanent relief with Dr. Chase's Kidney-Liver Pills. If you doubt it send 2-cent stamp for postage to Edman, Bates & Co., Toronto, and get a free sample package that will settle all doubt; 25 cents a box.

STORE TALK.

I sell more of Dr. Chase's K. and L. Pills than any other pill in the store; they give wonderful results and I always recommend them.—T. McLeod, Balicer, Ont.

Question.—Are Kidney Disease and Bright's Disease the same?

Answer.—Is your boy a man? No, he will be if he lives. So slight kidney disease if allowed to "grow" is liable to become Bright's Disease. Your boy does not

removed, and instead of this poison coming through the blood (or the albumen, which is really the life of the blood), comes through these walls and escapes with the urine. In other words, the nerve action is entirely wrong, and instead of taking the poison out of the blood, the life of the blood is taken out and the poison remains. One Kidney-Liver Pill taken weekly will effectually neutralize the formation of Uric Acid in the blood and prevent any tendency to Bright's Disease or Diabetes. Sold by all dealers or by mail on receipt of price, by addressing Edman, Bates & Co., 45 Lombard street, Toronto.

The first spring medicine ever offered for 25 cents is Dr. Chase's Kidney-Liver Pills. They are used by old and young, rich and poor, to renovate the system in the spring. One box is sufficient to prove their merits. They don't gripe, nor weaken, but just make you feel glad you took them.

HOME TALK.

T. Dawson, Manager Standard Bank, Bradford, Ont., says Chase's Kidney-Liver Pills are a grand medicine for the kidneys and liver.

Mr. Charles Elliott, the well-known merchant of Bradford, Ont., says: I consider Dr. Chase's Kidney-Liver Pills an invaluable medicine, especially in the spring. In my own case when feeling out of sorts, bilious, etc., one pill seems to put new life into me.

Donald Sutherland, Clerk, Queen's Hotel, Bradford, states: I never took any stock in Patent Medicines, but thought I would try the highly-recommended Dr.

Chase's Kidney-Liver Cure and K. and L. Pills, used two bottles and received from it great results, and can recommend it to all suffering from the same. Yours truly, Alexander Bylie.

LIVER COMPLAINT.

The Liver is subject to more little aches and pains and produces more little feelings than any other organ in the body. If a man or woman is cross, out of sorts, gloomy, despondent and "blue," the chances are that the Liver is out of order. This organ is the sponge of the body, and is continually soaked full of blood rich in poisons. Its purpose is the secretion of certain digestive and cathartic elements known as the Bile, and the transformation of these products of digestion which are absorbed into the blood and carried to the liver before they enter the general circulation and assist in nourishing the body. Inactivity then produces dyspepsia, constipation, piles, sallow complexion, ugly temper, itching skin, sour stomach, headache, nausea—in short, as Dr. Fothergill says, it produces pure "cussedness."

The following are some of the principal symptoms of Liver disorder:

Headache, salivation, gradually increasing constipation, disinclination to exertion, vertigo, dizziness, highly colored urine, a splendid feeling to-day and a depressed one to-morrow, pain under either shoulder and under ribs on the right side, neuralgic pain of chest, heartburn, indigestion, enlargement of side below the ribs, drowsy of the abdomen, dry mouth, brown faddy tongue, occasional chills, hot flushes, moth patches on the face, yellow-

my trouble gone, and I now consider myself well.

Yours truly,
HENRY BONSELL.
P.S.—I spent over \$400 in doctors' medicine before trying your wonderful medicine.

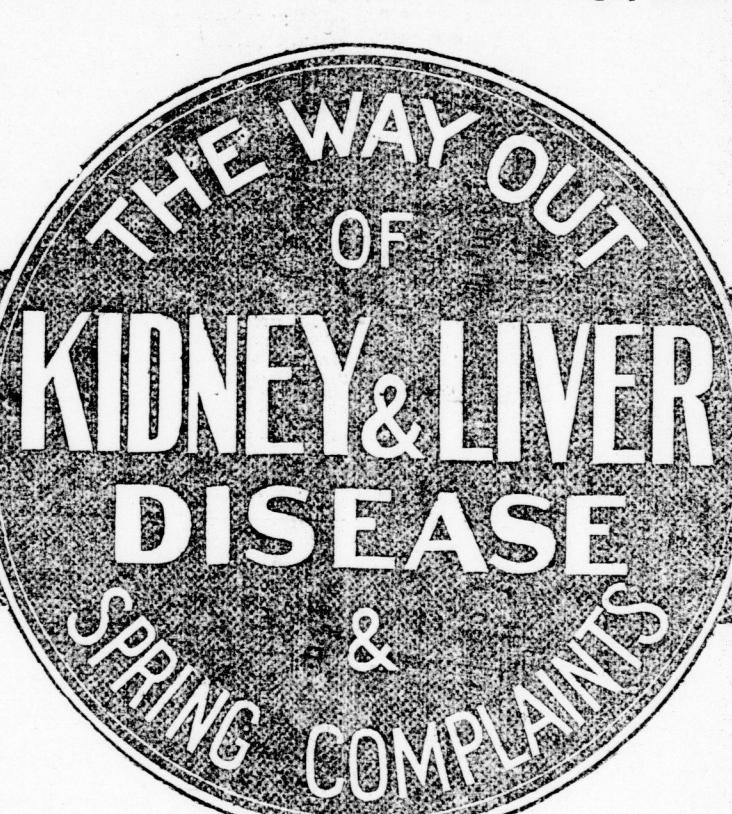

The secret of the success attained by Dr. Chase's Kidney-Liver pills is from their acting directly on the Kidneys and Liver, toning the Stomach and purifying the Blood. People don't buy them because they are only 25 cents a box, but because to everyone who uses them a 25-cent box is worth dollars and dollars worth of any other medicine.

WOMAN'S NEED.

Women suffer unspeakable tortures from muscular weakness, caused by impaired nerves and poor blood. Uric Kidney acid poison, unsuspected, weakens the nerves and poisons the blood. By and by, if the Kidneys do not properly purify the blood then comes prostration, retroversion, etc. Blood 75 per cent pure is not a nourisher—it is a death breeder.

Delicate women need not be told how much they would give to get and stay well. If their blood is free from the poisonous ferments of the Kidneys and Liver, they will never know what "weakness" is. The blood is the source and sustainer of health; it cannot be kept pure and natural. Something is needed to insure a free and natural action of these organs; one 25 cent box of Kidney-Liver Pills will prove to any sufferer they are a boon to women, can be used with perfect confidence by those of delicate constitution.

One Kidney-Liver Pill taken weekly will effectually neutralize the formation of Uric

Acid in the blood and prevents any tendency to Bright's Disease or Diabetes. Sold by all dealers or by mail on receipt of price, by addressing Edman, Bates & Co., 45 Lombard street, Toronto.

Dr. Chase's K. and L. Pills should be taken during the hot months to avoid sickness. They clean out and regulate the kidneys, liver, stomach and bowels, making the weak strong.

\$50 to any one who tries Dr. Chase's Ointment for Itchy Piles—Saying, It will not Cure or Relieve.

KIDNEY FACTS.

In January, 1892, my son was taken with Kidney Disease. Though attended by three physicians, and change of climate, he grew worse, and by 1893 had failed from 195 pounds to 95 pounds. In ten days from starting to use Dr. Chase's Kidney-Liver Pills we were able to move him home. In four months he gained 50 pounds, and was fully restored to health by the use of this medicine. John S. Hastings, 23 St. Paul street, Montreal.

HOW LONG SHALL I SLEEP?

As a rule, children should sleep all they can without the aid of nerve agencies and cradle-rockers. Grown people should sleep all they can between sunset and sunrise. People in health should not require sleep in the daytime. Sleeplessness in the daytime is a sign that the liver or kidneys are out of order, and the best known remedy is Dr. Chase's K. and L. Pills.

with my patients that led me to give the ointment to all suffering mankind.

SALT RHEUM—SCROFULA.

Dr. Chase says: I never had but four cases of skin diseases that baffled my skill, when I was allowed to give time and attention to them. This, of course, does not apply to cases at a distance, that I never saw; it only refers to cases that I attended personally.

Those of my readers who have had ulcers during 30 or 40 years of their life, and who have tried scores of physicians, will doubt my statement; at any rate, will wonder at my success, and inquire the reason for it. In one word, it is this: Strict observation of causes and symptoms, studying the why and wherefore of every phase.

I believe if a few of our most skillful physicians in large cities would examine themselves, and ascertain what particular disease they were by nature and choice adapted to study, and make that disease their specialty, their practice would be attended with the best result. Unfortunately, there is in the profession a prejudice against specialties as savors of quackery, when in reality the ill success of the profession in particular cases is the very cause of quackery.

In the legal profession we find criminal lawyers, commercial lawyers, patent lawyers, and conveyancing lawyers. I see no reason whatever why the profession should not have their specialties, particularly in large cities.

It was the astonishing success at home

ALLISTON PEOPLE TALK.

Was troubled with itchy piles for three years, tried everything manufactured and bought Witch Hazel by the quart. Was advised by James McGarvey, the literary man, to try Dr. Chase's Ointment, but I had tried so much stuff that I was afraid to try anything more, but seeing your advertisement giving a guarantee or no charge, I concluded to give it a trial, so purchased a box from Mr. Higwell, the druggist, and found it to be indeed a wonderful remedy, and advise anyone troubled with disease of that kind to try your Ointment. I also find Dr. Chase's Ointment is invaluable for eczema. Chris. Donnelly, proprietor Windsor Hotel, Alliston.

Orillia, Feb. 10th, 1894.

EDMANSON, BATES & CO.

Gentlemen,—About three or four weeks ago I had an attack of Itching Piles. I tried two or three different remedies recommended by druggists as "the best about the time," etc., etc., but got no relief. About the time I was beginning to despair of finding any relief, when seeing your advertisement I bought a box of your pile cure, which I am pleased to say gave me almost instant relief and permanent cure. I consider your Ointment a godsend.

ALF. J. DEAN.

SCRATCHED FOR YEARS.

Edman, Bates & Co.

Dear Sirs,—I wish to testify to the value of Dr. Chase's Ointment. For years I have been a great sufferer from Itchy Skin trouble and Salt Rheum, my hands and ankles were literally raw and after having used a number of other remedies without benefit I procured a bottle of your ointment, which allayed the itching, burning sensation almost instantly; and before I had used the first box they were healing nicely. I got the second box but was well before I had used half of it. But have used it for chilblains and now truly say it is the very best remedy I ever used. Yours gratefully, Henry A. Parmenter, St. Catharines, Ont.

ITCHING AND PIN WORMS.

No
More
Misery.

OINTMENT

Gives
Instant
Relief.

ITCHING PILES is an exceedingly painful and annoying affliction, found alike in the rich and poor, male and female. The principal symptoms are a severe itching, which is worst at night when the sufferer becomes warm in bed. So terrible is the itching that frequently it is impossible to procure sleep. Often the sufferer unconsciously scratches the parts until they are sore—ulcers and tumors form, excessive moisture is extruded. Females are peculiarly affected from this disease, causing unbearable irritation and trouble. These and every other symptom of Itching Piles or Irritation in any part of the body are immediately allayed and quickly cured by Chase's Ointment. It will instantly stop itching, heal the sores and ulcers, dry up the moisture.

PIN WORMS is an ailment entirely different as to cause than Itching Piles, yet its effects and symptoms are exactly the same. The same intolerable itching; the same creeping, crawling, stinging sensation characterizes both diseases. Chase's Ointment acts like magic. It will at once afford relief from this torment.
