MONTREAL.

Mentreal, Que. May 18.—There has been no improvement in the condition of affairs in export live stock circles since our last, in fact, cable advices received today were worse than ever, noting a further decline in prices for eattle, and they are now about as low if not lower, than ever before in the fistory of the Canadian export trade. At the present figures for cattle abroad and the prices shippers are paying for them, here and in the country, with the rates of freight that are now ruling, they stand to lose over £1 per head, and the prospects for any change in the situation for the better are not encouraging. The demand for cattle here and at Toronto of late has been principally for shipment to France. The receipts of Northwest cattle for the past week were 375 head for Messers. Gordon and Ironside. A train lead of 2,000 head of American sheep is expected in this week from Swift & Co. for export account. The tone of the coean freight market is weaker, and retes have a downward tondency. Space to Liverpool has been let at 25s without insurance, and 49s insured. Pates to London are quoted at 20s to 35s, and Glasgow 40s, insured.

Cleveland for Third Term. Washington, D. C., May 18.-The possibility of his party uniting on Mr. Cleveland for third term attracts increased attention here, and his nomination, despite its exceptional character, is not an impossibility. Reciprocal trade relations with Canada, and the admission into the United States free of duty of that celebrated Canadian product, Putnam's Painless Corn Extractor, on account of its painless action and certainty, would be a plank in his platform. Use Putnam's Corn Extractor. Sure! safe! painless!

Miss Robson's nervous system has completely recovered from the shock, although the sight of blood or

comes her at times. She is a pleasant and companionable young lady, and she finds sympathizers wherever she goes. Her hands are also seamed with scars, and she has lost the use of a small finger and thumb. That she recovered as well as she did was due to her magnificent bodily health, and the very best of surgical treatment.

BAPTIST WOMEN MEET.

The Ontario Home and Foreign Mission ary Societies' Convention-Large Attendance.

Chatham, May 20.-Today at 10 'clock there opened at William Street Baptist Church, this city, one of the most noteworthy conventions which ever gathered here, that of the Baptist Women's Foreign and Home Missionary Society of Ontario. The gathering was one of the largest and most representative of church workers witnessed in the history of mission labor in this Province. Today was devoted to foreign missions.

The president, Mrs. Booker, opened the proceedings with devotional exercises. Mrs. Hatton, of this city, welcomed the delegates, and was replied to for the delegates by Mrs. Bates, of Woodstock. The president's annual address dealt with the condition of the mission work at home and abroad. Greater energy was urged in promoting the home work. The foreign field was being well worked. There was, however, need of more missionaries but the funds would not admit of their being sent.

TRIUMPHANT ENTRY. The Autocrat of Russia and His Wife Enter Moscow in State-Striking Scene.

Moscow, May 21.-The Czar and Czarina made their triumphal entry into this city this afternoon, amid the thunder of batteries of artillery, the clanging of countless bells, and the cheers of a vast multitude of loyal Russians, and equally enthusiastic visitors from all parts of the world. Probably never in the history of nations has there been such an assemblage of people. Possibly the gorgeous scene may never be repeated in its grand entirety. At eleven o'clock, in anticipation of the coming of the Czar, the entire route from Petrovski Palace. about three miles on the road to St. Petersburg to the Kremlin, was so densely packed with people that movement, except on the outskirts of the immense crowds was out of the question. From 7 o'clock in the morning the route to be followed by the procession had been guarded by troops, infantry and cavalry, police on foot, and on horseback, in uniform, and in plain clothes, until the road may be said to have been lined by row after row, thickness after thickness of blood and iron. The weather was delightfully fine, a great relief after the bitterly cold and damp experiences of the past few days. At 2:30 p.m. there was a D. Warren, Chatham; G. H.
